STATEMENT OF REASONS

Analysis of Submissions and statutory requirements

- (1) No submissions have been received objecting to the application
- (2) Council have confirmed there are no issues with an online liquor licence (delivery only) operating in conjunction with an Asian grocery business from operates from a commercial warehouse in Banksmeadow.
- (3) Although initially the incorrect premises address was advertised upon lodgement of the liquor licence application, this has since been rectified with the application being extended within the Liquor and Gaming Submissions Noticeboard to enable stakeholders to forward any submissions.
- (4) I am satisfied that the applicant has been provided with an opportunity to consider and comment upon the conditions contained in the licence document.
- (5) I am satisfied that the statutory advertising requirements have been met.
- (6) Having reviewed all the material, I am satisfied that granting this application for an Online packaged liquor licence- delivery only will not be detrimental to the local or broader community of NSW.

Overall social impact

(1) Positive benefits

The granting of the licence will enable the licensee to offer liquor in conjunction with his online Asian grocery business by taking orders online, by phone, fax or mail order. No sales will be made in person at the licensed premises nor will members of the public be permitted to attend the premises to place or collect their orders. No same day deliveries will be made

(2) Mitigation of potential negative impacts

I am satisfied that the business model, conditions imposed, and any other information contained in the application will provide that the lawful operation of the premises will not be detrimental to the local or broader community. In particular, the Plan of Management and licence conditions will serve to mitigate any potential negative impacts.

TABLE 9: - Reasons for not imposing requested conditions.

A	Do not impose. Already covered by the Liquor Act.
B	Do not impose. Already covered/already a condition in the DA.
C	Do not impose. Not a relevant condition for this licence type. Condition sought is generally only imposed on high-risk licence type or in exceptional circumstances. Exceptional circumstances have not been sufficiently made out by the person putting forward the condition.
D	Do not impose. This condition would be more restrictive than similar venues in Kings Cross which remains subject to the lockout laws in 2020.
E	Do not impose. Small Bars are considered low risk. 2016 Review of Small Bars found Venues with a small bar licence have a lower incidence of alcohol-related violence than venues operating as a small bar under another type of liquor licence. Smaller bars have a lower incidence of alcohol-related violence than other types of licensed venue.
F	Do not impose. Already covered in the Plan of Management. Plan of management condition has been imposed.
G	Do not impose. Not in alignment with the business type, risk associated and would impose disproportionate unnecessary financial and operational burden (small business).
H	Do Not Impose. Being part of a liquor accord is not compulsory / on a voluntary basis only. Exceptional circumstances for imposing condition have been sufficiently made out by the person putting forward to the condition.

I	Do not impose – wording not consistent with ILGA/L&GNSW conditions – ILGA/L&GNSW condition wording has been imposed instead.
