Statement of reasons

Decision

- 1.
2. On 30 April 2018 Mrs Sally-Anne Fielding (“Applicant”) lodged an application (“Application”) to the Independent Liquor and Gaming Authority (“Authority”), through Liquor & Gaming NSW (“L&GNSW”), for a small bar licence (“Licence”). The proposed licensed premises, according to the relevant development consent, is located at 179 Marius Street, Tamworth (“Premises”).
3. The Authority first considered the Application at its meeting on 13 June 2018 and, following receipt and consideration of further information from the Applicant, decided on 21 July 2018 to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
4. The Licence was issued to the Applicant with a preliminary notification of this decision on 26 July 2018.
5. In reaching this decision, the Authority has had regard to the material before it and the legislative requirements under the Act and the Liquor Regulation 2008.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following legislative provisions under the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Section 11A: The mandatory 6 hour period during which liquor cannot be sold.
 - c) Section 12: The standard trading period for licensed premises, including small bars.
 - d) Section 20A: Authorisation conferred by a small bar licence.
 - e) Section 20B: Trading hours for small bars.
 - f) Section 20C: Miscellaneous conditions attached to a small bar licence.
 - g) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - h) Section 45: Criteria for granting a liquor licence.
 - i) Section 48: Requirements in respect of a CIS.
11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity and procedural requirements

13. The Authority is satisfied that:

- a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12, 20B and 40 of the Act, and
- b) the proposed use of the Premises as a small bar satisfies the requirements under sections 20A and 20C of the Act.

Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to section 45 of the Act, the Authority is satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices will be in place from the commencement of licensed trading at the Premises to ensure the responsible serving of alcohol and prevent intoxication, having regard to the Applicant's Plan of Management ("POM") and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force for use of the Premises as a small bar, based on the letter issued by Tamworth Regional Council on 22 December 2017.

Community impact statement

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.

16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Tamworth, and the relevant "broader community" comprises the Local Government Area ("LGA") of Tamworth Regional.

17. The Authority notes that the population formally recorded in the 2016 Census for the suburb of Tamworth is 180, which appears to only account for the Tamworth central business district.

Positive social impacts

18. While there is presently one small bar in Tamworth, the density figure for small bars in Tamworth is more than 500 times the state average. The Authority accepts that the disproportionately high density figure is attributable to the small population recorded for the suburb.

19. The Authority accepts on the information before it that if the Licence is granted, the Premises will operate as a 1920's jazz and blues whisky bar, offering local residents and visitors a unique and intimate environment where liquor can be consumed while they eat, socialise and enjoy the music entertainment provided.

20. The Authority also accepts that Tamworth is a tourist destination, and the small bar business proposed by the Application may contribute to the diversification of the local liquor industry and tourism.

21. On the basis of the above, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the development of the liquor industry and the related tourism industry.

Negative social impacts

22. The relevant BOCSAR data indicates that, for the year to December 2017:

- a) the Premises was located within a high density hotspot for incidents of alcohol related assault, non-domestic assault and malicious damage to property,
- b) the Premises was not located within any hotspot for incidents of domestic violence,

- c) the rates of alcohol related assault (domestic and non-domestic), malicious damage to property and alcohol related offensive conduct in the Tamworth Regional LGA were considerably higher than the NSW state average,
 - d) no comparable crime rates were calculated for Tamworth, which based on information on BOCSAR's website was due to the suburb's population being less than 2000.
23. The HealthStats NSW data available at the time of the Authority's consideration of the Application indicates that the Tamworth Regional LGA recorded a higher than average level of alcohol attributable deaths and a lower than average level of alcohol attributable hospitalisations, in the periods 2012-13 and 2013-15 respectively.
24. The ABS Socio-Economic Indexes for Areas ("SEIFA") data as at 2016 indicates that the Tamworth Regional LGA ranked in mid-range compared to other LGAs, and the suburb of Tamworth ranked among the most disadvantaged suburbs, in NSW on the Index of Relative Socio-economic Advantage and Disadvantage.
25. Having regard to the available information, the Authority considers that:
- a) the Tamworth Regional LGA is experiencing a high level of alcohol related harm in terms of alcohol related offences and health issues,
 - b) the significant socio-economic disadvantages experienced by the small population in Tamworth also raise some concerns about the vulnerability of this community to harm associated with misuse and abuse of liquor, and
 - c) there may be a risk that, if the Licence is granted, liquor sold at the Premises will over time contribute to an increase in alcohol related crime, health and other social and amenity issues in the local and broader communities.
26. The Authority nevertheless accepts that the risk of detrimental overall social impacts associated with the granting of the Licence is sufficiently mitigated by the following:
- a) The Premises will have a relatively low patron capacity of 100, and limited trading hours.
 - b) The Premises' proposed business model as a themed whisky bar and the potential benefits this may bring to the community and local tourism.
 - c) No objection was received from any of the institutional stakeholders consulted, including NSW Police and NSW Health, or any members of the public for the Premises to operate as a small bar.
 - d) The Applicant has consented to all of the licence conditions proposed by NSW Police and L&GNSW, including the maintenance of a CCTV system, ongoing compliance with measures set out in the POM, and the prohibition of shots, to facilitate the responsible service of liquor and prevention of intoxication at the Premises.

Overall social impact

27. Having considered the positive and negative impacts that are likely to flow from approving the Application, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
28. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.
29. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
- (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
- (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,
 a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and
 - (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
- (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
- the views of the local community, and
 - the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
- (2) In this section:
- relevant application** means any of the following:
- an application for a hotel licence, club licence, small bar licence or packaged liquor licence,

 - an application for an extended trading authorisation in relation to a hotel licence, club licence, small bar licence or packaged liquor licence,
 - an application for an extended trading authorisation in relation to an on-premises licence (but only if the authorisation will result in trading at any time between midnight and 5 am),
 - an application for an extended trading authorisation in relation to a producer/wholesaler licence (but only if the authorisation will result in retail trading at any time between midnight and 5 am),

- (3) A relevant application must be accompanied by a community impact statement.
- (3A) However, a small bar application is not required to be accompanied by a community impact statement if:
- development consent is required under the Environmental Planning and Assessment Act 1979 to use the premises to which the application relates as a small bar or to sell liquor during the times to which the application relates, and
 - the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.
- (3B) For the purposes of subsection (3A), a **small bar application** means any of the following:
- an application for a small bar licence,
 - an application for approval to remove a small bar licence to other premises,
 - an application for an extended trading authorisation for a small bar,
 - an application to vary an extended trading authorisation for a small bar.
- (3C) An application (other than an application under clause 39 of Schedule 1) for a small bar licence is not, despite subsection (3), required to be accompanied by a community impact statement if:
- the application relates to the same premises as the premises to which a general bar licence relates, and
 - development consent has been obtained under the Environmental Planning and Assessment Act 1979 to sell liquor during the times to which the application relates and those times are specified in the development consent.
- (3D) Despite subsection (3), an application for a multi-occasion extended trading authorisation (as referred to in section 49B) is not required to be accompanied by a community impact statement if:
- an extended trading authorisation of the kind referred to in section 49 (5) (a) is in force in respect of the licensed premises concerned, or
 - the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:
- be prepared in accordance with the regulations and any requirements of the Authority, and
 - be in the form approved by the Authority.
- (5) The Authority must not grant a licence, authorisation or approval to which a relevant application relates unless the Authority is satisfied, after having regard to:
- the community impact statement provided with the application, and
 - any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),
- that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
- (6) The regulations may make provision for or with respect to the following:

- (a) the requirements that must be satisfied in relation to the preparation of a community impact statement (including consultation requirements),
 - (b) the matters to be addressed by a community impact statement,
 - (c) the information to be provided in a community impact statement,
 - (d) the criteria for determining the local and broader community for the purposes of a relevant application,
 - (e) any other matter relating to the preparation and content of a community impact statement.
- (7) Without limiting subsection (6), the regulations may provide that the matters to be addressed by a community impact statement are, in the case of an application for an extended trading authorisation in relation to a hotel licence, to include matters relating to gambling activities on the licensed premises during the period that the authorisation is proposed to be in force.
