A copy of these documents is to be kept on the premises, and made available for inspection on the request of a police officer, council officer, Liquor and Gaming NSW inspector, or any other person authorised by the Authority.
5. The liquor sales area must be adequately defined from the rest of the supermarket in accordance with the premises plan as approved by the Independent Liquor and Gaming Authority on 16 January 2019 or any premises plan subsequently approved by the Authority.

In the case of any Sunday that falls on 24 December, the 6-hour closure period overrides the statutory provision that would otherwise allow the licence to trade from 8:00 AM. In accordance with the 6-hour closure period for the current licence, the Premises must not trade earlier than 8:30 AM.

Mixed-use checkouts must be closed outside licensed hours

Pursuant to section 103(2) of the Act, any counter or place used to sell or supply liquor under the licence, including any mixed-use checkouts in the liquor sales area, must be closed to the public outside the licensed trading hours.

Approved manager or individual licensee

The licence cannot be exercised unless and until the Authority or Liquor & Gaming NSW has been notified of the appointment of an approved manager to the licence, or the licence has been transferred to an individual licensee.

For and on behalf of the Independent Liquor and Gaming Authority

Statement of reasons

Decision

1. On 10 May 2018, ALDI Foods Pty Limited (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at South Village, 566-594 Princes Highway KIRRAWEE NSW 2232 (“Premises”).
2. The Authority first considered the Application at its meeting on 15 August 2018 and, following the receipt and consideration of further information from the Applicant and other stakeholders, decided on 16 January 2019 to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2008.
4. Pursuant to section 29(1) of the Act, the Licence authorises liquor to be sold in sealed containers at the Premises for consumption away from the Premises.
5. The licence document was issued to the Applicant with a preliminary notification of this decision on 16 January 2019.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following provisions of the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 45: Criteria for granting a liquor licence.
 - f) Section 48: Requirements in respect of a CIS.

11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:

- a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,
- b) if the Licence were to be granted, liquor would be sold and supplied in a separate liquor sales area at the Premises, and in accordance with the authorisation conferred by a packaged liquor licence, as required by sections 29 and 30 of the Act, and
- c) section 31 of the Act does not apply to the Application as the Premises is not intended to operate as is contemplated by the section.

Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force, based on the development consent issued by Sutherland Shire Council on 28 March 2017 in respect of the Premises.

Community impact statement

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.

16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Kirrawee, and the relevant "broader community" comprises the Local Government Area ("LGA") of Sutherland Shire.

Positive social impacts

17. The Authority notes that the density of packaged liquor licences in Kirrawee and the LGA is lower than the NSW state average, and accepts the Applicant's contention that Kirrawee is undergoing development which is expected to result in population growth and an increase in demand for packaged liquor.

18. The Authority notes that the Premises is located in a new retail and commercial development, "South Village", occupying 15,000 square metres. The Authority accepts that the Premises will provide a measure of convenience to customers of the ALDI supermarket who wish to engage in "one stop shopping" by purchasing liquor items together with grocery and other items.

19. The Authority also notes the Applicant's contention that the Premises will offer increased choice to local residents and sell a range of principally ALDI-branded liquor products which are not currently available elsewhere in Kirrawee.

20. Notwithstanding the above, the Authority notes that the proposed benefit of additional liquor access, choice and convenience is somewhat reduced by the small size of the Premises. A small packaged liquor facility is less likely to carry a comprehensive range of liquor products, meaning that customers of the ALDI supermarket might still prefer to shop at an alternative packaged liquor facility.

21. The Authority accepts that ALDI is an experienced operator of many packaged liquor licences, each of which conforms to the business model outlined in the Application.

22. The Authority considers the proposed social benefits above to be somewhat limited by the lack of evident community support for the Application. The only indication of any such support is the fact that no submissions in opposition to the Application were received from the community.
23. Having regard to the information available, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

Negative social impact

24. The Authority notes that, according to BOCSAR Crime Maps for the year to March 2018, the Premises is located near or within low-density hotspots for alcohol-related assault, domestic assault and malicious damage to property.
25. The Authority further notes from the crime data for the year to March 2018 that the rates of alcohol-related domestic and non-domestic assault, malicious damage to property and alcohol-related disorderly conduct (offensive conduct) in Kirrawee and the LGA were significantly lower than the corresponding NSW rates.
26. The Authority notes from the most recent HealthStats NSW data available at the time of its consideration that the LGA recorded a lower than average level of alcohol attributable deaths for the period 2012-13, and a lower than average level of alcohol attributable hospitalisations for the period 2013-15.
27. The Authority has had regard to the ABS data indicating that as at 2016, Kirrawee and the LGA ranked amongst the most advantaged suburbs and Local Government Areas in NSW, on the Index of Relative Socio-economic Advantage and Disadvantage.
28. The Authority has considered the submission received from NSW Police ("Police"), opposing the granting of the Application. Police were concerned that other liquor licence applications are pending or contemplated and, if granted, the cumulative impact would likely result in an increase in alcohol related crime.
29. The Authority has also considered the Applicant's response that the concerns raised in the objecting submission were not substantiated, including that there was only one other packaged liquor application lodged with L&GNSW in Kirrawee. Furthermore, the Applicant submitted that the rates of alcohol related crime in Kirrawee is lower than the NSW average and that the rates in the LGA are also trending down.
30. The Authority considers that the current rates of alcohol related crime are insufficient to justify refusal of the Application and will consider future applications, if made, in light of all relevant circumstances including existing density of packaged liquor licences.
31. Having regard to the information available, the Authority is satisfied that the risk associated with the granting of the Licence will be adequately mitigated by the following:
 - a) The imposition of licence conditions including a condition limiting the Premises to the sale of non-refrigerated liquor only, and the Applicant's adherence to the measures set out in the Applicant's Plan of Management documents.
 - b) The relatively small licensed area, which will help to further reduce any adverse impact its operation may have on the amenity of the community.
 - c) The relatively low level of alcohol-related crime and health issues in the community.
 - d) The Premises' reduced trading hours, closing by 8:30 pm on most days and only trading until 9:00 PM on a Thursday.

Overall social impact

32. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
33. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.
34. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
- (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to 10 pm on that day.

(2) No retail trading on restricted trading days

Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.

(3) Selling liquor by wholesale or to employees

A packaged liquor licence also authorises the licensee:

- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
- (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

(4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:
 - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

service station means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

take-away food shop means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

40 Licence applications

- (1) Licence applications are to be made to the Authority.
- (2) An application for a licence may be made by:
 - (a) an individual, or
 - (b) a corporation, or

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.
