STATEMENT OF REASONS

Our decision

We approve the application under section 45 of the *Liquor Act 2007* (NSW) (the Act).

Overall, we are satisfied that the social impact of approving the application will not be detrimental to the well-being of the local or broader community.

Our findings

Procedural and trading hour requirements

We are satisfied that:

- the application is valid and meets the Act's requirements for procedural fairness and the proposed trading hours for the Premises meet the requirements under sections 11A, 12 and 14 of the Act in respect of trading and 6-hour closure periods
- the Community Impact Statement (CIS) meets the relevant requirements.

'Fit and proper person'

The applicant is a 'fit and proper person' to operate the business to which the proposed licence relates, as law enforcement agencies raised no concerns about their integrity.

Responsible service of alcohol

Procedures for the responsible service of alcohol will be in place at the premises from the start of licensed trading, under the plan of management and the conditions on the licence.

Development consent requirements

The necessary development consent is in force. Sutherland Shire Council approved the development application DA22/0205 for the premises on 16 August 2022.

Community impact

Local and broader communities

The relevant 'local community' is the community in the suburb of Cronulla, and the relevant 'broader community' comprises the Local Government Area of Sutherland Shire.

Diversity and density of licensed outlets

L&GNSW Liquor & Gaming LiveData Report for Cronulla shows:

- there are currently 73 authorised liquor licences including: 3 hotel licences, 4 registered club licences, 60 on-premises licences, 3 small bar licences, and 3 packaged liquor licences.
- the saturation of full hotel licences in Cronulla is higher compared to the Sutherland Shire and lower compared to all of NSW.

Crime data (annual rate per 100,000 residents)

BOCSAR data shows that, in the year to June 2022:

- the premises were located in hotspots for all categories considered by the Authority.
- alcohol-related domestic assault in Cronulla was higher compared to the Sutherland Shire and lower compared to all of NSW.
- alcohol-related non-domestic assault in Cronulla was higher compared to the Sutherland Shire and to all of NSW.
- alcohol-related offensive conduct in Cronulla was higher compared to the Sutherland Shire and to all of NSW.
- malicious damage to property in Cronulla was higher compared to the Sutherland Shire and lower compared to all of NSW.

Alcohol-related health data (per 100,000 residents)

The most recent HealthStats NSW data available show that between 2018/19 – 2019/20:

- alcohol-related deaths in the Sutherland Shire were lower compared to the NSW average.
- alcohol-related hospitalisations in the Sutherland Shire were higher compared to the NSW average.

SEIFA

Cronulla and the Sutherland Shire were ranked as relatively advantaged in terms of household income and residents in skilled occupations, compared to other suburbs and LGAs in NSW, under the ABS Socio-Economic Index for Areas (SEIFA).

Business model

We note that the proposed business model will include the sale of liquor to the public for consumption at the hotel, functions, betting in the form of TAB and KENO, and the future operation of gaming machines on the premises. The hotel will be located within the 'Cronulla Centre', a seven-storey, multi-use development consisting of commercial and retail tenancies which is to be constructed near Cronulla train station.

There will be no live entertainment or takeaway liquor offerings at the hotel.

Proposed benefits

The applicant proposes that there would be these benefits:

- the hotel restaurant and cafes will provide local residents, tourists and workers with a quality food offering in the heart of Cronulla
- the hotel will provide a modern, family-oriented environment
- the hotel will be managed by an experienced team as the applicant is an operator of several hotels across Sydney
- the venue will provide for a responsible contribution to the development of industry and tourism.

Stakeholder submissions

We considered the submissions from:

- NSW Police Force, dated 12 November 2022, noting no objection to the application and advising that the applicant has been in constant communication with Police, implementing suggested improvements to the plan of management to mitigate the risk of any detrimental impact on the local or broader community.
- L&GNSW Compliance, dated 14 December 2022, noting an adverse finding against a former licensee of another FEROS HOTEL GROUP PTY LIMITED venue in relation to provision of free alcoholic beverages to a gaming machine patron. The Compliance Manager recommended that a comprehensive Gaming plan of management be developed to ensure staff are aware of their responsibilities - particularly around inducements to gamble. In addition, imposition a CCTV condition and plan of management condition on this licence are supported.
- Members of the public, with 26 objections and 41 in support. One additional submission was blank (submission #21) and provided no comment. Whilst many of the submissions objecting to the application raise issues that are regulated by council such as increases in noise, lack of parking availability and littering/waste management, we acknowledge the concerns of those making these submissions. Other submissions relate to concerns about an increase in intoxicated patrons close to residential apartment blocks, the location of the hotel facing Monro Park and surrounding alcohol-free zones, and the safety of pedestrians accessing Cronulla train station at night.

We also considered the Applicant's submission in response to these submissions, which notes:

- several operational changes were introduced across all their venues which offer gaming facilities in response to the previous adverse finding against the former licensee of one of their other venues. These changes include: gaming plans of management and gaming incident registers at all venues, prohibition of complimentary liquor in gaming rooms, and training for venue staff to ensure up to date knowledge of requirements
- the liquor plan of management (developed in consultation with several stakeholders including the Police) adequately addresses the concerns raised by the public submissions.

Findings of concern

If the licence is granted, there is a risk that liquor sold at or from the premises would lead to an increase in alcohol-related crime, health, and other social and amenity issues, in the broader community.

Factors that may reduce this risk

We are satisfied that the risk is reduced by:

- the absence of government agency objections
- 41 submissions in support from members of the public
- the lower than average hotel liquor licence density in Cronulla compared to NSW
- the lower rate of alcohol-attributable deaths in the Sutherland Shire compared to NSW
- the indication of an above-average level of socio-economic advantage and disadvantage in both Cronulla and the Sutherland Shire
- the experience of the applicant as an operator of multiple licensed premises with sound compliance records
- the harm minimisation measures outlined in the plan of management and licence conditions set out in Schedule 1.
