STATEMENT OF REASONS

Our decision

We have considered the objects of the *Liquor Act 2007* (the Act) and the relevant legislative provisions and have approved the application under section 45 of the Act.

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Cobbitty. The broader community is the Local Government Area (LGA) of Camden.

Positive social impacts

The applicant seeks approval to operate a small liquor sales area within an ALDI supermarket (under construction) in Oxley Ridge, a master-planned Housing Estate at Cobbitty.

We are satisfied that the proposal would benefit the growing local and broader communities by providing increased supply, convenience and choice.

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of the:

- early opening hours (8 AM) noting that it aligns with the operating hours of the store.

However, we are satisfied that these risks are reduced by the:

- fact that there are no crime hotspots in Cobbitty for all offence categories usually considered by the Authority
- crime rates being low in Cobbitty and the Camden LGA for all offence categories usually considered by the Authority
- low saturation rates of packaged liquor licences in Cobbitty and the Camden LGA compared to NSW rates
- low rates of alcohol-attributable deaths and hospitalisations in the Camden LGA compared to NSW
- indication that an above average level of socio-economic advantage exists in Cobbitty and the Camden LGA in comparison with NSW
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application
- a community impact statement (CIS)
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities
- stakeholder submissions and the applicant's response to them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community.

Yours sincerely
