### Dear Mr Yasserie

Application for	Packaged liquor licence
Date of decision	19 September 2022
Licence name	The Cnr Cellars
Trading hours	Monday to Saturday 10:00 AM – 08:00 PM Sunday 10:00 AM – 04:00 PM
Premises	110 Coonong Road, Gymea Bay NSW 2227

Do	ncision of the Indonendant Liquor & Coming Authority

#### Decision of the Independent Liquor & Gaming Authority Application for a packaged liquor licence – The Cnr Cellars

We **approve** the application under section 45 of the *Liquor Act 2007* - with the conditions set out in Schedule 1. Preliminary advice of this decision was provided on 7 November 2022.

### Trading on a Sunday that falls on 24 December

If a Sunday falls on 24 December, the 6-hour closure period overrides the statutory provision that would otherwise allow the licence to trade from 8:00 AM. Due to the 6-hour closure period for the licence, the premises must not trade earlier than 10:00 AM.

# Statement of reasons

Overall, we are satisfied that the social impact of approving the application will not be detrimental to the well-being of the local or broader community.

# Our findings

### Procedural and trading hour requirements

We are satisfied that:

- the application meets the Act's requirements for procedural fairness and trading period
- the sale of liquor would comply with the licence's authorisation
- sections 30 and 31 of the Act don't apply to this application.

The Community Impact Statement (CIS) meets the relevant requirements.

### 'Fit and proper person'

The applicant is a 'fit and proper person' to operate the business to which the proposed licence relates, as law enforcement agencies raised no concerns about their integrity.

### Responsible service of alcohol

Procedures for the responsible service of alcohol will be in place at the premises from the start of licensed trading, under the plan of management and the conditions on the licence.

#### Development consent requirements

The necessary development consent is in force. Sutherland Shire Council approved the development application DA22/0228 for the premises on 9 August 2022.

#### Community impact

#### Local and broader communities

The relevant 'local community' is the community in the suburb of Gymea Ba, and the relevant 'broader community' comprises the Local Government Area of Sutherland Shire.

#### Diversity and density of licensed outlets

L&GNSW Liquor & Gaming LiveData Report for Gymea Bay shows:

- there are 5 authorised liquor licenses
- saturation of packaged liquor licences in Gymea Bay is lower compared to both the Sutherland Shire LGA and all of NSW.

#### *Crime data (annual rate per 100,000 residents)*

BOCSAR data shows that, in the year to March 2022:

- the premises was located close to hotspots for incidents of alcohol-related domestic assault and malicious damage to property in areas that are likely to be serviced by the licence
- crime rates for all categories considered by the Authority was lower in Gymea Bay compared to both the Sutherland Shire LGA and all of NSW.

#### Alcohol-related health data (per 100,000 residents)

HealthStats NSW data available show that between 2018-2020:

- alcohol-related deaths in the Sutherland Shire LGA were lower compared to the NSW average
- alcohol-related hospitalisations in the Sutherland Shire LGA were higher compared to the NSW average.

#### ABS Socio-Economic Index for Areas (SEIFA)

SEIFA data as at 2016 shows that Gymea Bay and the Sutherland Shire LGA were relatively advantaged in terms of household income and residents in skilled occupations, compared to other suburbs and LGAs in NSW.

#### Business model

We note that the proposed business model involves the retail sale of packaged liquor on the premises for consumption away from the proposed premises.

#### Proposed benefits

The applicant proposes that there would be these benefits:

• boutique and craft liquor products will be made available to the local community with an aim to provide unique and hard to find wines at the request of customers

• this will reduce the need for the local community to depend on the major chain packaged liquor outlets elsewhere in the Sutherland Shire.

#### Stakeholder submissions

We considered the submissions from:

- Sutherland Shire Council, dated 16 August 2022, which does not object to the application but requests that a plan of management condition be imposed on the licence which includes reference to an incident register, crime scene preservation, CCTV and the implementation of an under 21 ID checking policy.
- NSW Police Force, dated 2 May 2022, which notes there is insufficient adverse data to argue that the application will be detrimental to the well-being of the local and broader community. Police also request that the plan of management include measures to address secondary supply.
- eight members of the public, between 16 March 2022 and 8 April 2022, who raise concerns regarding the likely increase to traffic and parking, pedestrians and noise levels, and potential for anti-social behaviour and alcohol-related crime. It is noted that one member of the public was in support of the application.

We also considered the applicant's submission in response, to these submissions, which notes that:

- the requests of NSW Police and the Sutherland Shire Council have been complied with
- there is an assumption that the local community who already frequent the shops will make use of the proposed premises and therefore increased traffic is unlikely.
- the staff and licensee will promote the Responsible Service of Alcohol and ensure that intoxicated customers are not served
- the proposed premises is for a small boutique retail outlet, specialising in unique products for the local community which will not encourage the irresponsible consumption of alcohol
- it is not expected to create a congregation spot or anti-social behaviour fuelled by alcohol given the proposed use.

### Findings of concern

There is a risk that if the licence was granted, liquor sold from the premises will contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities, and in other areas of the State.

However, we are satisfied that the risk is reduced by the:

- relatively small size of the area in which liquor will be sold or supplied
- lower than average liquor licence density in the local and or broader community (or both)
- crime rates in Gymea Bay for offences of concern being lower than comparable NSW averages
- harm minimisation measures outlined in the plan of management and licence conditions set out in Schedule 1
