For and on behalf of the Independent Liquor & Gaming Authority

Statement of reasons

Decision

1. On 19 March 2019, Mr Nick Logozzo (“Applicant”) lodged an application (“Application”) with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor & Gaming Authority (“Authority”).
2. The Application sought to remove a packaged liquor licence numbered LIQP700358688 (“Licence”) from Shop 1, 1 Fourteenth St, Warragamba (“Current Premises”) to Shop 4, 5 Fourteenth St, Warragamba (“Proposed Premises”), to be known as LiquorMaster.
3. The Authority considered the Application and on 26 April 2019 resolved to approve the Application under section 59 of the *Liquor Act 2007* (“Act”). In reaching this decision, the Authority has had regard to the material before it and the legislative requirements under the Act and the Liquor Regulation 2008 (“Regulation”).
4. On 6 May 2019, the Authority issued a preliminary advice letter notifying the Applicant of the approval and the relevant conditions.
5. The Licence, once removed to the Proposed Premises, will authorise the sale and supply of liquor in sealed containers at the Proposed Premises, for consumption away from the premises.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority notes that a previous removal application for the Proposed Premises, lodged in October 2018, was withdrawn by the Applicant due to an error on the Notice of Intention. The Authority considered the submissions received in respect of the withdrawn application when considering the current Application.
8. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
9. In accordance with the Authority’s Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
10. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

11. The Authority has considered the Application in the context of the following legislative provisions under the Act:
 - a. Section 3: Statutory objects of the Act and relevant considerations.
 - b. Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
 - c. Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d. Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e. Section 45: Criteria for granting a liquor licence.
 - f. Section 48: Requirements in respect of a CIS.
 - g. Section 59: Requirements for an application to remove a liquor licence to another premises and the determination of such an application.

12. An extract of these sections is set out in Schedule 2.

Key findings

13. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

14. The Authority is satisfied on the material before it that:

- a) the Application has been validly made and meets the procedural requirements under sections 40 and 59 of the Act,
- b) the proposed trading hours for the Proposed Premises meet the requirements under sections 11A, 12 and 29 of the Act in respect of trading and 6-hour closure periods,
- c) if the Application were to be granted, liquor would be sold in accordance with the authorisation conferred by the Licence as required by section 29 of the Act, and
- d) sections 30 and 31 of the Act do not apply to the Application, as the Proposed Premises is not intended to be used for any of the purposes specified in the sections.

Fit and proper person, responsible service of alcohol, and development consent

15. Pursuant to sections 45 and 59 of the Act, the Authority accepts on the material provided by the Applicant that, if the Application were to be approved, practices will be in place from the commencement of licensed trading at the Proposed Premises, and will remain in place, to ensure the responsible serving of alcohol.

16. The Authority is also satisfied that, for the purposes of section 45 of the Act:

- a) the Applicant is a fit and proper person to carry on the business to which the Licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies, and
- b) the requisite development consent is in force, noting the Notice of Determination of Development Application 010.2018.00000274.001 issued by Wollondilly Shire Council on 5 July 2018, in respect of the Proposed Premises.

Community impact statement

17. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Proposed Premises on the local and broader communities.

18. For the purpose of this decision and consistent with its position in Guideline 6, the Authority is satisfied that:

- a. the relevant "local community" is the community within the suburb of Warragamba, and
- b. the relevant "broader community" refers to the community within the Local Government Area ("LGA") of Warragamba.

Positive social impacts

19. The Authority notes the Applicant's contention that the Licence has been an intrinsic amenity to the small local community of Warragamba since 1970, when the Licence was granted. The Authority considers this claim to be supported by the fact that the Licence is the only packaged liquor licence in Warragamba, and provides some reasonable public benefit by way of increased convenience for members of the local community, who are able to purchase liquor locally without requiring special trips further afield.

20. The Authority notes the Applicant's contention that the removal of the Licence a short distance of approximately 35 metres is intended to provide a more spacious and modern facility to better meet the needs and expectations of the local community.

21. The Authority further notes the Applicant's contention that the new custom designed liquor store, which is approximately a third larger in scale than the Current Premises, will offer an increased range of products and a safer facility with improved lighting and security features.
22. The Authority has considered the submissions in support of the Application from a Councillor of Wollondilly Shire Council and three local community groups. The Councillor stated that "...Mr Logozzo is an active and respected member of the community..." Warragamba Silverdale Neighbourhood Centre Inc. noted the Applicant's "community spirit and unquestioning dedication to the development and growth of both our community and its residents", and Warragamba Business Association noted the Applicant's efforts to "invigorate the village and local businesses."
23. The Authority notes that submissions have also been received from NSW Police, Wollondilly Shire Council, and Roads & Maritime Services, none of which raised any objections to the Application.
24. Having regard to the benefits noted above, Authority is satisfied that the approval of the Application would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

Negative social impact

25. The BOCSAR data before the Authority at the time of its decision indicates that, for the year to December 2018:
 - a) the Proposed Premises was not located within hotspots for incidents of alcohol-related assault, domestic and non-domestic assault, or malicious damage to property offences; however, that there was a small hotspot for incidents of domestic assault within Warragamba, in an area which is likely to be serviced by the Licence;
 - b) the rate of incidents of alcohol-related domestic assault in Wollondilly LGA was higher than the NSW average;
 - c) the rate of incidents of alcohol-related non-domestic assault, malicious damage to property, and alcohol-related offensive conduct in Wollondilly LGA were significantly lower than the NSW average;
 - d) incidents of malicious damage to property were down 31% in the two years to December 2018; and
 - e) the rates were not calculated for Warragamba due to the low population count, however the Authority notes that there were no incidents of alcohol-related non-domestic assault and alcohol-related disorderly conduct, one incident of alcohol-related domestic assault, and seven incidents of malicious damage to property.
26. The HealthStats NSW data available at the time of the Authority's decision indicates that the Wollondilly LGA recorded a higher than average level of alcohol attributable deaths for the period 2015-16, and a lower than average level of alcohol attributable hospitalisations for the period 2015-17.
27. The ABS Socio-Economic Index for Areas ("SEIFA") data as at 2016 indicates that Warragamba ranked in the bottom 20 percent of suburbs in NSW, while the Wollondilly LGA ranked in the top 20 percent of LGAs in NSW, on the Index of Relative Socio-economic Advantage and Disadvantage.
28. The Authority considers the statistics above to raise some concerns about the prevailing level of alcohol-related harm experienced in the local and broader communities. The Authority is nevertheless satisfied that the risk associated with granting the Application will be adequately mitigated by the following:
 - a. the removal of the Licence a short distance of approximately 35 metres will not increase the density of packaged liquor licences in the local or broader community;

- b. the approved trading hours at the Proposed Premises are fewer than those that apply to the Current Premises;
- c. the Applicant's experience in managing licensed premises;
- d. the Licence has been operating at the Current Premises for close to 50 years, with no identified adverse impacts;
- e. the conditions to be imposed on the Licence requiring the implementation of certain harm minimisation measures, including the operation of a CCTV system and ongoing compliance with measures set out in the Applicant's plan of management documents.

Overall social impact

29. Having considered the positive and negative social impacts that are likely to flow from the removal of the Licence, the Authority is satisfied that the overall social impact of approving the Application would not be detrimental to the well-being of the local and broader communities.
30. The Authority is also satisfied that the other legislative criteria for the granting of the Application have been met.
31. Accordingly, the Authority has decided to grant the removal of the Licence from the Current Premises to the Proposed Premises.

Philip Crawford
Chairperson

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:

 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:

 - (b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.
- (3B) For the purposes of subsection (3A), a **small bar application** means any of the following:

- (3) An application for approval to remove a licence to other premises is to be dealt with and determined by the Authority as if it were an application for the granting of a licence in respect of those other premises. Accordingly, the provisions of Division 1, in particular, extend to an application for the removal of a licence to other premises as if it were an application for a licence.
- (4) The Authority may refuse an application for approval to remove a hotel licence if the Authority is satisfied that the removal of the licence would adversely affect the interest of the owner or a lessee or mortgagee of the premises from which it is proposed to remove the hotel licence, or a sublessee from a lessee or sublessee of those premises.
- (5) The Authority must refuse an application for approval to remove a licence unless the Authority is satisfied that:

 - (b) those practices will remain in place.
- (6) The regulations may provide additional mandatory or discretionary grounds for refusing to approve the removal of a licence.
- (7) The approval to remove a licence to other premises takes effect:
 - (a) on payment to the Secretary of the fee prescribed by the regulations, and
