Statement of reasons

Decision

1. On 27 June 2019, Banaras Hospitality Pty Ltd (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor & Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at Shop 2, 14-18 Douglas Road, Quakers Hill (“Premises”).
2. The Authority considered the Application at its meeting on 16 October 2019 and decided to approve it under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. Pursuant to section 29(1) of the Act, the Licence authorises liquor to be sold in sealed containers at the Premises for consumption away from the Premises.
5. The licence document was issued to the Applicant with a preliminary notification of this decision on 1 November 2019.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following provisions of the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 45: Criteria for granting a liquor licence.
 - f) Section 48: Requirements in respect of a CIS.
11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:
 - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12, 29 and 40 of the Act,

- b) if the Licence were to be granted, liquor would be sold in accordance with the authorisation conferred by a packaged liquor licence, as required by section 29 of the Act, and
- c) sections 30 and 31 of the Act does not apply to the Application as the Premises is not intended to operate as is contemplated by the section.

Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to section 45 of the Act, the Authority is also satisfied that:
- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
 - b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
 - c) the requisite development consent is in force, based on Complying Development Certificate No. 190347 issued by Greenfield Certifiers on 28 August 2019 in respect of the Premises.

Community impact statement

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.
16. For the purposes of this decision and consistent with the Authority's *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Quakers Hill, and the relevant "broader community" comprises the Local Government Area ("LGA") of Blacktown.

Positive social impacts

17. The Authority notes that the Premises is located in the small commercial hub near Quakers Hill train station. The Authority considers that the Premises will provide convenience shopping for shoppers of the nearby supermarkets, commuters, patrons of the nearby restaurants and local residents.
18. The Authority notes that both Quakers Hill suburb and Blacktown LGA have a lower density of all liquor licence types compared to the state average, and considers that the Premises will provide the community with increased access to packaged liquor and additional product choice.
19. The Authority has had regard to the Applicant's contention that the Premises will be independently owned and operated, fitted out to a high standard, and that liquor products will be tailored to best meet the needs of the local community.
20. Accordingly, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

Negative social impact

21. The Authority notes that, according to BOCSAR Crime Maps for the year to June 2019, the Premises was located within a low-medium density hotspot for domestic assault and on the border of a low density hotspot for malicious damage to property. Further, the Authority notes that there were two large high-density hotspots for domestic assault in close proximity to the Premises, in areas that are likely to be serviced by the Licence.
22. The Authority notes, however, that the concerns that such mapping raises are somewhat alleviated by the rates of alcohol-related domestic and non-domestic assault, malicious

damage to property and alcohol-related offensive conduct for Quakers Hill for that period, which were significantly lower than the NSW average.

23. The Authority notes that in the year to June 2019, the rates of alcohol-related domestic assault and malicious damage to property in Blacktown LGA were higher than the corresponding NSW rates.
24. The Authority notes from the most recent HealthStats NSW data available at the time of its consideration that the LGA recorded a level of alcohol attributable hospitalisations that was lower than the NSW average for the period 2016-18, and a level of alcohol attributable deaths that was higher than the NSW average for the period 2015-16.
25. The Authority has had regard to the ABS data indicating that as at 2016, Quakers Hill and Blacktown LGA were relatively advantaged when compared to other suburbs and LGAs in NSW on the Index of Relative Socio-economic Advantage and Disadvantage.
26. Accordingly, the Authority considers that there are no immediate concerns regarding socio-economic disadvantage in the broader community which may increase vulnerability to alcohol-related harms.
27. The Authority has had regard to the submission from NSW Police which objects to the Application and raises concerns regarding:
 - a) the close proximity of the Premises to another packaged liquor outlet, Quakers Hill Inn;
 - b) sufficient availability of packaged liquor in the local and broader community;
 - c) the presence of hotspots for domestic violence, drink driving and assaults in the local community;
 - d) theft within retail stores, particularly in bottle shops, which has been increasing within the Quakers Hill Local Area Command.
28. The Authority has had regard to the Applicant's submission in response, which included relevant BOCSAR data which demonstrates that offences of theft, theft from a retail store, and theft from a retail store that comprises licensed premises are significantly lower in Quakers Hill compared to the state average.
29. Further, the Authority notes that the Applicant will implement various measures to minimise the potential for theft, including joining the local Liquor Accord and consulting with police in order to obtain feedback and recommendations.
30. The Authority notes that NSW Police recommend the imposition of a licence condition requiring all staff to complete responsible service of alcohol training and have a valid RSA competency card. The Authority notes, however, that this is a legislative requirement, and considers it unnecessary to impose a licence condition to that effect.
31. The Authority has had regard to the objection from a local resident, who submits that there is sufficient availability of packaged liquor outlets in the local and broader communities, and notes that the Premises is situated in close proximity to a mosque.
32. The Authority has had regard to the Applicant's submission in response which notes that the Premises is situated wholly within a commercial building, and that the operations of the Premises, which is situated some 240 metres from the mosque, is unlikely to directly impact the operations of the mosque.
33. The Authority notes that a one-line submission was received from a local medical centre, objecting to the Application. The Authority notes, however, that the submitter provided no reasoning or evidence for their objection, simply stating that they are "not in favour" of the liquor store.

34. The Authority notes that submissions were also received from Blacktown City Council, L&GNSW Compliance, NSW Roads & Maritime Services and NSW Aboriginal Affairs, none of which raised any objections to the Application.
35. The Authority notes that NSW Roads & Maritime Services proposed measures to help prevent and decrease the likelihood of alcohol involvement in road crashes, which the Applicant has taken into consideration and will implement as appropriate.
36. Whilst the information before the Authority gives rise to some concerns, the Authority is nevertheless satisfied that the risk associated with the granting of the Licence will be adequately mitigated by the following:
- a) the relatively small size of the Premises, which at 93m² is on the smaller side of the scale for stand-alone packaged liquor outlets;
 - b) the fact that objective BOCSAR data indicates that the rates of alcohol-related crime in Quakers Hill are lower than the corresponding NSW rates;
 - c) the operation of a CCTV system at the premises, which can be considered a deterrent to theft;
 - d) the imposition of a range of licence conditions and adherence to a Plan of Management to facilitate the responsible sale of liquor at the Premises.

Overall social impact

37. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
38. As all legislative criteria have been met, the Authority has decided to grant the Licence under section 45 of the Act.

 - (c) if a hotel licence, club licence, on-premises licence or producer/wholesaler licence authorises the licensee to sell liquor for consumption away from the licensed premises—any part of the licensed premises to the extent that it is used for that purpose.
- (2) Any regulation that prescribes a shorter period for the purposes of subsection (1) may:
- (a) apply to a specified class of licensed premises, and
 - (b) apply in relation to a specified day or days, and

- (3) Without limiting subsection (2) (a), a class of licensed premises may be specified by reference to licensed premises that are located in a particular area (however described).

29 Authorisation conferred by packaged liquor licence

(1) Retail sales

A packaged liquor licence authorises the licensee to sell liquor by retail in sealed containers on the licensed premises, for consumption away from the licensed premises only:

- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
- (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to 10 pm on that day.

(2) No retail trading on restricted trading days

Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.

(3) Selling liquor by wholesale or to employees

A packaged liquor licence also authorises the licensee:

- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
- (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

(4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:
 - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

service station means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

take-away food shop means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

 - (c) in the case of a club licence—a club (or a person on behalf of a club) that meets the requirements specified in section 10 (1) of the Registered Clubs Act 1976.
- (3) An application for a licence may not be made by:
 - (a) an individual who is under the age of 18 years, or
 - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or
 - (c) an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

Note. Controlled members are prohibited from applying for licences—see section 27 of the Crimes (Criminal Organisations Control) Act 2012.

- (4) An application for a licence must:
 - (a) be in the form and manner approved by the Authority, and
 - (b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
 - (c) be advertised in accordance with the regulations, and
 - (d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
