Analysis of stakeholder submissions

1. NSW Police Force:

Police initially objected to the application on the basis that another liquor licence already covered the proposed premises (LIQP770017622 New World Wines), and that the initial liquor plan of management provided in support of the application did not adequately cover same day delivery requirements.

These concerns were allayed by the cancellation of LIQP770017622 and through the development of a compliant liquor plan of management addressing the full range of same day delivery legislative requirements and incorporating other harm minimisation measures.

2. Local consent authority:

Council raised no objections regarding the packaged liquor licence (delivery only).

3. Members of the public:

No public submissions were received during the community consultation period.

OVERALL SOCIAL IMPACT

1. Positive benefits

The granting of the licence will provide customers in the suburb of Tweed Heads and the wider community of NSW with the ability to order alcohol and related keg refrigeration and dispenser systems from their home or place of business. The business will provide convenient access to liquor by taking orders online, by phone, fax or mail order.

No sales will be made in person, no tastings will be conducted at the licensed premises, members of the public will not be permitted to attend the premises to place or collect their orders and no advertising or promotional material relating to alcohol is to be displayed outside the licensed premises.

2. Mitigation of potential negative impacts

I am satisfied that the business model, liquor plan of management, conditions imposed, and any other information contained in the application will provide that the lawful operation of the premises will not be detrimental to the local or broader community.

CONCLUSION

1. I am satisfied that procedural fairness was afforded to the applicant and interested parties regarding the decision whether to grant the application. All of those required to be notified of the application were provided with the opportunity to make written submissions in line with sections 44 and 48(4) of the *Liquor Act 2007* (Act) and clause 30 of the Liquor Regulation 2018. 4. Consistent with section 45(3)(c) of the Act requiring development consent from the local council, I am satisfied that the required development consent or approval is in force.
5. In making this decision under delegation from of the Authority, all statutory objects and considerations prescribed by section 3 of the Act were considered and, accordingly, I have determined to grant the liquor licence application with conditions.
