STATEMENT OF REASONS

ANALYSIS OF APPLICATION REQUIREMENTS

CONCLUSION

All of those required to be notified of the application were provided with the opportunity to make written submissions and all submissions received were considered and helped inform this decision. The decision was made by the delegate having reviewed the application statement, business model and risk analysis, stakeholder submissions and other relevant material.
2. In accordance with section 45(3)(a) of the Act I am satisfied that the proposed licensee is a fit and proper person to carry on the business or activity to which the proposed licence relates. This determination may be informed by submissions from the NSWPF, submissions from L&GNSW Compliance about an applicant's compliance history, the results of National Criminal Record History Checks (as contained in National Police Certificates), and internet checks conducted by the assessor making the determination.
3. Having considered the venue management plan and related material, under section 45(3)(b) of the Act, I am satisfied that practices will be in place at the premises as soon as the licence is granted that ensure, as far as reasonably practicable, that all reasonable steps will be taken to prevent intoxication on the premises, and that those practices will remain in place.

1. The objects of this Act are as follows:
 - a) to regulate and control the sale, supply and consumption of liquor in a way that is consistent with the expectations, needs and aspirations of the community,

- c) to contribute to the responsible development of related industries such as the live music, entertainment, tourism and hospitality industries.
- 2. In order to secure the objects of this Act, each person who exercises functions under this Act (including a licensee) is required to have due regard to the following:
 - a) the need to minimise harm associated with misuse and abuse of liquor (including the harm arising from violence and other anti-social behaviour),
 - b) the need to encourage responsible attitudes and practices towards the promotion, sale, supply, service and consumption of liquor,
 - c) the need to ensure that the sale, supply and consumption of liquor contributes to, and does not detract from, the amenity of community life,

 - b) practices will be in place as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises and that those practices will remain in place, and
 - c) if development consent is required under the *Environmental Planning and Assessment Act 1979* (or approval under Part 4 Division 4.1 or Part 5.1 of that Act is required), to use the premises for the purposes of the business or activity to which the proposed licence relates – that development consent or approval is in force.
 - d) the proposed approved manager/licensee has completed the relevant tiered industry training as per legislative requirements.

Community impact test

Under section 48(5) of the *Liquor Act 2007*, the delegate must not grant a licence, authorisation or approval of a kind prescribed by section 48(2) of the Act unless the Authority is satisfied, having regards to the Community Impact Statement, where required, and any other matter the delegate is made aware of during the application process, that the overall impact of the licence, authorisation or approval in question being granted will not be detrimental to the local or broader community.

The test applying under section 48(5) relates to delegated decisions in relation to:

- a) the grant or removal of a small bar licence (where required),
