**Decision of the Independent Liquor & Gaming Authority
Application for a Club Licence – change of boundaries – Brooms Head Bowling &
Recreation Club**

We **approve** the application above under section 94 of the *Liquor Act 2007* — with the conditions set out in Schedule 1.

Statement of reasons

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Brooms Head. The broader community is the Local Government Area (LGA) of the Clarence Valley.

Positive social impacts

The club seeks to permanently extend the boundaries of the current licensed area to include their two bowling greens, small BBQ area and side parking area. We note that on 20 December 2021, the club obtained a temporary authorisation to extend into this area via the outdoor dining provisions. We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice.

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of the:

- indication of a below average level of socio-economic advantage in the suburb
- higher rates of alcohol related domestic and non-domestic assault and malicious damage to property incidents within the LGA compared to NSW.

However, we are satisfied that these risks are reduced by the:

- low outlet density in the suburb
- the club not being located in any crime related hotspots
- the club not having adjoining residential premises
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application
- a community impact statement (CIS)
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities
- stakeholder submissions and the applicant's response to them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community.

This decision will be published on the [Liquor & Gaming NSW website](#) in accordance with section 36C of the *Gaming and Liquor Administration Act 2007*.
