**Decision of the Independent Liquor and Gaming Authority
Application for an extended trading authorisation – Pauls Liquor Store**

The Independent Liquor and Gaming Authority has considered the application above and decided on 28 October 2018 to approve the application pursuant to section 49 of the *Liquor Act 2007*, subject to the following conditions:

1. Section 11A of the *Liquor Act 2007* applies to this licence. Liquor must not be sold by retail on the licensed premises for a continuous period of six (6) hours between 3:00 AM and 9:00 AM during each consecutive period of 24 hours. The licensee must comply with this 6-hour closure period along with any other limits specified in the trading hours for this licence.
2. The premises is to be operated at all times in accordance with the House Policy for the premises as may be varied from time to time after consultation with NSW Police. A copy the House Policy is to be kept on the premises, and made available for inspection on the request of a police officer, council officer, Liquor & Gaming NSW inspector, or any other person authorised by the Independent Liquor and Gaming Authority.
3. Closed-circuit television system
 - 1) The licensee must maintain a closed-circuit television (CCTV) system on the licensed premises ("the premises") in accordance with the following requirements:
 - (a) the system must record continuously from opening time until one hour after the premises is required to close,
 - (b) recordings must be in digital format and at a minimum of six (6) frames per second,
 - (c) any recorded image must specify the time and date of the recorded image,
 - (d) the system's cameras must cover the following areas:
 - (i) all entry and exit points to the premises, and
 - (ii) all publicly accessible areas (other than toilets) within the premises.
 - 2) The licensee must also:
 - (a) keep all recordings made by the CCTV system for at least 30 days,
 - (b) ensure that the CCTV system is accessible at all times the system is required to operate pursuant to clause 1(a), by at least one person able to access and fully operate the system, including downloading and producing recordings of CCTV footage, and

- (c) provide any recordings made by the system to a police officer or Liquor and Gaming NSW inspector within 24 hours of any request by the police officer or Liquor and Gaming NSW inspector to provide such recordings.

A statement of reasons for this decision is attached at the end of this letter.

Trading between 10 pm and 11 pm, Monday to Saturday

Pursuant to section 12 of the *Liquor Act 2007*, the standard trading period during which liquor can be sold for consumption away from the licensed premises must end at 10 pm on all trading days. Nevertheless, the exemption provision under clause 117 of the Liquor Regulation 2018 permits takeaway liquor sales between 10 pm and 11 pm on days other than Sundays and restricted trading days.

Statement of reasons

Decision

1. On 20 April 2018 Mr Peter Boshev (“Applicant”) lodged an application (“Application”) with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”). The Application sought an extended trading authorisation (“Authorisation”) in relation to the Applicant’s packaged liquor licence (LIQP700386037) at Nelson Bay & Richardson Roads, Salt Ash (“Premises”).
2. The Authority first considered the Application at its meeting on 18 July 2018 and, following the receipt and consideration of further requested information, decided on 28 October 2018 to grant the Authorisation under section 49 of the *Liquor Act 2007* (“Act”).
3. The Authorisation as granted allows the Premises to trade, in addition to its standard licensed trading hours, between 9 am and 10 am on Sundays.
4. A preliminary advice letter notifying the Applicant of this decision was issued on 12 November 2018.
5. In reaching this decision, the Authority has had regard to the material before it and the legislative requirements under the Act and the Liquor Regulation 2008.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its *Guideline 6*, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following legislative provisions under the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Section 11A: The mandatory 6 hour period during which liquor cannot be sold.
 - c) Section 48: Requirements in respect of a CIS.
 - d) Section 49: General provisions in respect of an Authorisation.
 - e) Section 51: General provisions relating to licence-related authorisations.
11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading requirements

13. The Authority is satisfied that the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 49 and 51 of the Act.

Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to sections 45(3)(b) and 49(8) of the Act, and having regard to the Applicant's plan of management, the Authority is satisfied that practices are and will remain in place to:
 - a) facilitate the responsible service of alcohol on the Premises,
 - b) prevent intoxication on the Premises, and
 - c) minimise undue disturbance in the neighbourhood.
15. The Authority is also satisfied, for the purposes of sections 45(3)(a) and 45(3)(c) of the Act, that:
 - a) the Applicant is a fit and proper person to carry on the business to which the proposed Authorisation relates, given the absence of any information indicating otherwise following consultation with relevant law enforcement agencies, and
 - b) the requisite development consent is in force, based on written confirmation from Port Stephens Council on 4 April 2018 that development consent is required and in place for the purposes of the Application.

Community impact statement

16. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.
17. For the purposes of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Salt Ash, and the relevant "broader community" comprises the Local Government Area ("LGA") of Port Stephens.

Positive social impacts

18. The Authority notes that the Premises is the only packaged liquor store in Salt Ash, and has been trading since 1979. The Premises forms part of a commercial centre located at the intersection of two feeder roads to popular tourist destinations including Tomaree Peninsula and Nelson Bay.
19. The Authority accepts the Applicant's contention that granting the Authorisation would allow the Premises to better cater to the needs of those who wish to purchase liquor on Sunday mornings while travelling to those tourist destinations. Noting that the Premises is the only bottle shop in the local community, the Authority also accepts that granting the Authority would provide some additional convenience to local residents who wish to purchase liquor during earlier hours on Sunday mornings.
20. Accordingly, the Authority is satisfied that granting the Authorisation would be in line with the expectations, needs and aspirations of the community, and contribute to the development of the liquor industry and the tourism industry.

Negative social impacts

21. The Authority notes that, while the density of packaged liquor licences in Salt Ash and Port Stephens LGA is higher than the NSW state average, granting the Authorisation would have no impact on the density figures.
22. The relevant BOCSAR data indicates that, for the year to March 2018:
 - a) the Premises was not located within any hotspot for incidents of alcohol related assault, domestic assault, non-domestic assault, and malicious damage to property,
 - b) Port Stephens LGA recorded lower rates of alcohol related non-domestic assault and alcohol related disorderly conduct, and higher rates of alcohol related domestic assault and malicious damage to property, when compared to the NSW state average, and

- c) no comparable crime rates were computed for Salt Ash due to the small size of its population.
23. The NSW Crime Statistics 2017 indicates that the proportion of alcohol related assault occurring in Port Stephens LGA was relatively low (1.2 percent) between 6 am and 12 midday on Sundays, compared with other time periods and days of the week.
24. The HealthStats NSW data available at the time of the Authority's consideration of the Application indicates that Port Stephens LGA recorded a higher than average level of alcohol attributable deaths and lower than average level of alcohol attributable hospitalisations, in the periods 2012-13 and 2013-15 respectively.
25. The ABS Socio-Economic Indexes for Areas ("SEIFA") data as at 2016 indicates that Salt Ash ranked as a relatively disadvantaged suburb, and Port Stephens LGA ranked as a relatively advantaged LGA, in NSW on the Index of Relative Socio-economic Advantage and Disadvantage.
26. The Authority accepts that there may be a risk that, if the Authorisation is granted, liquor sold at the Premises during the extended hours will, over time, contribute to an increase in alcohol related crime, health and other social and amenity issues.
27. The Authority nevertheless considers that the risk of detrimental overall social impacts associated with the granting of the Authorisation is sufficiently mitigated by the following:
- The Authorisation, if granted, would only allow the Premises to trade for one additional hour each week on Sunday morning, which limits the potential social impact associated with liquor sold in the extended hours.
 - No objections were received from any of the institutional stakeholders consulted or any members of the public.
 - The relevant L&GNSW Compliance report indicates that there have been no recorded complaints, incidents or breaches against the Premises since 2008.
 - The Applicant has consented to a range of licence conditions, including the maintenance of a CCTV system and ongoing compliance with measures in the plan of management, to facilitate the responsible service of liquor and minimisation of alcohol related harm.

Overall social impact

28. Having considered the positive and negative impacts that are likely to flow from approving the Application, the Authority is satisfied that the overall social impact of granting the Authorisation would not be detrimental to the well-being of the local and broader communities.
29. The Authority is also satisfied that the other legislative criteria for the granting of the Authorisation have been met.
30. Accordingly, the Authority has decided to grant the Authorisation under section 49 of the Act.

Chairperson

In the case of a relevant licence (including a packaged liquor licence) that authorises the sale or supply of liquor for consumption away from the licensed premises, the Authority may, on application by the licensee, authorise the licensee to sell or supply liquor, for consumption away from the licensed premises only, during either or both of the following:

- (a) a specified period between 5 am and 10 am on a Sunday,
- (b) (Repealed)

(5) Nature of extended trading authorisation

An extended trading authorisation operates to authorise the sale or supply of liquor on the licensed premises:

- (c) if the authorisation so provides—on up to 12 separate occasions in any period of 12 months.

(5A) Despite subsection (2) (a), the Authority may, in the case of a hotel licence, authorise the licensee, on application by the licensee, to sell or supply liquor for consumption on the licensed premises during a specified period between midnight on a Sunday and 5 am on a Monday, but only on or in connection with a special occasion that takes place on a specified date.

(6) Extended trading period to be specified In granting an extended trading authorisation, the Authority is to specify:

(7) Extended trading not permitted on or in relation to restricted trading days—hotels and licensed public entertainment venues

Despite any other provision of this section, an extended trading authorisation cannot, in the case of a hotel licence or an on-premises licence that relates to a public entertainment venue (other than a cinema or a theatre), be granted to authorise the sale or supply of liquor for consumption on the licensed premises during any of the following periods:

- (a) between 5 am and noon on a restricted trading day,
- (b) between 10 pm and midnight on a restricted trading day,

(c) between midnight and 5 am on any day immediately following a restricted trading day.

(8) Restrictions on granting extended trading authorisation

The Authority must not grant an extended trading authorisation in respect of licensed premises unless the Authority is satisfied that:

- (a) practices are in place, and will remain in place, at the licensed premises that ensure as far as reasonably practicable that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and
- (b) the extended trading period will not result in the frequent undue disturbance of the quiet and good order of the neighbourhood of the licensed premises.

(9) For the purposes of this section, a special occasion means the occasion of a unique or infrequent event of local, State or national significance that persons independent of the licensee (and of the owner or occupier of the premises) desire to celebrate or mark on the licensed premises concerned.

51 General provisions relating to licence-related authorisations

(1) This section applies to the following authorisations granted by the Authority under this Act:

The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.

(4) If, before an application for an authorisation is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including information provided under this subsection), the applicant must immediately notify the Authority of the particulars of the change.

(5) Any person may, subject to and in accordance with the regulations, make a submission to the Authority in relation to an application for an authorisation.

(6) If any such submission is made to the Authority, the Authority is to take the submission into consideration before deciding whether or not to grant the authorisation.

(7) The regulations may prescribe, or provide for the determination of, a fee in respect of the granting of an authorisation. If any such fee is prescribed or determined, the authorisation does not take effect unless the fee has been paid.

(8) The Authority may, in granting an authorisation, specify requirements that are to be complied with before the authorisation takes effect. The authorisation does not take effect until such time as any such requirements have been complied with.

(9) An authorisation:

- (a) is subject to such conditions:
 - (i) as are imposed by the Authority (whether at the time the authorisation is granted or at a later time), or
 - (ii) as are imposed by or under this Act or as are prescribed by the regulations, and
- (b) may be varied or revoked by the Authority on the Authority's own initiative or on application by the licensee, the Secretary or the Commissioner of Police.

(10) Any such application by a licensee to vary or revoke an authorisation (including any conditions to which the authorisation is subject that have been imposed by the Authority) must be accompanied by the fee prescribed by the regulations.

(11) For the purposes of this Act, any condition to which an authorisation is subject is taken to be a condition of the licence to which the authorisation relates.

(12) An authorisation has effect only while all the conditions to which it is subject are being complied with.

(13) The Authority must not impose a condition on an authorisation, or revoke or vary an authorisation, other than a variation made on application by a licensee, unless the Authority has:

- (a) given the licensee to whom the authorisation relates a reasonable opportunity to make submissions in relation to the proposed decision, and
- (b) taken any such submissions into consideration before making the decision.

- (14) This section does not authorise the revocation or variation of a condition to which an authorisation is subject if the condition is imposed by this Act or is prescribed by the regulations.
