Chairperson
For and on behalf of the Independent Liquor and Gaming Authority

Statement of reasons

Decision

1. On 12 October 2018, Liquorland (Australia) Pty Ltd (“Applicant”) lodged an application (“Application”) with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”). The Application sought to remove a packaged liquor licence numbered LIQP770010002 (“Licence”) from 4-12 Garfield Street, Five Dock (“Current Premises”) to 145 Great North Road, Five Dock (“Proposed Premises”).
2. On 8 March 2019 the Authority decided to approve the Application under section 59 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the material before it and the legislative requirements under the Act and the Liquor Regulation 2018 (“Regulation”).
4. A preliminary advice letter advising of the Authority’s decision was issued to the Applicant on 11 March 2019.

Material considered by the Authority

5. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
6. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
7. In accordance with the Authority’s Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
8. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

9. The Authority has considered the Application in the context of the following legislative provisions under the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 45: Criteria for granting a liquor licence.
 - f) Section 48: Requirements in respect of a CIS.
 - g) Section 59: Requirements for an application to remove a liquor licence to another premises and the determination of such an application.
10. An extract of these sections is set out in Schedule 2.

Key findings

11. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

12. The Authority is satisfied on the material before it that:

- a) the Application has been validly made and meets the procedural requirements under sections 40 and 59 of the Act,
- b) the proposed trading hours for the Proposed Premises meet the requirements under sections 11A, 12 and 29 of the Act in respect of trading and 6-hour closure periods,
- c) if the Application were to be granted, liquor will be sold in accordance with the authorisation conferred by the Licence as required by section 29 of the Act, and
- d) sections 30 and 31 of the Act do not apply to the Application, as the Proposed Premises is not intended to be used for any of the purposes specified in the sections.

Fit and proper person, responsible service of alcohol, and development consent

13. Pursuant to sections 45 and 59 of the Act, the Authority accepts on the material provided by the Applicant that, if the Application were to be approved, practices will be in place from the commencement of licensed trading at the Proposed Premises, and will remain in place, to ensure the responsible serving of alcohol.
14. The Authority is also satisfied that, for the purposes of section 45 of the Act:
- a) the Applicant is a fit and proper person to carry on the business to which the Licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies, and
 - b) the requisite development consent is in force, noting the relevant complying development certificate issued by City Plan Services on 2 May 2018.

Community impact statement

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Proposed Premises on the local and broader communities.
16. For the purpose of this decision and consistent with its position in Guideline 6, the Authority is satisfied that:
- a) the relevant "local community" is the community within the suburb of Five Dock, and
 - b) the relevant "broader community" is the community within the Local Government Area ("LGA") of Canada Bay.

Positive social impacts

17. While there are five packaged liquor licences, including the Licence, in Five Dock, three of these licences are limited to the sale of liquor via telephone or internet, one licence has been dormant since 2013, and the Licence is currently inactive.
18. The Authority accepts on this basis that if the Application is approved, the Proposed Premises will be the only packaged liquor store trading in Five Dock, and will provide local residents and visitors with additional access to packaged liquor.
19. The Proposed Premises is 187 square metres in size, and is located approximately 50 metres from the Current Premises. It has a front entrance facing the main road and a rear entrance facing a Coles supermarket.
20. The Authority accepts the Applicant's contention that the Proposed Premises will have an increased street exposure compared to the Current Premises, and will facilitate convenient access to packaged liquor for both customers of the Coles supermarket and those patronising or driving along the main road.
21. The above potential benefits are, however, limited by the absence of any substantive evidence of community support for the Application.

Negative social impacts

22. Both Five Dock and Canada Bay LGA have a higher density of packaged liquor licences than the NSW state average. This however has little relevance to the Authority's consideration of the Application, as the proposed removal of the Licence is within the same suburb and will have no impact on density figures in the local or broader community.
23. The BOCSAR data before the Authority at the time of its consideration of the Application indicates that, for the year to September 2018:
- a) the Proposed Premises was located in a low density hotspot for incidents of domestic assault, a high density hotspot for incidents of malicious damage to property, and not within any hotspot for incidents of alcohol-related assault and non-domestic assault,
 - b) both Five Dock and Canada Bay LGA recorded lower than average rates of alcohol related assault (domestic and non-domestic), malicious damage to property and alcohol related disorderly conduct.
24. The most recent HealthStats NSW data available at the time of the Authority's consideration of the Application indicates that Canada Bay LGA recorded:
- a) for the period 2015-16, a lower than average level of alcohol attributable deaths, and
 - b) for the period 2015-17, a higher than average level of alcohol attributable hospitalisations.
25. The ABS Socio-Economic Index for Areas ("SEIFA") data as at 2016 indicates that Five Dock and Canada Bay LGA ranked among the most advantaged suburbs and LGAs in NSW, on the Index of Relative Socio-economic Advantage and Disadvantage.
26. Mindful of the requirement under section 59 of the Act to deal with the Application as if it were an application for a new packaged liquor licence at the Proposed Premises, the Authority considers that:
- a) the statistics above do not raise immediate concerns in respect of the prevailing level of alcohol-related harm experienced in the local and broader communities,
 - b) there may be a risk that if the Application is approved, liquor sold at the Proposed Premises will contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities, and
 - c) noting that the Licence is inactive, removing it from the Current Premises would not offset or reduce any potential harms associated with the sale of liquor at the Proposed Premises.
27. The Authority nevertheless accepts that the risk of any detrimental social impacts associated with the sale of liquor at the Proposed Premises is sufficiently mitigated by the following:
- a) No objections were received from members of the community or any of the agency stakeholders consulted, including NSW Police and NSW Health.
 - b) The Applicant has consented to a list of licence conditions requiring harm minimisation measures to be implemented at the Proposed Premises, including the operation of a CCTV system and participation in the local liquor accord.
 - c) The Applicant is an experienced operator of a large number of packaged liquor facilities, and has a developed range of harm minimisation practices and procedures set out in its plan of management documents.

Trading hours

28. The Authority notes from the Application and community consultation material that the trading hours sought for the Proposed Premises between Monday and Saturday end at 10 pm.

29. The Authority also notes that if the Proposed Premises is authorised to trade until 10 pm, Monday to Saturday, it would in practice be authorised to also trade between 10 pm and 11 pm on those days pursuant to an exemption afforded by clause 117 of the Regulation.
30. In the current circumstances, the Authority considers it appropriate to impose a closing time of 9:59 pm to prevent the unintended consequences of permitting the Proposed Premises to trade beyond the hours sought by the Applicant and represented to stakeholders during the community consultation process.
31. Additionally, the Authority is not satisfied that the Applicant has provided sufficient information to support its proposal for the Proposed Premises to commence trading from 7 am, Monday to Saturday, noting that such early opening hours are not ordinarily granted for packaged liquor licences. The Authority considers it appropriate to authorise the Proposed Premises to commence trading from 8 am, Monday to Saturday, which would align with the earliest opening hours granted for other Liquorland branded outlets in recent years.

Overall social impact

32. Having considered the positive and negative social impacts that are likely to flow from the removal of the Licence, the Authority is satisfied that the overall social impact of approving the Application would not be detrimental to the well-being of the local and broader communities.
33. The Authority is also satisfied that the other legislative criteria for the granting of the Application have been met.
34. Accordingly, the Authority has decided to grant the removal of the Licence from the Current Premises to the Proposed Premises.

- (2) Any regulation that prescribes a shorter period for the purposes of subsection (1) may:
- (a) apply to a specified class of licensed premises, and
 - (b) apply in relation to a specified day or days, and

- (3) Without limiting subsection (2) (a), a class of licensed premises may be specified by reference to licensed premises that are located in a particular area (however described).

29 Authorisation conferred by packaged liquor licence

(1) Retail sales

A packaged liquor licence authorises the licensee to sell liquor by retail in sealed containers on the licensed premises, for consumption away from the licensed premises only:

- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
- (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to 10 pm on that day.

(2) No retail trading on restricted trading days

Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.

(3) Selling liquor by wholesale or to employees

A packaged liquor licence also authorises the licensee:

- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
- (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

(4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:
 - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

service station means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

take-away food shop means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

40 Licence applications

- (1) Licence applications are to be made to the Authority.
- (2) An application for a licence may be made by:
 - (a) an individual, or
 - (b) a corporation, or
 - (c) in the case of a club licence—a club (or a person on behalf of a club) that meets the requirements specified in section 10 (1) of the Registered Clubs Act 1976.
- (3) An application for a licence may not be made by:
 - (a) an individual who is under the age of 18 years, or
 - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or
 - (c) an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

Note. Controlled members are prohibited from applying for licences—see section 27 of the Crimes (Criminal Organisations Control) Act 2012.

- (4) An application for a licence must:
 - (a) be in the form and manner approved by the Authority, and
 - (b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
 - (c) be advertised in accordance with the regulations, and
 - (d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
 - (a) the views of the local community, and
 - (b) the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
- (2) In this section:

relevant application means any of the following:

 - (a) an application for a hotel licence, club licence, small bar licence or packaged liquor licence,

 - (e) an application for an extended trading authorisation in relation to a producer/wholesaler licence (but only if the authorisation will result in retail trading at any time between midnight and 5 am),
 - (f) any particular application (or class of application) that is required by the Authority to be accompanied by a community impact statement,
 - (g) any other application of a kind prescribed by the regulations or made in such circumstances as may be prescribed by the regulations,

but does not include any application for an extended trading authorisation in relation to a special occasion (as referred to in section 49 (5) (b) or (5A) or 49A (3) (b)).
- (3) A relevant application must be accompanied by a community impact statement.
- (3A) However, a small bar application is not required to be accompanied by a community impact statement if:
 - (a) development consent is required under the Environmental Planning and Assessment Act 1979 to use the premises to which the application relates as a small bar or to sell liquor during the times to which the application relates, and
 - (b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.
- (3B) For the purposes of subsection (3A), a **small bar application** means any of the following:
 - (a) an application for a small bar licence,
 - (b) an application for approval to remove a small bar licence to other premises,
 - (c) an application for an extended trading authorisation for a small bar,
 - (d) an application to vary an extended trading authorisation for a small bar.
- (3C) An application (other than an application under clause 39 of Schedule 1) for a small bar licence is not, despite subsection (3), required to be accompanied by a community impact statement if:
 - (a) the application relates to the same premises as the premises to which a general bar licence relates, and
 - (b) development consent has been obtained under the Environmental Planning and Assessment Act 1979 to sell liquor during the times to which the application relates and those times are specified in the development consent.
- (3D) Despite subsection (3), an application for a multi-occasion extended trading authorisation (as referred to in section 49B) is not required to be accompanied by a community impact statement if:
 - (a) an extended trading authorisation of the kind referred to in section 49 (5) (a) is in force in respect of the licensed premises concerned, or
 - (b) the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:

- (a) be prepared in accordance with the regulations and any requirements of the Authority, and
 - (b) be in the form approved by the Authority.
- (5) The Authority must not grant a licence, authorisation or approval to which a relevant application relates unless the Authority is satisfied, after having regard to:
- (a) the community impact statement provided with the application, and
 - (b) any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),
- that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
- (6) The regulations may make provision for or with respect to the following:
- (a) the requirements that must be satisfied in relation to the preparation of a community impact statement (including consultation requirements),
 - (b) the matters to be addressed by a community impact statement,
 - (c) the information to be provided in a community impact statement,

 - (e) any other matter relating to the preparation and content of a community impact statement.
- (7) Without limiting subsection (6), the regulations may provide that the matters to be addressed by a community impact statement are, in the case of an application for an extended trading authorisation in relation to a hotel licence, to include matters relating to gambling activities on the licensed premises during the period that the authorisation is proposed to be in force.

59 Removal of licence to other premises

- (1) A licensee may apply to the Authority for approval to remove the licence to premises other than those specified in the licence.
- (2) An application for approval to remove a licence to other premises must:
- (a) be in the form and manner approved by the Authority, and
 - (b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
 - (c) be advertised in accordance with the regulations, and
 - (d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.
- (3) An application for approval to remove a licence to other premises is to be dealt with and determined by the Authority as if it were an application for the granting of a licence in respect of those other premises. Accordingly, the provisions of Division 1, in particular, extend to an application for the removal of a licence to other premises as if it were an application for a licence.
- (4) The Authority may refuse an application for approval to remove a hotel licence if the Authority is satisfied that the removal of the licence would adversely affect the interest of the owner or a lessee or mortgagee of the premises from which it is proposed to remove the hotel licence, or a sublessee from a lessee or sublessee of those premises.
- (5) The Authority must refuse an application for approval to remove a licence unless the Authority is satisfied that:
- (a) practices will, as soon as the removal of the licence takes effect, be in place at the premises to which the licence is proposed to be removed that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on those premises and that all reasonable steps are taken to prevent intoxication on those premises, and
 - (b) those practices will remain in place.
- (6) The regulations may provide additional mandatory or discretionary grounds for refusing to approve the removal of a licence.
- (7) The approval to remove a licence to other premises takes effect:
- (a) on payment to the Secretary of the fee prescribed by the regulations, and
 - (b) when the Authority endorses the licence to the effect that those other premises are the premises to which the licence relates.
