The Independent Liquor & Gaming Authority ("Authority") considered the application above at its meeting on 17 April 2019, and decided to **approve** the application under section 59 of the *Liquor Act 2007*, subject to the following conditions:

1. Section 11A of the *Liquor Act 2007* applies to this licence. Liquor must not be sold by retail on the licensed premises for a continuous period of 6 hours between 2:30 AM and 8:30 AM during each consecutive period of 24 hours. The licensee must comply with this 6-hour closure period along with any other limits specified in the trading hours for this licence.

4. The premises is to be operated at all times in accordance with the ALDI Management Policies and Strategies and House Policy documents, as submitted to the Independent Liquor and Gaming Authority ("the Authority") in support of the licence application and as may be varied from time to time after consultation with the Authority. A copy of these documents is to be kept on the premises,

Removal of the packaged liquor licence

Notwithstanding the approval of the application, the subject licence LIQP770016671 remains at Shop 32 Stockland Shopping Centre, 24 Kokera Street, Wallsend, subject to the same conditions and trading hours in force immediately before the approval of this application, until Liquor & Gaming NSW is notified that the licence has been removed.

Trading on a Sunday that falls on 24 December

Please note that in the case of any Sunday that falls on 24 December, the 6-hour closure period overrides the statutory provision that would otherwise allow the licence to trade from 8:00 AM. In accordance with the 6-hour closure period for the current licence, the Premises must not trade earlier than 8:30 AM.

Please note that the licence cannot be exercised unless and until the Authority or Liquor & Gaming NSW has been notified of the appointment of an approved manager to the licence, or the licence has been transferred to an individual licensee.

Statement of reasons

Decision

1. On 28 June 2018, ALDI Foods Pty Ltd (“Applicant”) lodged an application (“Application”) with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”).
2. The Application sought to remove a packaged liquor licence numbered LIQP770016671 (“Licence”) from Shop 32 Stockland Shopping Centre, 24 Kokera Street, Wallsend (“Current Premises”) to G10 & G16 Stockland Shopping Centre, 28 Blue Gum Road, Jesmond (“Proposed Premises”), to be known as ALDI Jesmond.
3. The Authority considered the Application at its board meeting on 17 April 2019 and approved the Application under section 59 of the *Liquor Act 2007* (“Act”). In reaching this decision, the Authority has had regard to the material before it and the legislative requirements under the Act and the Liquor Regulation 2018 (“Regulation”).
4. On 30 April 2019 the Authority issued a preliminary advice letter notifying the Applicant of the approval and the relevant conditions.
5. The Licence, once removed to the Proposed Premises, will authorise the sale and supply of liquor in sealed containers at the Proposed Premises, for consumption away from the premises.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with the Authority’s Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following legislative provisions under the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 45: Criteria for granting a liquor licence.
 - f) Section 48: Requirements in respect of a CIS.
 - g) Section 59: Requirements for an application to remove a liquor licence to another premises and the determination of such an application.
11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:

- a) the Application has been validly made and meets the procedural requirements under sections 40 and 59 of the Act,
- b) the proposed trading hours for the Proposed Premises meet the requirements under sections 11A, 12 and 29 of the Act in respect of trading and 6-hour closure periods,
- c) if the Application were to be granted, liquor would be sold and supplied in a separate liquor sales area at the Proposed Premises, and in accordance with the authorisation conferred by a packaged liquor licence, as required by sections 29 and 30 of the Act, and
- d) section 31 of the Act does not apply to the Application, as the Proposed Premises is not intended to be used for any of the purposes specified in the section.

Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to sections 45 and 59 of the Act, the Authority accepts on the material provided by the Applicant that, if the Application were to be approved, practices will be in place from the commencement of licensed trading at the Proposed Premises, and will remain in place, to ensure the responsible serving of alcohol.

15. The Authority is also satisfied that, for the purposes of section 45 of the Act:

- a) the Applicant is a fit and proper person to carry on the business to which the Licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies, and
- b) the requisite development consent is in force, noting the development consent issued by Newcastle City Council on 26 September 1961, and the subsequent Complying Development Certificate issued by Steve Watson & Partners on 12 November 2014, in respect of the Proposed Premises.

Community impact statement

16. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Proposed Premises on the local and broader communities.

17. For the purpose of this decision and consistent with its position in Guideline 6, the Authority is satisfied that:

- a) the relevant "local community" is the community within the suburb of Jesmond, and
- b) the relevant "broader community" refers to the community within the Local Government Area ("LGA") of Newcastle.

Positive social impacts

18. The Authority has had regard to the Applicant's contention that the removal of the Licence a distance of approximately two kilometres from the ALDI Wallsend supermarket to ALDI Jesmond will allow the business to better meet "the needs, demands, expectations and aspirations of the local and broader communities".

19. The Authority accepts that the Proposed Premises will provide a measure of convenience to customers of ALDI Jesmond who wish to engage in "one stop shopping" by purchasing liquor items along with their grocery items.

20. The Authority considers the benefit of convenience to be somewhat reduced, however, by the small size of the Proposed Premises. A small packaged liquor facility is less likely to carry a comprehensive range of liquor products, meaning that customers of the ALDI supermarket might still prefer to shop at an alternative packaged liquor facility.
21. The Authority accepts that ALDI is an experienced operator of many packaged liquor licences, each of which conforms to the business model outlined in the Application.
22. The Authority notes that there is some level of community support for the proposed liquor facility, as evidenced by the public submission and the petition with over 1,077 signatures in support of the proposal that were provided by the Applicant.
23. Having regard to the benefits noted above, the Authority is satisfied that the approval of the Application would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

Negative social impact

24. The Authority notes that the density of packaged liquor licences in Newcastle LGA is higher than the state average; however, that Jesmond has a slightly lower density of packaged liquor licences than the state average.
25. The BOCSAR data before the Authority at the time of its decision indicates that, for the year to December 2018:
 - a) the Proposed Premises was located in high-density hotspots for incidents of alcohol-related assault, domestic and non-domestic assault, and malicious damage to property.
 - b) Jesmond and Newcastle LGA recorded higher rates of alcohol-related domestic and non-domestic assault, and malicious damage to property compared to the NSW state average.
26. The Authority considers the concerns that such mapping raises to be somewhat alleviated by the low number of incidents recorded in Jesmond, noting that the rates may be skewed by Jesmond's relatively low population count of 3,045 persons.
27. The HealthStats NSW data available at the time of the Authority's decision indicates that the Newcastle LGA recorded a higher than average level of alcohol attributable deaths for the period 2015-16, and a lower than average level of alcohol attributable hospitalisations for the period 2015-17.
28. The ABS Socio-Economic Index for Areas ("SEIFA") data as at 2016 indicates that the suburb of Jesmond ranked among the most disadvantaged suburbs, while the Newcastle LGA ranked in the top 20 percent compared to other LGAs, on the Index of Relative Socio-economic Advantage and Disadvantage.
29. The Authority has considered the submission from NSW Health, which objected to the Application on the grounds that the grant is likely to contribute to further alcohol-related harms in the local community of Jesmond, which NSW Health submits is more vulnerable than the population of Wallsend where the Current Premises is situated.
30. The Authority has also considered the Applicant's contention, which is informed by two reports prepared by liquor industry consultants, that liquor sales at the Proposed Premises will be substantially drawn from existing market share, and accordingly Jesmond would be able to absorb the removal of the Licence with minimal expected local increase in consumption of alcohol and, therefore, without any appreciable increase in alcohol-related harms and adverse social impact upon the local community.
31. However, the Authority considers that there is insufficient data before the Authority to discern whether the removal of the Licence will mean an overall increase, decrease or no change to

the overall consumption of liquor or the incidents of alcohol related crime across the relevant local or broader community.

32. The Authority notes that a previous application by the Applicant for a new packaged liquor licence for ALDI Jesmond was refused on 19 January 2016 as the Authority delegate was not satisfied that the overall social impact of granting the application would not be detrimental to the wellbeing of the community.
33. The Authority has had regard to the Applicant's contention that the current Application notably differs from the previous application in that: local circumstances have changed; the overall stock of available liquor licences will not be increased; neither NSW Police nor the L&GNSW Compliance Unit oppose the application; and because community needs and expectations warrant the grant of the current Application.
34. Further, the Authority notes that NSW Police objected to the previous application for a new liquor licence, as it would increase the density of liquor licences, however did not object to the current Application. The Authority has given consideration to the licence conditions proposed by NSW Police in determining this Application.
35. The Authority considers the statistics above to raise some concerns about the prevailing level of alcohol-related harm experienced in the local and broader communities. Mindful of section 59 of the Act, the Authority considers that there is a risk that removing a packaged liquor licence to the Proposed Premises may contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.
36. The Authority nevertheless finds that the risk of any detrimental social impacts associated with approving the Application is sufficiently mitigated by:
 - a) the removal of the Licence from the Current Premises, and the associated reduction in any alcohol-related harm associated with liquor sold at the Current Premises,
 - b) the experience of the Applicant as an operator of a large number of packaged liquor facilities in its supermarkets, and the practices and procedures set out in its plan of management documents, and
 - c) the conditions to be imposed on the Licence requiring the implementation of certain harm minimisation measures, including the operation of a CCTV system and ongoing compliance with measures set out in the Applicant's plan of management documents.

Overall social impact

37. Having considered the positive and negative social impacts that are likely to flow from the removal of the Licence, the Authority is satisfied that the overall social impact of approving the Application would not be detrimental to the well-being of the local and broader communities.
38. The Authority is also satisfied that the other legislative criteria for the granting of the Application have been met.
39. Accordingly, the Authority has decided to grant the removal of the Licence from the Current Premises to the Proposed Premises.

- (10) The regulations may also create exceptions to this section.

12 Standard trading period for certain licensed premises

- (1) For the purposes of this Act, the standard trading period means:

 - (c) if a hotel licence, club licence, on-premises licence or producer/wholesaler licence authorises the licensee to sell liquor for consumption away from the licensed premises—any part of the licensed premises to the extent that it is used for that purpose.
- (2) Any regulation that prescribes a shorter period for the purposes of subsection (1) may:
- (a) apply to a specified class of licensed premises, and
 - (b) apply in relation to a specified day or days, and
 - (c) in the case of licensed premises on which liquor may be sold or supplied for consumption on the premises as well as for consumption away from the premises—specify different periods for the sale or supply of liquor for consumption on the premises and for the sale or supply of liquor for consumption away from the premises.
- (3) Without limiting subsection (2) (a), a class of licensed premises may be specified by reference to licensed premises that are located in a particular area (however described).

29 Authorisation conferred by packaged liquor licence

(1) Retail sales

A packaged liquor licence authorises the licensee to sell liquor by retail in sealed containers on the licensed premises, for consumption away from the licensed premises only:

- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
- (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to 10 pm on that day.

(2) No retail trading on restricted trading days

Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.

(3) Selling liquor by wholesale or to employees

A packaged liquor licence also authorises the licensee:

- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
- (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

(4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:
 - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

- (3) An application for a licence may not be made by:
 - (a) an individual who is under the age of 18 years, or
 - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:

 - (b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.

 - (b) the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:

- (a) be prepared in accordance with the regulations and any requirements of the Authority, and

 - (c) be advertised in accordance with the regulations, and
 - (d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.
- (3) An application for approval to remove a licence to other premises is to be dealt with and determined by the Authority as if it were an application for the granting of a licence in respect of those other premises. Accordingly, the provisions of Division 1, in particular, extend to an application for the removal of a licence to other premises as if it were an application for a licence.
- (4) The Authority may refuse an application for approval to remove a hotel licence if the Authority is satisfied that the removal of the licence would adversely affect the interest of the owner or a lessee or mortgagee of the premises from which it is proposed to remove the hotel licence, or a sublessee from a lessee or sublessee of those premises.

 - (b) those practices will remain in place.
- (6) The regulations may provide additional mandatory or discretionary grounds for refusing to approve the removal of a licence.
- (7) The approval to remove a licence to other premises takes effect:
- (a) on payment to the Secretary of the fee prescribed by the regulations, and
