## Statement of reasons

### Decision

1. On 23 May 2019, Dandaloo Hotel Pty Ltd (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor & Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at Shop 1, 84 Bong Bong Road, Horsley (“Premises”).
2. The Authority considered the Application at its meeting on 17 July 2019 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. Pursuant to section 29 of the Act, the Licence authorises liquor to be sold by retail at the Premises, in sealed containers, for consumption away from the Premises.
5. A preliminary notification of this decision was sent to the Applicant on 24 July 2019, together with the licence document for the Premises.

### Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

### Legislative framework

10. The Authority has considered the Application in the context of the following provisions of the Act:
  - a) Section 3: Statutory objects of the Act and relevant considerations.
  - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
  - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
  - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
  - e) Section 45: Criteria for granting a liquor licence.
  - f) Section 48: Requirements in respect of a CIS.
11. An extract of these sections is set out in Schedule 2.

### Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

### Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:
  - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,

- b) if the Licence were to be granted, liquor would be sold in accordance with the authorisation conferred by the Licence as required by section 29 of the Act, and
- c) sections 30 and 31 of the Act do not apply to the Application, as the Premises is not intended to operate as is contemplated by the sections.

#### Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force, based on the Notice of Determination of Development Application No. D97/534 and the Notice of Determination of An Application to Modify Development Consent No. D97/534 in respect of the Premises, issued by Wollongong City Council on 4 November 1997 and 30 June 1999 respectively.

#### Community impact statement

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.

16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Horsley, and the relevant "broader community" comprises the Local Government Area ("LGA") of Wollongong.

#### Positive social impacts

17. The Authority notes that the Applicant operated the Premises as a family-run liquor store from October 1998 until May 2019, when the Premises was shut down by L&GNSW for operating without a liquor licence, as a result of the liquor licence lapsing in 2017 for failure to pay licence fees. The Authority accepts that administrative errors on the part of L&GNSW may have contributed to this situation.

18. The Authority notes that the granting of the licence will enable the Applicant to re-open the liquor store, thereby providing continuity in service to the local community.

19. The Authority notes that at the time of this decision, there were no liquor licences in Horsley. The Authority considers that by re-granting the Licence to the Premises it will continue to provide some reasonable public benefit by way of increased convenience for members of the local community, who are able to purchase liquor locally without requiring special trips further afield.

20. The Authority considers the proposed social benefits above to be somewhat limited by the lack of evident community support for the Application.

#### Negative social impact

21. The Authority has had regard to the relevant BOCSAR data, which indicates that for the year to March 2019:

- a) There were no hotspots for incidents of alcohol-related assault, domestic and non-domestic assault, and malicious damage to property in Horsley;

- b) Horsley recorded significantly lower rates of alcohol-related domestic and non-domestic assault, malicious damage to property, and alcohol-related disorderly conduct (offensive conduct) compared to the NSW state average;
  - c) Wollongong LGA recorded slightly lower rates of alcohol-related domestic assault, and alcohol-related disorderly conduct (offensive conduct), and higher rates of alcohol-related non-domestic assault and malicious damage to property, compared to the NSW state average.
22. The Authority has also had regard to the most recent HealthStats NSW data available at the time of its decision, which indicates that the Wollongong LGA recorded a higher than average level of alcohol attributable deaths for the period 2015-16, and a lower than average level of alcohol attributable hospitalisations for the period 2016-18.
23. The Authority has had regard to the ABS data indicating that, as at 2016, Horsley was a relatively advantaged suburb and Wollongong LGA a relatively advantaged LGA compared to other suburbs and LGAs in NSW on the Index of Relative Socio-economic Advantage and Disadvantage.
24. The Authority has had regard to the submissions from two members of the public who objected to the application on the ground that the Premises has allegedly sold liquor to minors on multiple occasions.
25. The Authority notes that NSW Police, who are aware of the compliance history of the Premises, do not object to the Application, and hold no concerns that the Applicant is not a fit and proper person to manage the Licence.
26. The Authority has also had regard to the submission from L&GNSW Compliance, which indicated that investigations are underway in relation to the alleged sale of liquor to minors at the Premises. The Authority notes, however, that L&GNSW Compliance raised no objections to the Application.
27. The Authority accepts that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.
28. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:
- a) the Applicant's experience of managing licensed premises;
  - b) the fact that NSW Police & L&GNSW Compliance raised no objections to the Application;
  - c) the imposition of special licence conditions; and
  - d) the Applicant's adherence to the Plan of Management document lodged with the Application.

#### Overall social impact

29. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
30. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.

31. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

- (a) apply to a specified class of licensed premises, and
  - (b) apply in relation to a specified day or days, and

- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

## 31 Restrictions on granting packaged liquor licences

  - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

**general store** means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

**service station** means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

**take-away food shop** means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

#### 45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
  - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
  - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
  - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

**Note.** Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
  - (a) that the person:
    - (i) is a member of, or
    - (ii) is a close associate of, or
    - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
  - (a) is of good repute, having regard to character, honesty and integrity, and
  - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
