Material considered by the Authority

The Authority has considered the following material in determining the application:

- Application material, including evidence of notification to specified stakeholders and the community about the application.
- Category B community impact statement.
- Premises plan setting out the proposed boundaries of the licensed premises and any applicable authorisations.
- Plan of management for the licensed business at the premises.
- Development consent for the premises.
- Statistics sourced from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics in respect of the socio-economic status, liquor licence density, alcohol-related crimes rates, and health issues in the relevant local and broader communities.
- Stakeholder submissions in relation to the application, and the applicant's response to those submissions.

Legislative requirements

The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:

- Section 3: Statutory objects of the Act and relevant considerations.
- Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
- Sections 29-31: Specific provisions in respect of a packaged liquor licence.
- Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
- Section 44: Submissions to Authority in relation to licence applications.
- Section 45: Criteria for granting a liquor licence.
- Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other

available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.

- Sections 114: Specific provisions relating to same day liquor deliveries.

The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

Key findings

In accordance with its Guideline 6, the Authority finds that the relevant local community for the purposes of this decision is the suburb of Collaroy, and the broader community is the Local Government Area (LGA) of Northern Beaches.

Positive social impacts

The Authority is satisfied on the material before it that the proposal set out in the application, if approved, would likely benefit the local and broader communities through:

- the provision of increased convenience and choice.
- the packaged liquor licence being located in an existing IGA Supermarket which is the only substantial supermarket presently operating in Collaroy providing a modern, one-stop shopping service to residents and business owners.

Negative social impacts

The Authority accepts that the proposal may, over time, contribute to an increase in alcohol-related harm in the local and broader communities, including alcohol-fuelled violence, health problems and/or social and amenity issues, having regard to the:

- objections from members of the public regarding minors, crime and licence saturation in Collaroy.
- low-density hotspot for malicious damage in Collaroy.
- higher crime rate for alcohol-related disorderly conduct in Collaroy compared to the Northern Beaches LGA and NSW.
- higher rate of alcohol-attributable hospitalisations in the Northern Beaches LGA compared to NSW.

The Authority is nevertheless satisfied that these risk factors are sufficiently mitigated by the following:

- no agency objections and one submission received in support.
- low licence saturation of packaged liquor licences in Collaroy compared to the NSW average.
- low crime rates for alcohol-related domestic assault, alcohol-related non-domestic assault and malicious damage in both Collaroy and the Northern Beaches LGA compared to NSW.
- low rate of alcohol-attributable deaths in the Northern Beaches LGA compared to NSW.
- high level of relative socio-economic advantage and disadvantage in Collaroy and the Northern Beaches LGA compared to NSW.
- small liquor sales area of 31 sqm providing a limited range of alcohol.
- harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1.

Overall social impacts and conclusion

Having considered the positive and negative social impacts that are likely to flow from the applicant's proposal, the Authority is satisfied that the overall social impact of approving the application will not be detrimental to the well-being of the local or broader community.

The Authority is also satisfied that the other legislative requirements for the approval of the application have been met.

The Authority finds, having regard to the above, that approving the application is consistent with the statutory objects and considerations of the Act to regulate the liquor industry in line with the community's expectations, needs and aspirations, and facilitate the balanced and responsible development of the liquor industry and related industries.

Accordingly, the Authority approves the application under section 45 of the Act.

.

Yours faithfully
