**Decision of the Independent Liquor & Gaming Authority
Application for a new hotel licence (full) with minors area authorisation MAA
– The Nyngan Hotel**

We approve the application above under section 45 of the *Liquor Act 2007* (Act) with the conditions set out in Schedule 1.

Statement of reasons

Overall, we are satisfied that the social impact of approving the application will not be detrimental to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Nyngan. The broader community is the Local Government Area (LGA) of the Bogan Shire.

Positive social impacts

We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice, and more opportunities for live music and other artists in a town with limited options.

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of the:

- premises being located in a low-density hotspot for domestic assault and near a high-density hotspot for malicious damage to property offences
- indication that Nyngan has a below average level of relative socio-economic advantage compared to other communities in NSW
- rate of alcohol-attributed deaths in the Bogan Shire being higher in comparison to the NSW average.

However, we are satisfied that these risks are reduced by the:

- rate of alcohol-attributed hospitalisations in the Bogan Shire being lower than the NSW average
- absence of hotspots for non-domestic or alcohol-related assault in Nyngan
- take away sales ceasing 30 minutes before closing
- installation of a sound-proof wall at the back of the courtyard/beer garden area
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application
- a community impact statement (CIS)
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities
- stakeholder submissions and the applicant's response them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community.

This decision will be published on the [Liquor & Gaming NSW website](#) in accordance with section 36C of the *Gaming and Liquor Administration Act 2007*.
