Decision of the Independent Liquor & Gaming Authority Application for a new packaged liquor licence – Tallawong Cellars

We **approve** the application above under section 45 of the *Liquor Act 2007* — with the conditions set out in Schedule 1. The 6-hour closure period overrides any condition of the licence.

Statement of reasons

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Tallawong. The broader community is the Local Government Area (LGA) of Blacktown.

Positive social impacts

The application requested to operate a standalone packaged liquor licence within a shopping centre in the new suburb of Tallawong. Although recognising the potential for increased alcohol related harm, there are no other packaged liquor outlets in Tallawong and there were no objections received from agencies or the community.

We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice.

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of the:

high-density crime hotspot in Tallawong for domestic assault

• higher saturation rates of packaged liquor licences in the Blacktown LGA compared to NSW.

However, we are satisfied that these risks are reduced by the:

- proposed premises not being located in crime hotspots for non-domestic assault, malicious damage to property or alcohol-related assault
- lower crime rates in Tallawong for all offence categories we considered
- lower crime rates in the Blacktown LGA for alcohol-related domestic assault, alcohol-related non-domestic assault and alcohol-related disorderly conduct compared to NSW
- data indicating that Tallawong and the Blacktown LGA communities may be considered advantaged compared to the rest of NSW
- proposed licence being the only licence operating in Tallawong
- business not offering the delivery of liquor
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- the application material including evidence that stakeholders and the community were notified about the application
- a community impact statement (CIS)
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities
- stakeholder submissions and the applicant's response to them.

We also considered <u>Guideline 6</u> to assess the likely social impact to the local and broader community.

This decision will be published on the <u>Liquor & Gaming NSW website</u> in accordance with section 36C of the *Gaming and Liquor Administration Act 2007.*
