2. Local consent authority
Council submission was received no objections with conditions relating to patron capacity for both indoor and outdoor dining
3. Public
Several public submissions were received objecting on noise grounds and that the venue will have an adverse impact on the area if a liquor licence is granted. I have considered all aspects of this application and have reduced the PSA footprint to indoors only. I have imposed a Plan of management and additional conditions to ensure the liquor licence will be exercised with minimal disruption to the neighbourhood. The liquor trading hours will be to

5/6pm with trading permitted to 9pm on Friday and Saturday which is not considered as excessive.

Overall social impact

1. Positive benefits

The granting of the licence will enable a restaurant serving genuine meals to increase their level of customer service and cater for the needs of various business and social groups within the suburb of Yamba.

2. Mitigation of potential negative impacts

I am satisfied that the business model, conditions imposed, and any other information contained in the application will provide that the lawful operation of the premises will not be detrimental to the local or broader community.

In particular, the Plan of Management and licence conditions will serve to mitigate any potential negative impacts
