STATEMENT OF REASONS

DECISION

1. On 5 May 2022, Anthony Charles Leybourne Smith ("Applicant") lodged with Liquor & Gaming NSW ("L&GNSW"), for determination by the Independent Liquor & Gaming Authority ("Authority"), an application ("Application") for a packaged liquor licence ("Licence") for the premises at Shop 1B, Maryland Shopping Centre, 144 Maryland Dr, Maryland NSW 2287 ("Premises").
2. The Authority considered the Application at its meeting on 15 July 2022 and decided to grant the Licence under section 45 of the *Liquor Act 2007* ("Act").
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. A preliminary notification of this decision was sent to the Applicant on 8 September 2022, together with the licence document for the Premises.

MATERIAL CONSIDERED BY THE AUTHORITY

5. The Authority has considered the Application, the accompanying community impact statement ("CIS"), and all submissions received in relation to the Application.
6. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
7. In accordance with its *Guideline 6*, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research ("BOCSAR"), NSW Department of Health, and Australian Bureau of Statistics ("ABS").
8. A list of the material considered by the Authority is set out in Schedule 2.

LEGISLATIVE FRAMEWORK

9. The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 44: Submissions to Authority in relation to licence applications.
 - f) Section 45: Criteria for granting a liquor licence.
 - g) Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.
10. An extract of these sections is set out in Schedule 3.
11. The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

KEY FINDINGS

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:

- a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,
- b) if the Licence were to be granted, liquor would be sold in accordance with the authorisation conferred by the Licence as required by section 29 of the Act, and
- c) sections 30 and 31 of the Act do not apply to the Application, as the Premises is not intended to operate as is contemplated by the sections.

14. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements.

Fit and proper person, responsible service of alcohol, and development consent requirements

15. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force, based on the DA2021/00721 in respect of the Premises, issued by City of Newcastle on 26 October 2021.

Community impact

Local and broader communities

16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Maryland, and the relevant "broader community" comprises the Local Government Area ("LGA") of Newcastle.

Licence density

17. The Authority notes that, compared to the NSW state average, Maryland has a **lower** saturation of packaged liquor licences, but Newcastle LGA has an average level compared to the NSW average. The Newcastle LGA also has a higher saturation of Hotel and Club licences compared to the NSW average.

Crime data

18. The relevant BOCSAR data indicates that, in the year to March 2022:

- a) the Premises was located in close proximity to hotspots for incidents of alcohol related assault, domestic and non-domestic assault and malicious damage to property, in areas that are likely to be serviced by the Licence.
- b) Maryland recorded **higher** rates of alcohol-related domestic assault and **lower** rates of alcohol related non-domestic assault, alcohol-related disorderly conduct and malicious damage to property, compared to the NSW state average.
- c) Newcastle LGA recorded **higher** rates of alcohol-related domestic and non-domestic assault, alcohol-related disorderly conduct and malicious damage to property, compared to the NSW state average.

Alcohol-related health data

19. The most recent HealthStats NSW data available at the time of the Authority's decision indicates that the Newcastle LGA recorded a **higher** than average level of alcohol-attributable

deaths for the period 2018-2020, and a **lower** than average level of alcohol-attributable hospitalisations for the period 2018-2020.

SEIFA

20. The Authority notes that ABS Socio-Economic Index for Areas (“SEIFA”) data as at 2016 indicates that Maryland had a relatively average level of socio-economic advantage and disadvantage, and the Newcastle LGA had an above average level compared to other suburbs and LGAs in NSW.

Business model

21. The Authority notes that the proposed business model is the retail sale of packaged liquor at the Premises for consumption away from the Premises.
22. The Authority also notes the Premises will operate as a stand-alone packaged liquor outlet with no direct street access.

Purported benefits

23. The Authority has had regard to the Applicant’s purported benefits, including that:
- a) The Premises will be located within an existing small neighbourhood shopping centre that is due to be remodelled and refurbished. As part of the shopping centre remodel, the current IGA supermarket will be rebranded as a Woolworths supermarket and the Maryland Tavern will be relocated within the centre and will no longer operate a separate bottle shop.
 - b) The Premises will therefore provide a measure of convenience to customers of the Woolworths supermarket who wish to engage in “one-stop shopping” by purchasing liquor items together with their grocery items.
 - c) The business owner is a nationally recognised trader operating hundreds of retail stores throughout Australia.
24. The Authority considers the proposed benefits above to be limited by the absence of any substantive evidence of community support for the Application, noting that there was also no objection from any members of the community.

Stakeholder submissions

25. The Authority has had regard to the submissions from:
- a) **NSW Police Force**, which objects to the application being granted and raises concerns in respect of the crime data in the adjacent suburb of Wallsend. Police hold concerns that an additional licensed premises in the area will further impact the high statistics of domestic and non-domestic assault and will contribute to economic strains given Maryland and Wallsend are in a low percentile for disadvantaged residents. Police have requested conditions be imposed on the licence which the applicant has consented to.
 - b) **City of Newcastle**, noting that the development consent is for a commercial premises.
 - c) **L&GNSW Compliance**, which notes no adverse findings in respect of the applicant and supports the imposition of a CCTV and plan of management condition. Compliance recommends that the plan of management references strategies regarding the sale of liquor to minors and intoxicated patrons, ensuring staff and delivery drivers are aware of their obligations and not conducting irresponsible alcohol promotions.
 - d) **A member of the public**, which objects to the application being granted due to the saturation of licences within the area and current level of anti-social and criminal behaviour which is likely to be exacerbated.
 - e) **Aboriginal Affairs**, which does not object to the application on the basis that the applicant has also notified the New South Wales Aboriginal Land Council and the Local Aboriginal Land Council of the proposal and objection process.
26. The Authority has also had regard to the Applicant’s submission in response which notes that:

- a) a mid-sized supermarket and liquor store had previously been available within the centre.
- b) the redevelopment will result in the existing supermarket being replaced by a new and improved Woolworths Supermarket while the existing Cellarbrations will close and be replaced with the BWS Store.
- c) there has been reliance on crime data for the adjacent suburb of Wallsend which is not relevant to this application. The data for Maryland shows low outlet density, low outlet clustering, low alcohol-related crime and no hotspots near the shopping centre for alcohol-related crime.
- d) the conditions requested by Police and L&GNSW Compliance were previously consented to.
- e) the proposed hours are within the standard trading hours and approved by the City of Newcastle.
- f) Endeavour Group Limited has policies and procedures in place to ensure that alcohol is not sold to minors or intoxicated patrons.

Findings of concern

27. Having regard to the relevant statistics and the submissions received, including the Applicant's reply submissions, the Authority finds that Maryland and the Newcastle LGA is subject to a relatively high level of alcohol-related domestic assault, and that there are some alcohol-related health issues in the broader community. The Authority considers that, if the Licence is granted, there is a risk that the liquor sold from the Premises would exacerbate the existing alcohol-related problems in the community and, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.

Mitigating factors

28. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:

- a) outlet saturation of packaged liquor licences in Maryland is significantly lower compared to the NSW state average; with this Licence being the only packaged liquor licence in the suburb of Maryland.
- b) experience of the applicant as an operator of multiple licensed premises with sound compliance records
- c) harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1

CONCLUSION

29. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.

30. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.

31. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

Yours faithfully

- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.

- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,
 a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and
 - (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
- (7) In deciding whether or not to grant a licence, the Authority must consider whether, if the licence were granted, it would provide employment in, or other opportunities for, any of the following—
 - (a) the live music industry,
 - (b) the arts sector,
 - (c) the tourism sector,
 - (d) the community or cultural sector.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
 - (a) the views of the local community, and
 - (b) the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
 - (c) whether the granting of the application would provide employment in, or other opportunities for, any of the following—
 - (i) the live music industry,
 - (ii) the arts sector,
 - (iii) the tourism sector,
 - (iv) community or cultural sector.

 - (f) any particular application (or class of application) that is required by the Authority to be accompanied by a community impact statement,
 - (g) any other application of a kind prescribed by the regulations or made in such circumstances as may be prescribed by the regulations,

but does not include any application for an extended trading authorisation in relation to a special occasion (as referred to in section 49 (5) (b) or (5A) or 49A (3) (b)).
- (3) A relevant application must be accompanied by a community impact statement.
- (3A) However, a small bar application is not required to be accompanied by a community impact statement if:
 - (a) development consent is required under the Environmental Planning and Assessment Act 1979 to use the premises to which the application relates as a small bar or to sell liquor during the times to which the application relates, and

- (b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.
- (3B) For the purposes of subsection (3A), a **small bar application** means any of the following:
 - (a) an application for a small bar licence,
 - (b) an application for approval to remove a small bar licence to other premises,

 - (d) an application to vary an extended trading authorisation for a small bar.
- (3C) An application (other than an application under clause 39 of Schedule 1) for a small bar licence is not, despite subsection (3), required to be accompanied by a community impact statement if:
 - (a) the application relates to the same premises as the premises to which a general bar licence relates, and
 - (b) development consent has been obtained under the Environmental Planning and Assessment Act 1979 to sell liquor during the times to which the application relates and those times are specified in the development consent.
- (3D) Despite subsection (3), an application for a multi-occasion extended trading authorisation (as referred to in section 49B) is not required to be accompanied by a community impact statement if:
 - (a) an extended trading authorisation of the kind referred to in section 49 (5) (a) is in force in respect of the licensed premises concerned, or
 - (b) the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:
 - (a) be prepared in accordance with the regulations and any requirements of the Authority, and
 - (b) be in the form approved by the Authority.
- (5) The Authority must not grant a licence, authorisation or approval to which a relevant application relates unless the Authority is satisfied, after having regard to:
 - (a) the community impact statement provided with the application, and
 - (a1) any published cumulative impact assessment that applies to the area in which the premises the subject of the application are located, and
 - (b) any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),

that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
- (6) The regulations may make provision for or with respect to the following:
 - (a) the requirements that must be satisfied in relation to the preparation of a community impact statement (including consultation requirements),
 - (b) the matters to be addressed by a community impact statement,
