**Subject:** Evaluation of the Community Impact Statement requirement for liquor licence applications  
**Date:** Tuesday, 25 July 2017 9:09:24 AM

---

G`day,

I am getting in touch as regards point 7: What types of liquor licences and authorisations should be required to complete a CIS? on the Evaluation of the Community Impact Statement requirement for liquor licence applications.

We strongly feel that all establishments should be required to Complete a CIS and no exclusions offered. The area was saturated with venues, now down to a manageable level, yet still keeping the identity of The Cross, and we wish it not to get to that level again.

Hopefully our concerns and opinions count hence the reason for the contact.

Thanks!
