Statement of reasons

Decision

1. On 17 September 2018, Mr Daniel McBride (“Applicant”) lodged an application (“Application”) to the Independent Liquor and Gaming Authority (“Authority”), through Liquor & Gaming NSW (“L&GNSW”), for a small bar licence (“Licence”) for the premises at 153 Norton Street, Leichhardt (“Premises”), to be known as Golden Gully.
2. The Authority considered the Application at its meeting on 23 January 2019 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. Pursuant to section 20A of the Act, the Licence authorises liquor to be sold by retail on the Premises for consumption on the Premises.
5. The Licence was issued to the Applicant with a preliminary notification of this decision on 25 January 2019.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following legislative provisions under the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Section 11A: The mandatory 6 hour period during which liquor cannot be sold.
 - c) Section 12: The standard trading period for licensed premises, including small bars.
 - d) Section 20A-20C: Provisions specific to small bar licences.
 - e) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - f) Section 45: Criteria for granting a liquor licence.
 - g) Section 48: Requirements in respect of a CIS.
11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity and procedural requirements

13. The Authority is satisfied that:
 - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12, 20B and 40 of the Act, and

- b) the proposed use of the Premises as a small bar satisfies the requirements under sections 20A and 20C of the Act.

Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to section 45 of the Act, the Authority is satisfied that:
 - a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
 - b) practices will be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol and prevent intoxication, having regard to the plan of management for the Premises and the licence conditions to be imposed, and
 - c) the requisite development consent is in force for use of the Premises as a small bar, based on the notice of determination issued by Inner West Council on 29 November 2018.

Community impact statement

15. The Authority finds that the Application does not satisfy the CIS exemption requirements under section 48(3A) of the Act, as there is no evidence indicating that relevant parties have been notified of the Applicant's development application within two working days of that application.
16. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant procedural requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.
17. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Leichhardt, and the relevant "broader community" comprises the Local Government Area ("LGA") of Inner West.

Positive social impacts

18. The Authority notes that the Premises is located within a local hub of mixed businesses including restaurants, cafes, offices and retail shops. The Applicant proposed to offer a select range of wine, cocktail and beer products, and quality food and beverages through a full kitchen in the Premises.
19. The Authority accepts on the information available that if the Licence is granted, the Premises would provide members of the local and broader communities with an intimate small bar environment where liquor can be consumed while they meet, eat and socialise.
20. The Authority also accepts that the Premises, as the first small bar in Leichhardt if the Licence is granted, would contribute to the development of the night time economy and diversity of offerings in the local community.
21. The Authority notes the three submissions received from members of the local community in support of the Application. The Authority also notes that the Applicant and his business partner are both experienced operators of licensed venues, with a sound compliance history.
22. On the basis of the above, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the responsible and balanced development of the liquor industry.

Negative social impacts

23. The relevant BOCSAR data indicates that, for the year to September 2018:
 - a) the Premises was not located within any hotspots for incidents of alcohol related assault, domestic assault and non-domestic assault, and was located in a high density hotspot for malicious damage to property, and

- b) both Inner West LGA and Leichhardt recorded lower rates of alcohol related assault (domestic and non-domestic), malicious damage to property and alcohol related disorderly conduct compared to the NSW state average.
24. The HealthStats NSW data available at the time of the Authority's consideration of the Application indicates that the former LGA of Leichhardt recorded a lower than average level of alcohol attributable deaths, and a higher than average level of alcohol attributable hospitalisation, for the periods 2012-13 and 2013-15 respectively. The location of the Premises is within the former LGA of Leichhardt, which in 2016 merged with the former LGAs of Ashfield and Marrickville to form Inner West LGA.
25. The ABS Socio-Economic Indexes for Areas ("SEIFA") data as at 2016 indicates that Leichhardt and Inner West LGA ranked among the most advantaged suburbs and LGAs in NSW, on the Index of Relative Socio-economic Advantage and Disadvantage.
26. The Authority considers, on the basis of the above, that the prevailing level of alcohol related crime in the relevant local and broader communities do not raise immediate concerns, and that there is no indication of socio-economic disadvantage in those communities requiring its further consideration. The Authority has nonetheless had regard to the relatively high level of alcohol related hospitalisations in Inner West LGA.
27. The Authority accepts that there may be a risk that, if the Licence is granted, liquor sold at the Premises will over time contribute to an increase in alcohol related crime, health and other social and amenity issues in the local and broader communities.
28. The Authority nevertheless accepts that the risk of detrimental overall social impacts associated with the granting of the Licence is sufficiently mitigated by the following:
- a) The relatively small patron capacity of 100 compared to other licence types, and the reduced trading hours proposed for the Premises.
 - b) The absence of any objections from institutional stakeholders or members of the public. The Authority notes that NSW Police raised some concerns and proposed a number of conditions, some of which the Authority decided to impose after considering the Applicant's response and the other information available.
 - c) The street on which the Premises is located is covered by regular late-running bus services.
 - d) The experience and compliance history of the operators of the Premises, and the harm minimisation measures set out in the plan of management and licence conditions to facilitate the responsible service of liquor and prevention of intoxication at the Premises.

Trading hours

29. The Authority notes that the trading hours proposed for the Premises were inconsistently stated in the Application and community consultation material.
30. For example, the 'Notice of intention to apply for liquor licence or a licence authorisation' form stated that the proposed trading hours would commence from 4 pm on days other than Saturdays. According to the application form and the Applicant's subsequent correspondence, however, the Premises would commence trading from 12 midday on all trading days.
31. In order to ensure that the community is not misled in any way in respect of the trading hours proposed for the Premises, the Authority considers it appropriate to grant hours that align with the shortest period of which the community was put on notice.

Overall social impact

32. Having considered the positive and negative impacts that are likely to flow from approving the Application, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.

33. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.

34. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
- (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
- (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,
 a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and
 - (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
- (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.

 - any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),
- that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
