Licence name	Northside Hotel Bottle Shop
Premises	1109 Waugh Road North Albury NSW 2640
Trading hours	Monday to Sunday 9:00 AM – 10:00 PM

**Decision of the Independent Liquor & Gaming Authority
Application for a packaged liquor licence with extended trading authorisation -
Northside Hotel Bottle Shop**

The Independent Liquor & Gaming Authority considered the application above, and decided on 27 November 2019 to **approve** the application under sections 45 and 49 of the *Liquor Act 2007*, subject to imposing conditions as set out in Schedule 1.

Trading on a Sunday that falls on 24 December

Please note that in the case of any Sunday that falls on 24 December, the 6-hour closure period overrides the statutory provision that would otherwise allow the licence to trade from 9:00 AM. In accordance with the 6-hour closure period for the current licence, the Premises must not trade earlier than 10:00 AM.

Exemption under clause 117 of the Liquor Regulation 2018

Please note that pursuant to section 12 of the *Liquor Act 2007*, the standard trading period during which liquor can be sold for consumption away from the licensed premises must end at 10 PM on all trading days. However, the exemption provision under clause 117 of the Liquor Regulation 2018 permits takeaway liquor sales between 10:00 PM and 11:00 PM on days other than Sundays and restricted trading days.

Concise statement of reasons

A concise statement of reasons for this decision is attached at the end of this letter.

In the interest of efficient finalisation of determined matters in a high-volume liquor and gaming jurisdiction, the Authority will only produce a detailed statement of reasons for applications which are refused, partially approved or the subject of stakeholder objections.

A concise statement of reasons is produced for non-contested applications that have been approved by the Authority, in cases where a statement of reasons is required to be published for the application under section 36C of the *Gaming and Liquor Administration Act 2007*.

The concise statement of reasons briefly sets out the material considered by the Authority, the legislative requirements, and the Authority's key findings.

If you have any questions, please contact the case manager at danielle.hatton@liquorandgaming.nsw.gov.au.

Yours faithfully

Decision	Approved under sections 45 and 49 of the <i>Liquor Act 2007</i>

Material considered by the Authority

The Authority has considered the following material in determining the application:

- Application material, including evidence of notification to specified stakeholders and the community about the application;
- Category B community impact statement;
- Premises plan setting out the proposed boundaries of the licensed premises and any applicable authorisations;
- Plan of management for the licensed business at the premises;
- Development consent for the premises;
- Statistics sourced from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics in respect of the socio-economic status, liquor licence density, alcohol-related crimes rates, and health issues in the relevant local and broader communities; and
- Stakeholder submissions in relation to the application, and the applicant's response to those submissions.

Legislative requirements

The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:

- Section 3: Statutory objects of the Act and relevant considerations.
- Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
- Sections 29-31: Specific provisions in respect of a packaged liquor licence.
- Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
- Section 45: Criteria for granting a liquor licence.
- Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.
- Section 49: General provisions in respect of an ETA.
- Section 51: General provisions relating to licence-related authorisations.

The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

Key findings

In accordance with its Guideline 6, the Authority finds that the relevant local community for the purposes of this decision is the suburb of Albury, and the broader community is the Local Government Area of Albury.

Positive social impacts

The Authority notes that the premises has operated as a liquor store for over 40 years until it was shut down in October 2019 by NSW Police when it was discovered that the bottle shop was operating without a liquor licence, unbeknownst to the current operator due to a discrepancy in licensed boundaries

The Authority notes that the granting of the licence will enable the applicant to re-open the liquor store, thereby providing continuity in service and employment to the local community.

Negative social impacts

The Authority accepts that the proposal may, over time, contribute to an increase in alcohol-related harm in the local and broader communities, including alcohol-fuelled violence, health problems and/or social and amenity issues, having regard to the:

- presence of crime hotspots in the local community
- higher than average crime rates in the local and broader community
- higher than average level of alcohol-attributable deaths in the broader community
- relative socio-economic disadvantage in the local and broader community.

The Authority is nevertheless satisfied that these risk factors are sufficiently mitigated by the following:

- lower than average liquor licence density in the local and broader community
- absence of any objections from agency stakeholders or members of the community
- experience of the applicant as an operator of licensed premises
- lower than average level of alcohol-attributable hospitalisations in the broader community
- harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1.

Overall social impacts and conclusion

Having considered the positive and negative social impacts that are likely to flow from the applicant's proposal, the Authority is satisfied that the overall social impact of approving the application will not be detrimental to the well-being of the local or broader community.

The Authority is also satisfied that the other legislative requirements for the approval of the application have been met.

The Authority finds, having regard to the above, that approving the application is consistent with the statutory objects and considerations of the Act to regulate the liquor industry in line with the community's expectations, needs and aspirations, and facilitate the balanced and responsible development of the liquor industry and related industries.

Accordingly, the Authority approves the application under sections 45 and 49 of the Act.
