STATEMENT OF REASONS

Our decision

We have considered the objects of the *Liquor Act 2007* (the Act) and the relevant legislative provisions and have approved the application under section 59 of the Act.

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Maroubra. The broader community is the Local Government Area (LGA) of Randwick.

Positive social impacts

We are satisfied that the proposal would benefit the local and broader communities by providing convenience and choice through:

- offering high-quality range of beers, wines, spirits and ciders
- not undertaking aggressive discounting, and
- provision of next-day deliveries of alcohol.

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities because of the:

- high-density crime hotspots in Maroubra for all crime offence categories usually considered by the Authority
- crime rates for alcohol-related disorderly conduct in the Randwick LGA being higher compared to NSW, and
- rates of alcohol-attributable hospitalisations in the Randwick LGA being higher compared to NSW.

However, we are satisfied that these risks are reduced by the:

- crime rates in both Maroubra and the Randwick LGA for alcohol-related domestic and non-domestic assault and malicious damage being lower in comparison to NSW
- crime rates in Maroubra for alcohol-related disorderly conduct being lower in comparison to NSW
- rates of alcohol-attributable deaths in the Randwick LGA being lower in comparison to NSW
- saturation of packaged liquor licences in both Maroubra and the Randwick LGA being lower in comparison to NSW
- SEIFA health data indicating above average level of socio-economic advantage in both Maroubra and the Randwick LGA compared to NSW
- substantial reduction in trading hours, and
- the harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application
- a community impact statement (CIS)
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises.
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities, and
- stakeholder submissions and the applicant's response to them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community.

Yours sincerely

Caroline Lamb
