Statement of reasons

Decision

1. On 5 April 2018, Mrs Hye Ra Chin (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at 290 Main Rd, Cardiff, NSW 2285 (“Premises”).
2. The Authority considered the Application at its meeting on 15 August 2018 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. A preliminary notification of this decision was sent to the Applicant on 10 September 2018, together with the licence document for the Premises.
4. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2008 (“Regulation”).

Material considered by the Authority

5. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
6. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
7. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
8. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

9. The Authority has considered the Application in the context of the following provisions of the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 45: Criteria for granting a liquor licence.
 - f) Section 48: Requirements in respect of a CIS.
10. An extract of these sections is set out in Schedule 2.

Key findings

11. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

12. The Authority is satisfied on the material before it that:
 - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,
 - b) if the Licence were to be granted, liquor would be sold and supplied in a separate liquor sales area at the Premises, and in accordance with the authorisation conferred by a packaged liquor licence, as required by sections 29 and 30 of the Act, and

- c) section 31 of the Act does not apply to the Application as the Premises is not intended to operate as is contemplated by the section.

Fit and proper person, responsible service of alcohol, and development consent

13. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) no development consent is required for proposed use of the Premises, based on the written confirmation from the Lake Macquarie Council on 11 April 2018.

Community impact statement

14. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.

15. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Cardiff, and the relevant "broader community" comprises the Local Government Area ("LGA") of Lake Macquarie.

Positive social impacts

16. The Authority notes that the Premises is located amongst a small cluster of shops in a predominantly residential part of Cardiff.

17. The Authority considers the Applicant's contention that the Premises is located in a major employment hub and would provide a measure of convenience and improved user choice for liquor of Asian origin to be reasonable. The Authority also notes that the Premises will have a distinct business model, as they will be selling specialty liquor products of Asian origin, in conjunction with their general household purchases also of Asian origin. On this basis the Authority accepts the Applicant's contention that the Premises will cater to the needs of those customers who have a preference for these specialty liquor products.

18. The Authority considers the proposed benefits above to be limited by the absence of any substantive evidence of community support for the Application.

19. Having regard to the information available, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

Negative social impact

20. The Authority notes that, according to BOCSAR Crime Maps for the year to March 2018, the Premises is located within one of the two low-density crime hotspots for alcohol-related assault in Cardiff.

21. No other hotspots existed in the suburb or surrounding areas for domestic and non-domestic assault, alcohol-related assault, or malicious damage to property.

22. The relevant BOCSAR data indicates that, for the year to March 2018:

- a) the rate of alcohol-related domestic assault, alcohol-related non-domestic assault, malicious damage to property was higher than the NSW average for the suburb and the LGA.

b) the rate of persons for alcohol related disorderly conduct (offensive conduct) was significantly higher than the NSW average for the suburb, but lower in the LGA.

23. Data provided by NSW Health indicates that the recorded alcohol-related mortality rates for the Lake Macquarie LGA are slightly higher than NSW average and the alcohol-related hospitalisation rate for the LGA was below the NSW average.
24. One opposing submission was received from a member of the public who operates a business within 50 metres of the Premises. The submission raised concerns over the existing density of liquor licences, length of the proposed trading hours and increased risk of anti-social behaviour as a result of granting the Licence.
25. The Authority has considered the Applicant's response that the concerns raised in the objecting submission were not substantiated by objective evidence and not supported by other stakeholders. The Authority also notes that the risks raised in the submission are mitigated by the specific measures for harm minimisation outlined in the Plan of Management, and licence conditions requiring the operation of a CCTV system and restricting the types of alcohol that can be sold on the Premises.
26. The ABS SEIFA data based on the 2016 Census indicates that Cardiff was relatively disadvantaged, and Lake Macquarie LGA was relatively advantaged, compared to other suburbs and LGAs in NSW on the Index of Relative Socio Economic Advantage and Disadvantage.
27. Having regard to the available information, the Authority accepts that the relevant statistics raise some concerns in respect of the prevailing level of alcohol-related harm experienced in the local and broader communities. The Authority notes that the higher than average rates of alcohol-related crime in Cardiff may be partly attributable to the small population of that local community.
28. The Authority also accepts that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.
29. The Authority is nevertheless satisfied that the risk is adequately mitigated by the following:
 - a) No objections were received from any of the key stakeholders consulted, including NSW Police, Council and NSW FACS, in respect of the Application;
 - b) The relatively small scale of the liquor facility (16 square metres), which only accounts for 5 percent of the total supermarket retail floor;
 - c) The Applicant's proposed business model and consent to the condition to only sell a specific range of liquor products; and
 - d) The Applicant has consented to the imposition of a number of special licence conditions, such as the requirement to operate a CCTV system, and has committed to adhering to the measures set out in the Plan of Management to ensure that alcohol is served responsibly.

Trading hours

30. The Authority notes from the Application and community consultation material that the trading hours sought for the Premises between Monday and Saturday end at 10 PM.
31. The Authority also notes that if the Premises is authorised to trade until 10 PM, Monday to Saturday, it would in practice be authorised to also trade between 10 PM and 11 PM on those days pursuant to an exemption afforded by clause 70AB of the Regulation.
32. In the current circumstances, the Authority considers it appropriate to impose a closing time of 9:59 PM, Monday to Saturday, to prevent the unintended consequences of permitting the

Premises to trade beyond the hours sought by the Applicant and represented to stakeholders, including Council and NSW Police, during the community consultation process.

Overall social impact

33. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
34. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.
35. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

- (a) apply to a specified class of licensed premises, and

- (3) Without limiting subsection (2) (a), a class of licensed premises may be specified by reference to licensed premises that are located in a particular area (however described).

29 Authorisation conferred by packaged liquor licence

(1) Retail sales

A packaged liquor licence authorises the licensee to sell liquor by retail in sealed containers on the licensed premises, for consumption away from the licensed premises only:

- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
- (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to 10 pm on that day.

(2) No retail trading on restricted trading days

Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.

(3) Selling liquor by wholesale or to employees

A packaged liquor licence also authorises the licensee:

- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
- (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

(4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:
 - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

service station means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

take-away food shop means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

40 Licence applications

- (1) Licence applications are to be made to the Authority.
- (2) An application for a licence may be made by:
 - (a) an individual, or
 - (b) a corporation, or
 - (c) in the case of a club licence—a club (or a person on behalf of a club) that meets the requirements specified in section 10 (1) of the Registered Clubs Act 1976.
- (3) An application for a licence may not be made by:
 - (a) an individual who is under the age of 18 years, or
 - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or
 - (c) an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

Note. Controlled members are prohibited from applying for licences—see section 27 of the Crimes (Criminal Organisations Control) Act 2012.

- (4) An application for a licence must:
 - (a) be in the form and manner approved by the Authority, and
 - (b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
 - (c) be advertised in accordance with the regulations, and
 - (d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
