Concise statement of reasons

A concise statement of reasons for this decision is attached at the end of this letter.

In the interest of efficient finalisation of determined matters in a high-volume liquor and gaming jurisdiction, the Authority will only produce a detailed statement of reasons for applications which are refused, partially approved or the subject of stakeholder objections.

A concise statement of reasons is produced for non-contested applications that have been approved by the Authority, in cases where a statement of reasons is required to be published for the application under section 36C of the *Gaming and Liquor Administration Act 2007*.

The concise statement of reasons briefly sets out the material considered by the Authority, the legislative requirements, and the Authority's key findings.

Material considered by the Authority

The Authority has considered the following material in determining the application:

- Application material, including evidence of notification to specified stakeholders and the community about the application;
- Category B community impact statement;
- Premises plan setting out the proposed boundaries of the licensed premises and any applicable authorisations;
- Plan of management for the licensed business at the premises;
- Development consent for the premises;
- Statistics sourced from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics in respect of the socio-economic status, liquor licence density, alcohol-related crimes rates, and health issues in the relevant local and broader communities; and
- Stakeholder submissions in relation to the application, and the applicant's response to those submissions.

Legislative requirements

The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:

- Section 3: Statutory objects of the Act and relevant considerations.
- Section 11A: The mandatory 6-hour period during which liquor cannot be sold.
- Section 12: The standard trading period for licensed premises including hotels.
- Sections 14, 15, 15A and 17: Authorisation conferred by hotel licence, cessation of liquor sales during trading hours and miscellaneous conditions.
- Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
- Section 45: Criteria for granting a liquor licence.
- Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other

available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.

- Section 51: General provisions relating to licence-related authorisations.
- Section 121: Minors in hotels in company of responsible adult.

The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

Key findings

In accordance with its Guideline 6, the Authority finds that the relevant local community for the purposes of this decision is the suburb of Tamworth, and the broader community is the Local Government Area of Tamworth.

Positive social impacts

The Authority notes that the applicant proposes to replace the existing small bar licence with the hotel licence in order to enable takeaway sales of the craft beer brewed on the premises; to enable functions at the premises; and to permit minors on the premises in order to facilitate a family friendly environment. The Authority notes that the business model of the small bar and craft brewery otherwise remains unchanged.

The Authority is satisfied on the material before it that the proposal set out in the application, if approved, would likely benefit the local and broader communities through the diversification of the liquor industry and through the provision of increased liquor access and choice.

Noting the location of the proposed premises in the Tamworth tourism region, the Authority also accepts that approving the application would likely contribute to the development of the local tourism industry.

Negative social impacts

The Authority accepts that the proposal may, over time, contribute to an increase in alcohol-related harm in the local and broader communities, including alcohol-fuelled violence, health problems and/or social and amenity issues, having regard to the:

- higher than average liquor licence density in the local and broader community
- presence of crime hotspots in the local community
- higher than average crime rates in the broader community
- higher than average level of alcohol-attributable deaths in the broader community
- relative socio-economic disadvantage in the local community.

The Authority is nevertheless satisfied that these risk factors are sufficiently mitigated by the following:

- relatively small size of the premises at 110m²
- the premises will not trade after midnight
- gaming and gambling will not be offered at the premises
- the granting of the hotel licence and corresponding surrender of the small bar licence will not result in an increase in the density of licensed venues in the local or broader community
- lower than state average level of alcohol-attributable hospitalisations in the broader community
- absence of any objections from agency stakeholders or members of the community
- the good compliance history of the premises and licensee
- harm minimisation measures set out in the plan of management and licence conditions.

Overall social impacts and conclusion

Having considered the positive and negative social impacts that are likely to flow from the applicant's proposal, the Authority is satisfied that the overall social impact of approving the application will not be detrimental to the well-being of the local or broader community.

The Authority is also satisfied that the other legislative requirements for the approval of the application have been met.

The Authority finds, having regard to the above, that approving the application is consistent with the statutory objects and considerations of the Act to regulate the liquor industry in line with the community's expectations, needs and aspirations, and facilitate the balanced and responsible development of the liquor industry and related industries.

Accordingly, the Authority approves the application under section 45 of the Act.
