### **Concise statement of reasons**

In the interest of efficient finalisation of determined matters in a high-volume liquor and gaming jurisdiction, the Authority will only produce a detailed statement of reasons for applications which are refused, partially approved or the subject of stakeholder objections.

A concise statement of reasons is produced for non-contested applications that have been approved by the Authority, in cases where a statement of reasons is required to be published for the application under section 36C of the *Gaming and Liquor Administration Act 2007*.

The concise statement of reasons briefly sets out the material considered by the Authority, the legislative requirements, and the Authority's key findings.

## Concise statement of reasons

### Key facts

<b>Application No.</b>	APP-0005132588
<b>Applicant</b>	James A Scott-Mackenzie
<b>Application for</b>	Packaged liquor licence
<b>Licence name</b>	BWS Gregory Hills
<b>Premises</b>	Gregory Hills Town Centre Tenancy M1, 33 Village Circuit GREGORY HILLS NSW 2557
<b>Trading hours</b>	Monday to Saturday 8:00 AM – 9:59 PM Sunday 10:00 AM – 9:00 PM
<b>Application date</b>	19 December 2018
<b>Decision</b>	Approved under section 45 of the <i>Liquor Act 2007</i>
<b>Decision date</b>	17 April 2019

### Material considered by the Authority

The Authority has considered the following material in determining the application:

- Application material, including evidence of notification to specified stakeholders and the community about the application;
- Category B community impact statement;
- Premises plan setting out the proposed boundaries of the licensed premises;
- Plan of management for the licensed business at the premises;
- Development consent for the premises;
- Statistics sourced from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics in respect of the socio-economic status, liquor licence density, alcohol-related crimes rates, and health issues in the relevant local and broader communities; and
- Stakeholder submissions in relation to the application, and the applicant's response to those submissions.

### Legislative requirements

The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:

- Section 3: Statutory objects of the Act and relevant considerations.
- Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
- Sections 29-31: Specific provisions in respect of a packaged liquor licence.
- Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
- Section 45: Criteria for granting a liquor licence.
- Section 48: Requirements in respect of a CIS.

The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

## **Key findings**

In accordance with its Guideline 6, the Authority finds that the relevant local community for the purposes of this decision is the suburb of Gregory Hills, and the broader community is the Local Government Area of Camden.

### Positive social impacts

The Authority is satisfied on the material before it that the proposal set out in the application, if approved, would likely benefit the local and broader communities through the provision of increased liquor access, choice and convenience.

### Negative social impacts

The Authority accepts that the proposal may, over time, contribute to an increase in alcohol-related harm in the local and broader communities, including alcohol-fuelled violence, health problems and/or social and amenity issues, having regard to the:

- presence of a low-medium density hotspot for incidents of domestic assault in the local community
- higher than average crime rate for incidents of alcohol-related domestic assault in the local and broader community.

The Authority is nevertheless satisfied that these risk factors are sufficiently mitigated by the following:

- significantly lower than average liquor licence density in the local and broader community
- lower than state average crime rates for incidents of alcohol-related non-domestic assault and malicious damage to property in the local and broader community
- lower than state average level of alcohol-attributable deaths and hospitalisations
- relative socio-economic advantage in the local and broader community.
- absence of any objections from agency stakeholders or members of the community
- experience of the applicant as an operator of multiple licensed premises with sound compliance records
- harm minimisation measures set out in the plan of management and licence conditions.

### Overall social impacts and conclusion

Having considered the positive and negative social impacts that are likely to flow from the applicant's proposal, the Authority is satisfied that the overall social impact of approving the application will not be detrimental to the well-being of the local or broader community.

The Authority is also satisfied that the other legislative requirements for the approval of the application have been met.

The Authority finds, having regard to the above, that approving the application is consistent with the statutory objects and considerations of the Act to regulate the liquor industry in line with the community's expectations, needs and aspirations, and facilitate the balanced and responsible development of the liquor industry and related industries.

Accordingly, the Authority approves the application under section 45 of the Act.
