 - (a) to regulate and control the sale, supply and consumption of liquor in a way that is consistent with the expectations, needs and aspirations of the community,
 - (b) to facilitate the balanced development, in the public interest, of the liquor industry, through a flexible and practical regulatory system with minimal formality and technicality,
 - (c) to contribute to the responsible development of related industries such as the live music, entertainment, tourism and hospitality industries.
- (2) In order to secure the objects of this Act, each person who exercises functions under this Act (including a licensee) is required to have due regard to the following:
 - (a) the need to minimise harm associated with misuse and abuse of liquor (including the harm arising from violence and other anti-social behaviour),
 - (b) the need to encourage responsible attitudes and practices towards the promotion, sale, supply, service and consumption of liquor,
 - (c) the need to ensure that the sale, supply and consumption of liquor contributes to, and does not detract from, the amenity of community life.

3. Statutory tests

- (1) In determining an application for a licence, under section 45(3) of the *Liquor Act 2007*, the delegate must also be satisfied that:

Liquor, Gaming & Racing

- a. the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates,
- b. practices will be in place as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises and that those practices will remain in place, and
- c. if development consent is required under the *Environmental Planning and Assessment Act* 1979 (or approval under Part 4 Division 4.1 or Part 5.1 of that Act is required), to use the premises for the purposes of the business or activity to which the proposed licence relates – that development consent or approval is in force.
- d. the proposed approved manager/licensee has completed the relevant tiered industry training as per legislative requirements.

4. Community impact test

- (1) Under section 48(5) of the *Liquor Act 2007*, the delegate must not grant a licence, authorisation or approval of a kind prescribed by section 48(2) of the Act unless the Authority is satisfied, having regards to the Community Impact Statement, where required, and any other matter the delegate is made aware of during the Application process, that the overall impact of the licence, authorisation or approval in question being granted will not be detrimental to the local or broader community.
- (2) The test applying under section 48(5) relates to delegated decisions in relation to:
 - a. the grant or removal of a small bar licence (where required),
 - b. a packaged liquor licence (limited to telephone/internet sales),
 - c. an application for extended trading hours to permit the sale of liquor after midnight in relation to a small bar (where required), an on premises relating to a restaurant that includes an application for a primary service authorisation, an on premises licence relating to a karaoke bar, a catering service or a vessel, and an application for a producer/wholesaler licence that includes an application for a drink on premises authorisation.
- (3) The Community Impact Statement provides the Authority with information about the views of relevant stakeholders and other aspects of the local community in which the proposed licensed premises is to be located. This includes, for example,

Liquor, Gaming & Racing

the proximity of the licensed premises to hospitals or health facilities, nursing homes, schools and places of worship.

- (4) Local and Broader Community - for the purposes of this decision, the delegate is satisfied that the relevant “local community” is the community within the suburb of Bondi Junction and the “broader community” of New South Wales.

5. Analysis of Submissions and other Materials

- (1) Having reviewed all of the material, I am satisfied that this application for a Packaged (online) liquor licence is unlikely to result in any significant increase in alcohol-related harms in the local community.
- (2) I am satisfied that the applicant has provided consent to imposing the conditions contained in the licence document.
- (3) I am satisfied that the statutory advertising requirements have been met.
- (4) Development approval is not required for the proposed premises use.
- (5) I am satisfied that the proposed licensee has completed the relevant licensee/approved manager tiered industry training as per legislative requirements.

6. Overall social impact

(1) Positive benefits

The business is operating a home business. Liquor is sold using an online platform. The business is engaging third-party contractors for the storage and distribution of liquor products.

(1) Negative impacts

The nature of the licence sought means that there are unlikely to be any amenity impacts on the local community. Public submissions were received concerning increased traffic in the area and possible tasting conducted on the premises. The applicant has confirmed the premises will be used as a home office for administration purposes only.

7. Conclusion

- (1) I am satisfied that procedural fairness was afforded to the applicant and interested parties regarding the decision whether or not to grant the application, as all of those required to be notified of the application were provided with the opportunity to make written submissions and all submissions received were considered and helped inform this decision.

Liquor, Gaming & Racing

- (2) In accordance with section 45(3)(a) of the Act I am satisfied that the proposed licensee is a fit and proper person to carry on the business or activity to which the proposed licence relates.
- (3) Having considered the venue management plan and related material, under section 45(3)(b) of the Act, I am satisfied that practices will be in place at the premises as soon as the licence is granted that ensure, as far as reasonably practicable, that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place.
- (4) Consistent with section 45(3)(c) of the Act requiring development consent from the local council, I am satisfied that the required development consent or approval is in force.
- (5) In making this decision under delegation from of the Authority, all statutory objects and considerations prescribed by section 3 of the Act were considered and accordingly, I have determined to grant the liquor licence application with conditions.
