STATEMENT OF REASONS

DECISION

1. On 22 September 2021, Sarah Emily Tucker ("Applicant") lodged with Liquor & Gaming NSW ("L&GNSW"), for determination by the Independent Liquor & Gaming Authority ("Authority"), an application ("Application") for a Small Bar licence ("Licence") for the premises at 1807 Botany Rd, Banksmeadow, NSW 2019 ("Premises").
2. The Authority considered the Application at its meeting on 18 May 2022 and decided to grant the Licence under section 45 of the *Liquor Act 2007* ("Act").
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. A preliminary notification of this decision was sent to the Applicant on 23 June 2022, together with the licence document for the Premises.

MATERIAL CONSIDERED BY THE AUTHORITY

5. The Authority has considered the Application, the accompanying community impact statement ("CIS"), and all submissions received in relation to the Application.
6. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
7. In accordance with its *Guideline 6*, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research ("BOCSAR"), NSW Department of Health, and Australian Bureau of Statistics ("ABS").
8. A list of the material considered by the Authority is set out in Schedule 2.

LEGISLATIVE FRAMEWORK

9. The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
 - c) Section 20A: Authorisation conferred by small bar licence.
 - d) Section 20B: Trading hours for small bars.
 - e) Section 20C: Small bar licences – miscellaneous conditions.
 - f) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - g) Section 44: Submissions to Authority in relation to licence applications.
 - h) Section 45: Criteria for granting a liquor licence.
 - i) Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.
10. An extract of these sections is set out in Schedule 3.
11. The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

KEY FINDINGS

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:

- a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12, and 40 of the Act, and
- b) if the Licence were to be granted, liquor would be sold in accordance with the authorisation conferred by the Licence as required by section 20A of the Act.

14. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements.

Fit and proper person, responsible service of alcohol, and development consent requirements

15. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force, based on the modification of DA no 02/399 in respect of the Premises, issued by Bayside Council on 19 December 2002.

Community impact

Local and broader communities

16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Banksmeadow, and the relevant "broader community" comprises the Local Government Area ("LGA") of Bayside LGA.

Licence density

17. The Authority notes that, compared to the NSW state average:

- a) Banksmeadow and Bayside LGA have a **lower** saturation of small bar licences
- b) Banksmeadow and Bayside LGA have a **lower** clustering of small bar licences.

Crime data

18. The relevant BOCSAR data indicates that, in the year to December 2021:

- a) the Premises wasn't located within hotspots for incidents of alcohol-related assault, domestic and non-domestic assault, or malicious damage to property.
- b) the Premises was located in close proximity to hotspots for incidents of alcohol-related domestic assault and malicious damage to property, in areas that are likely to be serviced by the Licence
- c) the Bayside LGA recorded **lower** rates of alcohol related domestic and non-domestic assault, alcohol-related offensive conduct and malicious damage to property, compared to the NSW state average.

Alcohol-related health data

19. The most recent HealthStats NSW data available at the time of the Authority's decision indicates that Bayside LGA recorded a **lower** than average level of alcohol-attributable deaths for the period 2017-2019, and a **lower** than average level of alcohol-attributable hospitalisations for the period 2017-2018.

Business model

20. The Authority notes that the proposed business model involves operating a small bar licence on the ground floor only of the premises. This includes providing live entertainment, DJ's and background music.

Purported benefits

21. The Authority has had regard to the Applicant's purported benefits, including that:
- a) a selection of food will be provided from a full menu until 10:00 PM, then a select menu will apply. This will allow patrons the convenience of getting a meal until late in the evening with the venue closing shortly after.
 - b) the venue is located within an industrial area and had a dormant hotel licence, trading as Botany Bay Hotel (LIQH400100647) which was moved to another premises in September 2021. The location of the venue allows the Applicant to operate with minimal disturbance to the local residents in the area.
22. The Authority considers the proposed benefits above to be limited by the absence of any substantive evidence of community support for the Application, noting that there was also no objection from any members of the community.

Stakeholder submissions

23. The Authority has had regard to the submissions from:
- a) **NSW Police Force**, which notes that the lack of need for the liquor licence due to the location, floor plan, size, isolation and lack of security for the premises. NSW Police submit the licence would be situated within an industrial area and this would give rise to potential vulnerability of patrons and staff members. NSW Police further submit that the Plan of Management does not provide details of any steps that would need to be taken in relation to a person's safety or the safety of staff members, should a patron be excluded from the venue. NSW Police also noted concerns that the first floor of the venue, which contains living quarters would potentially be used as a brothel.
 - b) **L&GNSW Compliance**, which notes that there were no adverse findings in relation to the granting of the Application however noted that an updated Plan of Management would be needed to align with the new business model. L&GNSW noted that the Applicant would need to update the premises plan to include clear labels that relate to the new business and removes all reference to previous business operations.
 - c) **Bayside Council**, which notes a conflict with condition 38 in DA 02/339 and the Premises plan of management.
 - d) **South Eastern Sydney Local Health District**, which notes certain lower crime statistics and that alcohol related deaths and hospitalisations in the Bayside LGA are lower than the NSW average.
 - e) **Transport for NSW**, which recommends participation in the local liquor accord and requests that education material on drink driving prevention and alternative transport is made available to patrons.
24. The Authority has also had regard to the Applicant's submission in response:

- a) no entertainment will be provided at the venue as per the DA.
- b) the first floor accommodation area will be used as either a rental space or for a live-in onsite manager.

Findings of concern

25. The Authority notes that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities, and in other areas of the State.

Mitigating factors

26. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:

- a) outlet saturation and outlet clustering of packaged liquor licences and licences authorised to sell packaged liquor in the local and broader communities is significantly lower compared to the NSW state average.
- b) the venue is located within an industrial area with very low residential population.
- c) the venue is not located within any alcohol related crime hotspots and there are relatively low crime statistics for the suburb.
- d) no objections were received from local council, NSW Health or the public.
- e) harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1

CONCLUSION

27. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.

28. The Authority is also satisfied that the other legislative criteria for the granting of the Application have been met.

29. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

Yours faithfully

 - (a) an individual who is under the age of 18 years, or
 - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or
 - (c) an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

Note. Controlled members are prohibited from applying for licences—see section 27 of the Crimes (Criminal Organisations Control) Act 2012.

- (4) An application for a licence must:
 - (a) be in the form and manner approved by the Authority, and
 - (b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
 - (c) be advertised in accordance with the regulations, and
 - (d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

44 Submissions to Authority in relation to licence applications

- (1) Any person may, subject to and in accordance with the regulations, make a submission to the Authority in relation to an application for a licence.
- (2) If any such submission is made to the Authority, the Authority is to take the submission into consideration before deciding whether or not to grant the licence.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,
 - a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and
 - (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
- (7) In deciding whether or not to grant a licence, the Authority must consider whether, if the licence were granted, it would provide employment in, or other opportunities for, any of the following—
 - (a) the live music industry,
 - (b) the arts sector,
 - (c) the tourism sector,
 - (d) the community or cultural sector.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
 - (a) the views of the local community, and
 - (b) the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
 - (c) whether the granting of the application would provide employment in, or other opportunities for, any of the following—
 - (i) the live music industry,
 - (ii) the arts sector,
 - (iii) the tourism sector,
 - (iv) community or cultural sector.

 - (e) an application for an extended trading authorisation in relation to a producer/wholesaler licence (but only if the authorisation will result in retail trading at any time between midnight and 5 am),
 - (f) any particular application (or class of application) that is required by the Authority to be accompanied by a community impact statement,
 - (g) any other application of a kind prescribed by the regulations or made in such circumstances as may be prescribed by the regulations,
 - but does not include any application for an extended trading authorisation in relation to a special occasion (as referred to in section 49 (5) (b) or (5A) or 49A (3) (b)).
- (3) A relevant application must be accompanied by a community impact statement.
- (3A) However, a small bar application is not required to be accompanied by a community impact statement if:

- (a) development consent is required under the Environmental Planning and Assessment Act 1979 to use the premises to which the application relates as a small bar or to sell liquor during the times to which the application relates, and
 - (b) the local police and the Secretary are, no more than 2 working days after the application for the required development consent, or any variation to that application, is made, notified by the applicant of the making of the application for development consent or of the variation to that application.
- (3B) For the purposes of subsection (3A), a **small bar application** means any of the following:
- (a) an application for a small bar licence,
 - (b) an application for approval to remove a small bar licence to other premises,
 - (c) an application for an extended trading authorisation for a small bar,
 - (d) an application to vary an extended trading authorisation for a small bar.
- (3C) An application (other than an application under clause 39 of Schedule 1) for a small bar licence is not, despite subsection (3), required to be accompanied by a community impact statement if:
- (a) the application relates to the same premises as the premises to which a general bar licence relates, and
 - (b) development consent has been obtained under the Environmental Planning and Assessment Act 1979 to sell liquor during the times to which the application relates and those times are specified in the development consent.
- (3D) Despite subsection (3), an application for a multi-occasion extended trading authorisation (as referred to in section 49B) is not required to be accompanied by a community impact statement if:
- (a) an extended trading authorisation of the kind referred to in section 49 (5) (a) is in force in respect of the licensed premises concerned, or
 - (b) the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:
- (a) be prepared in accordance with the regulations and any requirements of the Authority, and
 - (b) be in the form approved by the Authority.
- (5) The Authority must not grant a licence, authorisation or approval to which a relevant application relates unless the Authority is satisfied, after having regard to:
- (a) the community impact statement provided with the application, and
 - (a1) any published cumulative impact assessment that applies to the area in which the premises the subject of the application are located, and
 - (b) any other matter the Authority is made aware of during the application process (such as by way of reports or submissions),
- that the overall social impact of the licence, authorisation or approval being granted will not be detrimental to the well-being of the local or broader community.
- (6) The regulations may make provision for or with respect to the following:
- (a) the requirements that must be satisfied in relation to the preparation of a community impact statement (including consultation requirements),
 - (b) the matters to be addressed by a community impact statement,
 - (c) the information to be provided in a community impact statement,
 - (d) the criteria for determining the local and broader community for the purposes of a relevant application,
 - (e) any other matter relating to the preparation and content of a community impact statement.
- (7) Without limiting subsection (6), the regulations may provide that the matters to be addressed by a community impact statement are, in the case of an application for an extended trading authorisation in relation to a hotel licence, to include matters relating to gambling activities on the licensed premises during the period that the authorisation is proposed to be in force.
