**Decision of the Independent Liquor & Gaming Authority
Application for a new packaged liquor licence – Hometown Fresh Market**

We **approve** the application under section 45 of the *Liquor Act 2007* - with the conditions set out in Schedule 1. Preliminary advice of this decision was provided on 14 March 2023.

Trading on a Sunday that falls on 24 December

If a Sunday that falls on 24 December, the 6-hour closure period overrides the statutory provision that would otherwise allow the licence to trade from 8:00 AM. Under the 6-hour closure period for the licence, the premises must not trade earlier than 10:00 AM on a Sunday which falls on 24 December.

Mixed-use checkouts must be closed outside licensed hours

Under section 103(2) of the Act, any counter or place used to sell or supply liquor under the licence, including any mixed-use checkouts in the liquor sales area, must be closed to the public outside the licensed trading hours.

Statement of reasons

Overall, we are satisfied that the social impact of approving the application will not be detrimental to the well-being of the local or broader community

Our findings

Procedural and trading hour requirements

We are satisfied that:

- the application is valid and meets the Liquor Act's requirements for procedural fairness and trading period

- liquor would be sold and supplied in a separate liquor sales area at the premises
- section 31 of the Act doesn't apply to this application
- the Community Impact Statement (CIS) meets the relevant requirements.

'Fit and proper person'

The applicant is a 'fit and proper person' to operate the business to which the proposed licence relates.

Responsible service of alcohol

Procedures for the responsible service of alcohol will be in place at the premises from the start of licensed trading, under the plan of management and the conditions on the licence.

Development consent requirements

The necessary development consent is in force. Shellharbour LGA approved the development application Ref:6699/0 on 9 November 2020.

Community impact

Local and broader communities

The relevant local community is the town of Shellharbour City and the relevant broader community comprises the Local Governance Area of Shellharbour.

Diversity and density of licensed outlets

L&GNSW Liquor & Gaming Live Data Report for Shellharbour City shows:

- there are 18 authorised liquor licences, of which 6 are authorised to sell packaged liquor (comprised of 5 packaged liquor licences and 1 hotel licence)
- saturation of packaged liquor licences in Shellharbour City is higher compared to both the Shellharbour LGA and all of NSW, although this data may be skewed due to low population density in the suburb.

Crime data (annual rate per 100,000 residents)

BOCSAR data shows that, in the year to March 2022

- the premises are located in a medium density hotspot for incidents of alcohol-related non-domestic assault and malicious damage to property
- the incident rate for the Shellharbour LGA for all crime categories considered by the Authority was lower compared with all of NSW.

Alcohol-related health data (per 100,000 residents)

Health Stats NSW data available for Shellharbour LGA shows:

- alcohol-related deaths were higher compared to all of NSW
- alcohol-related hospitalisations were lower compared to all of NSW.

ABS Socio-Economic Index for Areas (SEIFA)

Shellharbour City was ranked as below average level of relative socio-economic advantage and Shellharbour LGA indicates an average level of relative socio-economic advantage in terms of household income and residents in skilled occupations compared to other suburbs and LGAs in NSW.

Business model

We note that the proposed business model involves the operation of a small liquor sales area (12m²) within an existing Asian-style retail grocery store (699 m²) to sell packaged specialised liquor products produced in China, South Korea and Japan, for consumption away from the premises.

Benefits proposed by the applicant

The applicant proposed that convenience would be a benefit for consumers wishing to buy packaged specialised liquor products produced in China, South Korea and Japan locally from a 'one stop shop' grocery store with a focus on imported products.

Stakeholder submissions

We considered the submissions from:

- NSW Police Force, dated 5 August 2022, objecting to the proposal noting concerns about the high-risk factors associated with the location with high licence saturation in the area
- Local Council, dated 27 April 2022, which notes no concerns, no objections
- Compliance L&GNSW, dated 19 July 2022, which notes no objection
- Transport for NSW, which notes requests to maintain awareness of local alcohol-related issues impacting the community and to participate in the local liquor accord.

We also considered the Applicant's submission in response, to these submissions, which notes their consent to becoming an active member of the liquor accord, complying with all the requirements of the Shellharbour City alcohol-free zone and liaising with the Licensing Unit, Lake Illawarra Police District and the Shellharbour City LGA to help reduce alcohol-related offences.

Findings of concern

The premises is located in a medium-density hotspot for incidents of non-domestic assault and malicious damage to property and the data suggests a higher licence saturation of packaged liquor licences in Shellharbour City compared to the LGA and all of NSW. There is a risk that if the licence was granted, liquor sold from the premises will contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities, and in other areas of the State.

We are satisfied the risks may be mitigated by the following factors:

- crime rates for the Shellharbour LGA are lower compared to all of NSW
- the premises will operate under reduced trading hours
- the sale of liquor products will be limited to specialised liquor products produced in China, South Korea and Japan
- harm minimisation measures outlined in the plan of management and licence conditions set out in Schedule 1.
