## Statement of reasons

### Decision

1. On 25 September 2018, HMT PTY LTD (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at Shop G01 65 Albert Avenue, Chatswood NSW 2067 (“Premises”).
2. The Authority considered the Application at its meeting on 23 January 2019 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.

### Material considered by the Authority

4. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
5. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
6. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
7. A list of the material considered by the Authority is set out in Schedule 1.

### Legislative framework

8. The Authority has considered the Application in the context of the following provisions of the Act:
  - a) Section 3: Statutory objects of the Act and relevant considerations.
  - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
  - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
  - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
  - e) Section 45: Criteria for granting a liquor licence.
  - f) Section 48: Requirements in respect of a CIS.
9. An extract of these sections is set out in Schedule 2.

### Key findings

10. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

### Validity, procedural and trading hour requirements

11. The Authority is satisfied on the material before it that:
  - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,
  - b) if the Licence were to be granted, liquor would be sold and supplied in a separate liquor sales area at the Premises, and in accordance with the authorisation conferred by a packaged liquor licence, as required by sections 29 and 30 of the Act, and
  - c) section 31 of the Act does not apply to the Application as the Premises is not intended to operate as is contemplated by the section.

### Fit and proper person, responsible service of alcohol, and development consent

12. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force, based on Development Application No. DA-2005/166 in respect of the Premises, issued by Willoughby City Council on 22 March 2005.

### Community impact statement

13. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.

14. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Chatswood, and the relevant "broader community" comprises the Local Government Area ("LGA") of Willoughby.

### Positive social impacts

15. The Authority considers that the addition of a small packaged liquor department will provide a measure of convenience for customers of the Asian supermarket, who will be able to purchase speciality Asian liquor products along with speciality Asian grocery items.

16. The Authority considers the benefit of convenience to be somewhat reduced, however, by the small size of the Premises. A small packaged liquor facility is less likely to carry a comprehensive range of liquor products, meaning that customers of the supermarket might still prefer to shop at an alternative packaged liquor facility.

17. The Authority notes that the populations of both Chatswood and the LGA are increasing, and considers that the Premises will provide the growing local community with additional access to packaged liquor and increased product choice. However, the Authority also notes that Chatswood suburb and LGA are each already well provisioned by the several existing packaged liquor facilities in the area.

18. The Authority notes that with the exception of one objecting submission from NSW Health, there were no objections to the Application received from any stakeholders, special interest groups, occupiers of neighbouring residences or any other member of the public. Notably, NSW Police made a submission and did not object to the Application.

19. The Authority notes that there is some level of community support for the proposed liquor facility, as evidenced by the petition featuring 343 signatures in support of the proposal that was provided by the Applicant.

20. Accordingly, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

### Negative social impact

21. The Authority notes that, according to BOCSAR Crime Maps for the year to September 2018, the Premises was located within:

- a) a medium-density hotspot for incidents of alcohol-related assault;

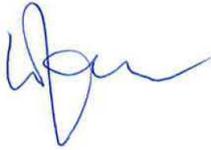

- b) a medium-density hotspot for incidents of domestic assault;
  - c) a high-density hotspot for incidents of non-domestic assault; and
  - d) a high-density hotspot for incidents of malicious damage to property.
22. The Authority considers, however, that the concerns that such mapping raises are alleviated by the rates of crime recorded for Chatswood suburb and the LGA for that period, which were significantly lower than the NSW average.
23. BOCSAR crime data for the year to September 2018 indicates that the rates of alcohol-related domestic and non-domestic assault, malicious damage to property and alcohol-related disorderly conduct (offensive conduct) in Chatswood and the LGA were significantly lower than the corresponding NSW rates.
24. The Authority notes from the most recent HealthStats NSW data available at the time of its consideration that the LGA recorded a rate of alcohol attributable deaths for the period 2012-13 that was significantly lower than the state average, and a rate of alcohol attributable hospitalisations for the period 2013-15 that was slightly lower than the state average.
25. The Authority has had regard to the ABS data indicating that, as at 2016, Chatswood was amongst the most advantaged suburbs, and Willoughby LGA amongst the most advantaged local government areas in NSW on the Index of Relative Socio-economic Advantage and Disadvantage.
26. Accordingly, the Authority notes that there are no immediate concerns regarding socioeconomic disadvantage in the broader community which may increase vulnerability to alcohol-related harms.
27. The Authority noted the objection from NSW Health which raised issues about the existing density of packaged liquor licences and the potential for increased negative impacts on the local community. However, the issues raised are not substantiated by objective evidence and not supported by other stakeholders.
28. The Authority also noted that both Chatswood and Willoughby LGA have a higher density of packaged liquor licences than the state average. The Authority notes the Applicant's contention that Chatswood is one of the main retail precincts in the Sydney metropolitan area, servicing a much wider area, with the population in both the suburb and LGA expected to increase significantly in coming years as a result of various new residential developments.
29. Whilst the information before the Authority gives rise to some concerns, the Authority is nevertheless satisfied that the risk associated with the granting of the Licence will be adequately mitigated by the following:
- a) The fact that objective BOCSAR data indicates that the rates of alcohol-related crime are significantly lower than the corresponding NSW rates;
  - b) The Premises will operate for reduced trading hours, closing by 8:00 PM every day except Thursdays; and
  - c) The Applicant has committed to adhering to the harm minimisation measures in the plan of management, and consented to all proposed licence conditions, such as the requirement to operate a CCTV system.

#### Overall social impact

30. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.

31. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.

32. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

### (4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

## 30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

## 31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:

  - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

**general store** means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

**service station** means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

**take-away food shop** means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

#### 45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:

  - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
  - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

**Note.** Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
  - (a) that the person:
    - (i) is a member of, or
    - (ii) is a close associate of, or
    - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
  - (a) is of good repute, having regard to character, honesty and integrity, and
  - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
