Statement of reasons

Decision

1. On 27 March 2019, Alily Pty Ltd (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at 281 Great Western Highway, Warrimoo (“Premises”).
2. The Authority considered the Application at its meeting on 19 June 2019 and decided to approve it under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. Pursuant to section 29(1) of the Act, the Licence authorises liquor to be sold in sealed containers at the Premises for consumption away from the Premises.
5. The licence document was issued to the Applicant with a preliminary notification of this decision on 4 July 2019.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following provisions of the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 45: Criteria for granting a liquor licence.
 - f) Section 48: Requirements in respect of a CIS.
11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:
 - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,

- b) if the Licence were to be granted, liquor would be sold and supplied in accordance with the authorisation conferred by a packaged liquor licence, as required by section 29 of the Act, and
- c) sections 30 and 31 of the Act do not apply to the Application as the Premises is not intended to operate as is contemplated by those sections.

Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
- b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
- c) the requisite development consent is in force, based on the Complying Development Certificate 190108-01 issued by Concise Certification on 10 May 2019, the Notice of Determination of Development Application No. 1482/97 issued by City of Blue Mountains Council on 2 July 1998, and the Notice of Determination of Development Application No. 6775 issued on 14 December 1988 in respect of the Premises.

Community impact statement

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.

16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Warrimoo, and the relevant "broader community" comprises the Blue Mountains Local Government Area ("LGA").

Positive social impacts

- 17. The Authority notes that there are currently no other licensed premises in the suburb of Warrimoo. Furthermore, the density of packaged liquor licences in Blue Mountains LGA, according to the L&GNSW data dated 20 May 2019, was lower than the average density of packaged liquor licences across NSW. The Authority accepts that granting the Licence would offer residents of and visitors to Warrimoo convenient local access to packaged liquor.
- 18. The Authority also notes that the sole director and shareholder of the Applicant company is a local resident who has resided in the Blue Mountains area for the majority of his life, and currently operates Murray's Cellars stores located in the neighbouring suburbs of Blaxland and Glenbrook.
- 19. The Authority considers the Premises to be relatively small in size, at 70 square metres.
- 20. The Authority accepts that the Premises will comprise a modern packaged liquor facility offering a range of liquor products, including products ordered in at the request of patrons, enabling the product range to be tailored to local preferences.
- 21. The Authority notes that no objections were received in response to the Application, including from any of the legislated stakeholders. The submission received from NSW Police requested the imposition of a number of conditions, most of which the Authority has determined to impose on the Licence.

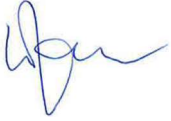

22. Having regard to the information available, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

Negative social impact

23. The Authority notes that, according to BOCSAR Crime Maps for the year to December 2018, there were no hotspots in Warrimoo for incidents of any relevant alcohol-related offences.
24. The Authority also notes that BOCSAR crime data for the same period indicates that the rates of alcohol-related domestic assault, alcohol-related non-domestic assault and malicious damage to property in Warrimoo were lower than the corresponding NSW rates, and in some cases non-existent. The rate of alcohol-related disorderly conduct in Warrimoo was, however, higher than that for NSW.
25. Furthermore, the Authority notes that BOCSAR crime data for the same period indicates that the rates of alcohol-related domestic assault and alcohol-related disorderly conduct in Blue Mountains LGA were lower than the corresponding NSW rates, however rates of alcohol-related non-domestic assault and malicious damage to property were higher.
26. The Authority notes with some concern that the most recent HealthStats NSW data available at the time of the Authority's consideration indicates that Blue Mountains LGA recorded a higher than average level of alcohol attributable hospitalisations for the period 2015-17 and alcohol attributable deaths for the period 2015-16.
27. The ABS Census data as at 2016 indicates that Warrimoo and Blue Mountains LGA ranked amongst the most advantaged suburbs and LGAs in NSW on the Index of Relative Socio-economic Advantage and Disadvantage.
28. The Authority considers that the statistics above, when considered together, do not raise a high level of concern in respect of the prevailing level of alcohol-related harm experienced in the local community, or the risk of detrimental social impact that may be associated with granting the Licence.
29. The Authority is further satisfied that any risk of detrimental social impact associated with granting the Licence would be adequately mitigated by the following:
- a) The imposition of licence conditions intended to bolster the responsible supply of alcohol at the Premises, and the Applicant's adherence to the measures set out in the Applicant's Plan of Management documents.
 - b) The relatively small licensed area of some 70 square metres, which will help to further reduce any adverse impact its operation may have on the amenity of the community.
 - c) The Premises' relatively modest trading hours, with its operation ceasing by 8:00 pm on most days.

Overall social impact

30. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
31. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.
32. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

29 Authorisation conferred by packaged liquor licence

(1) Retail sales

- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
- (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to 10 pm on that day.

(2) No retail trading on restricted trading days

Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.

(3) Selling liquor by wholesale or to employees

A packaged liquor licence also authorises the licensee:

- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
- (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

(4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:
 - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

service station means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

take-away food shop means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

40 Licence applications

- (1) Licence applications are to be made to the Authority.
- (2) An application for a licence may be made by:
 - (a) an individual, or
 - (b) a corporation, or
 - (c) in the case of a club licence—a club (or a person on behalf of a club) that meets the requirements specified in section 10 (1) of the Registered Clubs Act 1976.
- (3) An application for a licence may not be made by:
 - (a) an individual who is under the age of 18 years, or
 - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or
 - (c) an individual who is a controlled member of a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012.

Note. Controlled members are prohibited from applying for licences—see section 27 of the Crimes (Criminal Organisations Control) Act 2012.

- (4) An application for a licence must:
 - (a) be in the form and manner approved by the Authority, and
 - (b) be accompanied by the fee prescribed by the regulations and such information and particulars as may be prescribed by the regulations, and
 - (c) be advertised in accordance with the regulations, and
 - (d) comply with such other requirements as may be approved by the Authority or prescribed by the regulations.

Note. See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
 - (a) the views of the local community, and
 - (b) the results of any discussions between the applicant and the local community about the issues and concerns that the local community may have in relation to the application.
- (2) In this section:
