A concise statement of reasons for this decision is attached at the end of this letter.

A concise statement of reasons is produced for non-contested applications that have been approved by the Authority, in cases where a statement of reasons is required to be published for the application under section 36C of the *Gaming and Liquor Administration Act 2007*.

The concise statement of reasons briefly sets out the material considered by the Authority, the legislative requirements, and the Authority's key findings.

Decision	Approved under section 45 of the <i>Liquor Act 2007</i>
Decision date	29 November 2019

Material considered by the Authority

The Authority has considered the following material in determining the application:

- Application material, including evidence of notification to specified stakeholders and the community about the application;
- Category B community impact statement;
- Premises plan setting out the proposed boundaries of the licensed premises;
- Plan of management for the licensed business at the premises;
- Development consent for the premises;
- Statistics sourced from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics in respect of the socio-economic status, liquor licence density, alcohol-related crimes rates, and health issues in the relevant local and broader communities; and
- Stakeholder submissions in relation to the application, and the applicant's response to those submissions.

Legislative requirements

The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:

- Section 3: Statutory objects of the Act and relevant considerations.
- Section 11A: The mandatory 6 hour period during which liquor cannot be sold.
- Section 12: The standard trading period for licensed premises including hotels.
- Sections 14-17: Provisions specific to a hotel licence.
- Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
- Section 45: Criteria for granting a liquor licence.
- Section 48: Requirements in respect of a CIS, including a requirement that the Authority must not approve the application unless it is satisfied, having regard to the CIS and other available information, that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community.
- Section 121: Specific provisions in respect of a minors area authorisations.

- Section 122: Specific provisions in respect of a minors functions authorisation.

The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

Key findings

In accordance with its Guideline 6, the Authority finds that the relevant local community for the purposes of this decision is the suburb of Junee, and the broader community is the Local Government Area of Junee Shire.

Positive social impacts

The Authority is satisfied on the material before it that the proposal set out in the application, if approved, would likely benefit the local and broader communities through the provision of increased liquor access, choice and convenience.

The Authority notes that premises previously operated as a hotel for over 100 years, and had its liquor licence cancelled in July 2018 for non-payment of licence fees.

The Authority accepts on this basis that the premises as a hotel had been an integral part of the local community, and approving the application will allow it to resume its century-long provision of liquor and other related services to the community.

Negative social impacts

The Authority accepts that the proposal may, over time, contribute to an increase in alcohol-related harm in the local and broader communities, including alcohol-fuelled violence, health problems and/or social and amenity issues, having regard to the:

- higher than average liquor licence density in the local and broader communities
- elevated rates of certain categories of alcohol-related crime in the local and broader communities
- higher than average level of alcohol-attributable deaths in the broader community
- relative socio-economic disadvantage in the local and broader communities.

The Authority is nevertheless satisfied that these risk factors are sufficiently mitigated by the following:

- absence of any objections from agency stakeholders or members of the community
- harm minimisation measures set out in the plan of management and the licence conditions in Schedule 1.

Overall social impacts and conclusion

Having considered the positive and negative social impacts that are likely to flow from the applicant's proposal, the Authority is satisfied that the overall social impact of approving the application will not be detrimental to the well-being of the local or broader community.

The Authority is also satisfied that the other legislative requirements for the approval of the application have been met.

The Authority finds, having regard to the above, that approving the application is consistent with the statutory objects and considerations of the Act to regulate the liquor industry in line with the community's expectations, needs and aspirations, and facilitate the balanced and responsible development of the liquor industry and related industries.

Accordingly, the Authority approves the application under section 45 of the Act.
