4. Local Community

- 4.1. The Clarendon Tavern is on Hawkesbury Valley Way, the main arterial road between Windsor and Richmond, adjacent to the railway station and Hawkesbury Race Track. It recently experienced substantial renovation including children's play area and function area.

It follows, that the majority of the hotel's clientele are 'local'.

- 4.2. For the purpose of this application the local community has been identified as the SA2 Band Area of Richmond Clarendon.
- 4.3. Sporting and social clubs use the premises and consider the facilities an important asset to the community. If the application is approved, the Hotel will be able to continue to support the many organisations currently supported and to offer similar support to other local organisations.
- 4.4. The current operators acquired the business in July 2021 and will immediately endeavour to partner with local community and charity groups as the prior operator did.

Such groups included:

- PCYC football team
- South-west Metro Waratahs indigenous rugby league 1st grade team
- Merana Aboriginal Community Association NAIDOC 2019
- Banger Bash leukaemia foundation charity event
- 'Yes Mate' Charity Event held at the Tavern for a local man with leukaemia
- Upcoming hosting of the IPS Family Fun Day to raise money for Beyond Blue.

The operators are committed to transforming the venue into a place where community groups, friends and families can gather in a safe and friendly environment.

The prior operators undertook work to create a children's play area in the beer garden to increase appeal to local family groups.

- 4.5. Entertainment is provided with live music/live bands on Friday and Saturday nights.

5. Demography

- 5.1 The population of the state suburb of Clarendon was 122 (2016 census) and of the SA2 Area 13,842. Annexure 1 is a table of key demographics information in relation to the SA2 and Hawkesbury City LGA.

The population characteristics of the SA2 are less favourable to state averages while those of Hawkesbury City LGA are comparatively socio-economically advantaged.

However the Clarendon Tavern is Clarendon's and one of the LGA's and SA2's de facto community centres and a social centre, providing the community with a safe, comfortable place where residents can meet and mingle, form friendships, share troubles and enjoy free entertainment and good food at reasonable prices as well as having a flutter on the pokies and TAB. This is a place where community meetings

are held and is one of the few facilities which can bring the people of the area together as a community. It is a social hub for Clarendon and one of those for the LGA and SA2.

The hotel is well managed and well regarded by local community groups and subsidises its bistro as well as a range of social clubs.

The increase in threshold is being sought to enable the applicant to maintain and improve the hotel and the service it provides to the community.

- 5.2 There are only 5 hotels and 3 clubs located in the SA2 Band 2 area (see attached LIA Banding map and banding map of surrounding areas). As well as these premises, the North Richmond Hotel at North Richmond with 15 poker machine entitlements, the Panthers North Richmond with 80 poker machine entitlements, in Richmond itself the Richmond Golf Club with 15 pme's, the Richmond Inn Hotel with 17 pme's, the Royal Hotel with 29 pme's, McGee's with 17 pme's and the Richmond Club with 136 pme's.
- 5.3 The population of Richmond Clarendon SA2 area as of 2016 census was 13,842 with 90 gaming machines in 5 hotels, an average of 461 persons per gaming machine.
- 5.4 The SA2 is bounded to the southeast by the Windsor-Bligh Park SA2 with the railway hotel at Windsor with 5 egm's, Tates Hotel with 15 egm's, the Fitzroy hotel with 16 egm's, the Bligh Park family tavern with 21 egms, the Windsor bowling club with 11 egm=s, the Windsor country club with 12 egm's, the Windsor Leagues Club with 62 egms, the Windsor rsl club with 169 egm's. To the north is the Kurrajong Heights-Ebenezer SA2 band 1, and to the balance of the south by the Yarramundi-Londonderry SA2 band 1.
- 5.5 For the period 1/7/2020 to 31/12/2020 these premises were ranked 603 in NSW for gaming machine net profit and 561 for net profit per machine and respectively 6th and 5th of 15 within the LGA.
- 5.6 Using the Authority gaming machine data report for the period from 1/7/2020 to 31/12/2020 the net profit per machine for hotels in the Hawkesbury City LGA was \$45,918.00 and that for these premises \$61,612.
- 5.7 On or about 23/12/2019 the Authority approved a gaming machine threshold increase of 6, to 18 for the premises but the condition as to making a financial contribution to the Responsible Gambling Fund within the required time was not fulfilled and the approval expired.

6. Positive Contribution to the Local Community

- 6.1 The applicant proposes to make a donation per threshold increase to the Responsible Gaming Fund of \$13,283.86 per annum over a 5-year period which equates to 15% of the average gaming profit per entitlement for the period 1/1/2019 to 31/12/2019 (\$66,419.30 over 5 years for each) and a total for 6 over 5 years of \$398,515.90).
- 6.2 In addition the hotel will continue to support the local community as mentioned in paragraph 4.
- 6.3 The operators of the hotel continually undertake staff training to provide staff with the ability to maintain enhanced skills in dealing with clientele and gaming clients in addition to the harm minimisation protocols referred to in clause 3.
- 6.4 The positive contribution will benefit the local community and the operators will continue to review and implement new responsible gaming and harm minimisation strategies in order to negate any negative impacts on the local community.

7. Conclusion

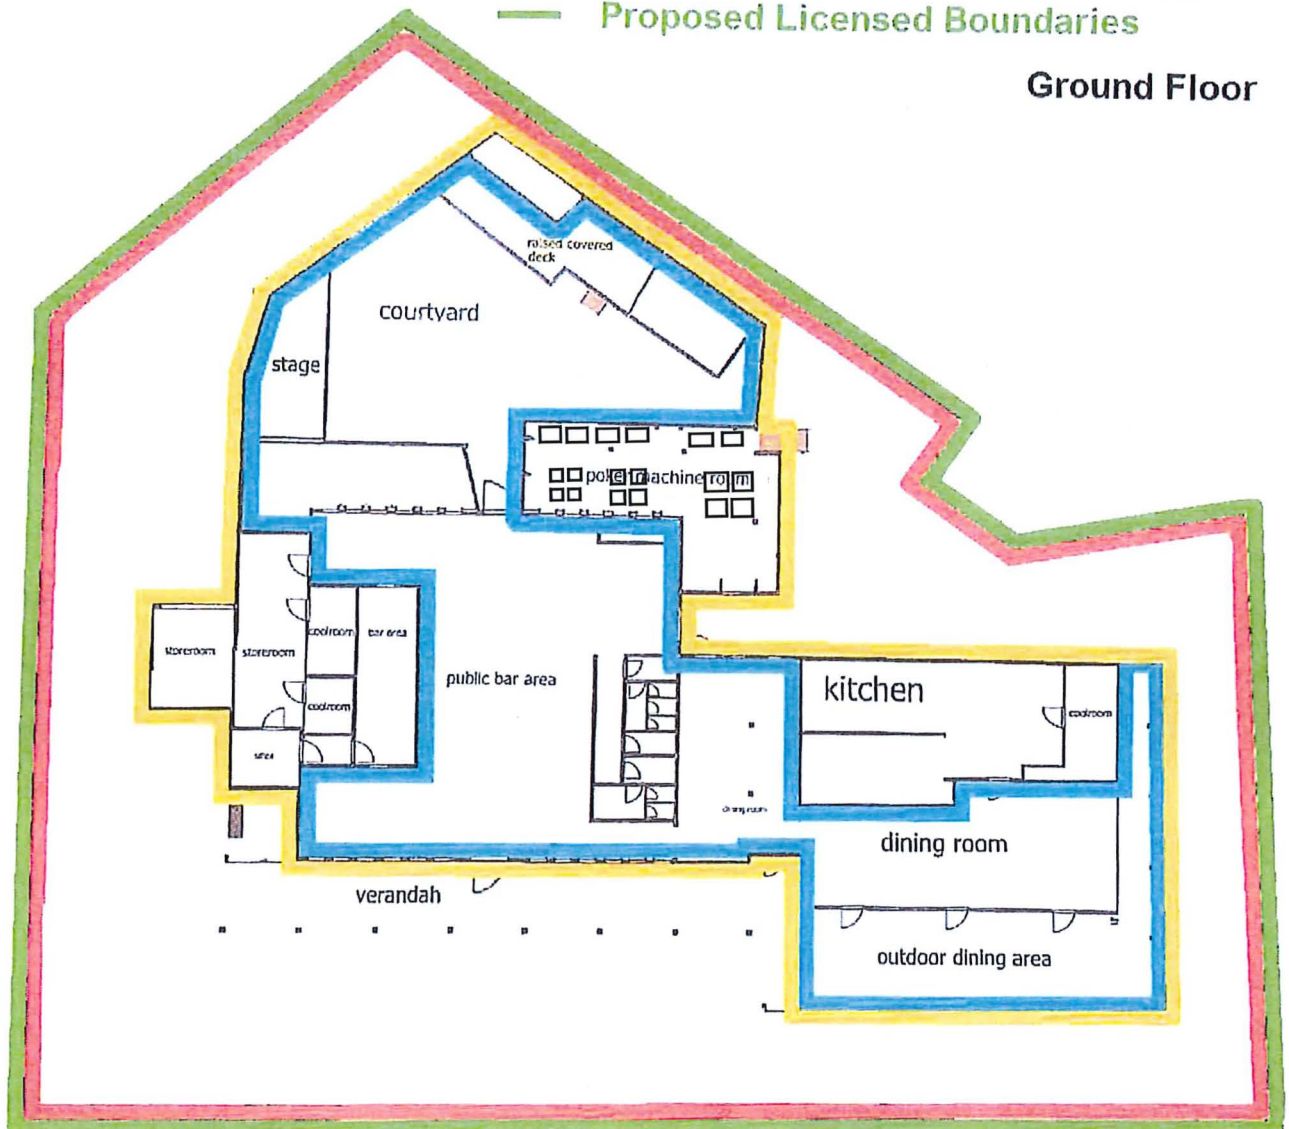

- 7.1. It is submitted that the foregoing information complies with the guidelines for a Class 1 Local Impact Assessment attaching to an application for an increase in the gaming machine threshold of the Hotel by addressing the responsible gaming and harm minimisation measures taken by the Hotel; identifies the local community of the Hotel; and provides information to show that a positive contribution will be made to the local community if the LIA and increase application are approved.
- 7.2. Approval of the gaming machines threshold to 18 will result in a direct positive impact by way of financial support and contributions to local and/or charitable organisations and a total of \$398,515.90 to the RGT over a 5-year period.
- 7.3. Based on the foregoing information and as the Hotel is located in a Band 2 SA 2 and the application is for a low-range increase in the gaming machine threshold, we submit that there are more positive impacts for the community if the threshold application is approved than any negative impact by the installation of an additional 6 gaming machines.
