Statement of reasons

Decision

1. On 20 July 2018, a representative of Mr Robert Younan (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at 69 George Street, Marulan (“Premises”).
2. The Authority considered the Application at its meeting on 12 December 2018 and pursuant to section 45 of the *Liquor Act 2007* (NSW) (“Act”), determined to approve the Application.
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. Pursuant to section 29 of the Act, the Licence authorises liquor to be sold by retail at the Premises, in sealed containers, for consumption away from the Premises.
5. A preliminary notification of this decision was sent to the Applicant on 18 December 2018, together with the licence document for the Premises.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following provisions of the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 45: Criteria for granting a liquor licence.
 - f) Section 48: Requirements in respect of a CIS.

11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:
 - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,

- b) if the Licence were to be granted, liquor would be sold and supplied in a separate liquor sales area at the Premises, and in accordance with the authorisation conferred by a packaged liquor licence, as required by sections 29 and 30 of the Act, and
- c) section 31 of the Act does not apply to the Application as the Premises is not intended to operate as is contemplated by the section.

Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to section 45 of the Act, the Authority is also satisfied that:
- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
 - b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
 - c) the requisite development consent is in force, based on Notice of Determination of Development Application No. DA/0385/1718 in respect of the Premises, issued by Goulburn Mulwaree Council on 25 July 2018.

Community impact statement

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.
16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Marulan, and the relevant "broader community" comprises the Local Government Area ("LGA") of Goulburn Mulwaree.

Positive social impacts

17. The Authority notes that there are currently no supermarkets or premises operating a packaged liquor licence in Marulan or South Marulan. In addition, Census data from the Applicant indicates Marulan has experienced a significant population increase from 540 persons in 2006 to 1,178 in 2016. The proposed premises will form part of the first supermarket to operate in Marulan, and will provide local residents with access to a modern packaged liquor facility fitted out to the highest standard and the convenience of a "one stop shop" for customers of the supermarket who will be able to purchase liquor items along with groceries and other household items.
18. The Authority notes that the Applicant received 25 separate letters from residents in support of the application on the basis of convenience, competitive pricing, and an increased range of products. The applicant further provided a petition signed by more than 375 people in support of the Application. While the Authority accepts this as evidence that there is some level of local demand for the liquor facility, it is noted that not all signatories resided in Marulan itself, with some having been drawn from neighbouring small towns the licence could feasibly service.
19. The Authority notes that submissions received from NSW Police, Family & Community Services, Roads & Maritime Services, NSW Education Aboriginal Affairs and L&GNSW Compliance raised no objections to the Application.
20. Having regard to the information available, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

Negative social impact

21. The Authority acknowledges that the Goulburn Mulwaree LGA has a slightly lower density of packaged liquor licences compared to the state average with no supermarkets or premises operating a packaged liquor licence. The Authority notes that due to the very small residential population in the township of Marulan, the sole full hotel licence in operation, which is its only source of packaged liquor at present, places the township's licence density at well in excess of the state average for its licence type.
22. The Authority acknowledges that, according to BOCSAR Crime Maps for the year to June 2018, the Premises was not located near any hotspots for incidents of alcohol-related assault, domestic assault, or non-domestic assault; or for malicious damage to property offences. No such hotspots for these offences are recorded in the township of Marulan.
23. However, the Authority notes with some concern that BOCSAR Crime data for the year to June 2018 indicates higher rates of alcohol-related crime in the Goulburn Mulwaree LGA when compared to the NSW average. The Authority notes, however, that only four incidents of malicious damage to property were recorded for Marulan during the reporting period.
24. The Authority accepts that NSW Police statistics indicate that domestic assault, non-domestic assault and offensive conduct offences in the Goulburn Mulwaree LGA are more likely to be alcohol-related when compared to the average incident rate for NSW. Whilst the submission from NSW Police does not oppose the application, it does request that the Authority impose three licence conditions to mitigate the risk of negative social impacts, prevent the misuse and abuse of liquor and to encourage responsible service of alcohol practices.
25. While HealthStats NSW data indicates that the Goulburn Mulwaree LGA consistently records a lower than average level of alcohol attributable hospitalisations for the period from 2011 to 2015, the level of alcohol attributable mortality in the LGA is above the state average for the period from 2009 to 2013.
26. The Authority notes that 2016 ABS Census data records the local community as having a higher proportion of Aboriginal and/or Torres Strait Islander people than the state average, at 3.9% of the population; a group which research suggests may be more vulnerable to alcohol-related harms. No concerns were raised by representatives of the local Aboriginal community, however.
27. In addition, the Authority notes that the ABS Socio-Economic Index for Areas data as at 2016 indicates that Goulburn Mulwaree LGA has a lower than average level of relative advantage and disadvantage compared to the rest of the state, ranking in the bottom 40 percent on the Index of Relative Socio-economic Advantage and Disadvantage. The township of Marulan is relatively disadvantaged compared to other suburbs in NSW, ranking in the bottom 20 percent on the same index, raising concerns in relation to the vulnerability of disadvantaged groups of the community when exposed to alcohol-related harm.
28. The Authority has considered the lone submission opposing the grant of the licence noting it was lodged by a commercial competitor. The objection is based on the effect a new packaged liquor outlet may have on the low socio-economic demographic, and states that the local community is adequately serviced in terms of takeaway liquor by the existing Terminus Hotel.
29. The Authority accepts that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.
30. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:
 - a) The trading hours sought do not extend to the full range of hours permitted under the legislation;

- b) the absence of any objections from key stakeholders consulted or other members of the public;
- c) crime rates in Marulan are low and there have been no Police callouts to Marulan for alcohol-related crime or domestic violence in the last 12 months; and
- d) the measures set out in the Applicant's plan of management, house policy and the proposed licence conditions in respect of the responsible service of alcohol;

Overall social impact

31. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
32. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.
33. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

- (10) The regulations may also create exceptions to this section.

12 Standard trading period for certain licensed premises

- (1) For the purposes of this Act, the standard trading period means:

29 Authorisation conferred by packaged liquor licence

(1) Retail sales

A packaged liquor licence authorises the licensee to sell liquor by retail in sealed containers on the licensed premises, for consumption away from the licensed premises only:

- (a) during the standard trading period or such other period as may be authorised by an extended trading authorisation, or
- (b) in the case of any Sunday that falls on 24 December—from 8 am (or such earlier time as may be authorised by an extended trading authorisation) to 10 pm on that day.

(2) No retail trading on restricted trading days

Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

(4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:
 - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

service station means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
