## Statement of reasons

### Decision

1. On 5 March 2019, Parekh Retail Pty Ltd (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at 98 Main Street, West Wyalong (“Premises”).
2. The Authority considered the Application at its meeting on 17 April 2019 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. Pursuant to section 29 of the Act, the Licence authorises liquor to be sold by retail at the Premises, in sealed containers, for consumption away from the Premises.
5. A preliminary notification of this decision was sent to the Applicant on 26 April 2019, together with the licence document for the Premises.

### Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

### Legislative framework

10. The Authority has considered the Application in the context of the following provisions of the Act:
  - a) Section 3: Statutory objects of the Act and relevant considerations.
  - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
  - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
  - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
  - e) Section 45: Criteria for granting a liquor licence.
  - f) Section 48: Requirements in respect of a CIS.
11. An extract of these sections is set out in Schedule 2.

### Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

### Validity, procedural and trading hour requirements

13. The Authority notes that the Applicant had lodged a previous application in relation to the premises, which, by reason of the Applicant's non-compliance with clause 29 of the Liquor Regulation 2018 when preparing the previous CIS, the Authority found to be invalid.

14. On the basis of the consultation that had already been undertaken, the Authority approved a shortened pre-application CIS consultation period from 30 days to two working days, and a shortened post-application submission period from 30 days to two working days, for the Application that is the subject of this decision.
15. The Authority is satisfied on the material before it that:
- a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,
  - b) if the Licence were to be granted, liquor would be sold and supplied in a separate liquor sales area at the Premises, and in accordance with the authorisation conferred by a packaged liquor licence, as required by sections 29 and 30 of the Act, and
  - c) section 31 of the Act does not apply to the Application as the Premises is not intended to operate as is contemplated by the section.

#### Fit and proper person, responsible service of alcohol, and development consent

16. Pursuant to section 45 of the Act, the Authority is also satisfied that:
- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
  - b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
  - c) the requisite development consent is in force, based on the Notice of Determination of Development Application in respect of the Premises, issued by Bland Shire Council on 31 October 2018.

#### Community impact statement

17. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.
18. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of West Wyalong, and the relevant "broader community" comprises the Local Government Area ("LGA") of Bland.

#### Positive social impacts

19. The Authority notes that the packaged liquor facility will form part of a new IGA supermarket in the small rural town of West Wyalong. The Authority has had regard to the submissions from Bland Shire Council and the Mayor of Bland Shire Council, who state that "...the establishment of a second supermarket has been long awaited with much anticipation", and that the issuing of the licence is "essential to ensure the economic viability of the IGA supermarket".
20. The Authority notes that there is evidence of community support for the proposed liquor facility, as demonstrated by the 20 submissions from local residents and the 52 page petition in support of the application that was provided by the Applicant.
21. The Authority notes that submitters were supportive of the introduction of a second supermarket in town, which they believe will break the monopoly of the sole existing supermarket, and result in more competitive pricing. The Authority has considered the contention by one of the submitters that "the township of West Wyalong has long been monopolized and starved of competition creating high prices and poor service driving shoppers to other rural centres".

22. The Authority has given weight to the submitters' contention that the granting of the liquor licence would offer local residents the convenience of being able to do all of their grocery and liquor shopping on the main street in town, which will also benefit other retailers on the main street due to increased foot traffic, as well as increased employment opportunities.
23. The Authority notes that the density of packaged liquor licences in West Wyalong and Bland LGA is lower than the NSW state average, with only a single packaged liquor licence in the LGA. Accordingly, the Authority considers that granting the Application will provide local residents with additional access to packaged liquor.
24. The Authority considers that this packaged liquor licence, which will be situated within the IGA supermarket, will provide some additional measure of convenience to those members of the local and broader community who wish to purchase their packaged liquor whilst purchasing groceries at the supermarket.
25. Having regard to the information available, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

#### Negative social impact

26. The Authority notes that, according to BOCSAR Crime Maps for the year to December 2018, the Premises was not located within or near any crime hotspots; however, that the rates of incidents of alcohol related domestic and non-domestic assault, malicious damage to property and alcohol-related disorderly conduct (offensive conduct) in West Wyalong were higher than the corresponding NSW rates during the same period.
27. In addition, the Authority notes that the ABS Socio-Economic Index for Areas data as at 2016 indicates that West Wyalong is relatively disadvantaged compared to other suburbs in NSW, ranking in the bottom 30 percent on the Index of Relative Socio-economic Advantage and Disadvantage, raising concerns in relation to the vulnerability of disadvantaged groups of the community when exposed to alcohol-related harm.
28. The most recent HealthStats NSW data available at the time of the Authority's decision indicates that Bland LGA recorded a higher level of alcohol attributable deaths and hospitalisations for the periods 2015-16 and 2015-17 respectively, compared to the state average.
29. The Authority notes that the Applicant received a submission from a local hotelier, who claimed that West Wyalong was sufficiently serviced by packaged liquor facilities, and raised concerns that a further liquor outlet would result in adverse health outcomes. The Authority has considered the Applicant's response that the liquor outlet will form one of the many departments at the supermarket, and will not be promoting excessive consumption of liquor.
30. The Authority accepts that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health problems and other social and amenity issues in the local and broader communities.
31. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:
  - a) This Licence will only be the second packaged liquor licence in Bland LGA.
  - b) The fact that no objection was received from NSW Police, NSW Health or any other institutional stakeholders consulted.
  - c) The evidence of substantial community support for the Licence.
  - d) The experience of the proposed manager in working in a similar licensed venue where the local community has similar demographics to West Wyalong.

- e) The imposition of a range of licence conditions and adherence to a Plan of Management to facilitate the responsible sale of liquor at the Premises.

Overall social impact

32. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
33. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.
34. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

Chairperson

  - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

#### 45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. - (3) The Authority must not grant a licence unless the Authority is satisfied that:
  - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
  - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
  - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

**Note.** Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
  - (a) that the person:
    - (i) is a member of, or
    - (ii) is a close associate of, or
    - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
  - (a) is of good repute, having regard to character, honesty and integrity, and
  - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.
