## STATEMENT OF REASONS

### Analysis of Submissions and statutory requirements

- (1) A Police Submission was received and considered as summarised at Table (3).
- (2) Appropriate consent is in place for the use of the premises as a function centre.
- (3) I am satisfied that the applicant has been provided with an opportunity to consider and comment upon the conditions contained in the licence document.
- (4) I am satisfied that the statutory advertising requirements have been met.
- (5) Having reviewed all the material, I am satisfied that granting this application for an on-premises liquor licence with catering service will not be detrimental to the local or broader community.

### Overall social impact

#### (1) Positive benefits

The granting of the licence will enable the licensee to operate a function centre, primarily for weddings and events, in the picturesque rural setting of Deniliquin.

#### (2) Mitigation of potential negative impacts

I am satisfied that the granting of the liquor licence, with the conditions imposed, will ensure that the lawful operation of the premises will not be detrimental to the local or broader community.

In particular, the Plan of Management and licence conditions will serve to mitigate any potential negative impacts.

### Conditions considered by the ILGA delegate

All requests to impose conditions on the licence are reviewed on a case by case basis and a merit-based assessment is conducted.

In considering whether a proposed condition has merit, delegates consider: (a) whether the need for the condition has been adequately established (b) whether the benefits of imposing the condition are likely to outweigh the costs and (c) whether the proposed condition is proportionate to the potential harm identified.

Table 1 sets out the conditions which I have decided to impose on the licence, and the Table 2 sets out conditions put forwarded for consideration which I have decided not to impose, and the reasons for that decision.

<b>TABLE 1 - Proposed conditions imposed on the licence:</b>

**TABLE 5: Relevant extracts from the Liquor Act 2007**

**Legislative framework, statutory objects and considerations**

In determining the application, the delegate has considered relevant provisions of the Act, including the objects and considerations that are prescribed by section 3, which state:

**3 Objects of Act**

1. The objects of this Act are as follows:
  - a. to regulate and control the sale, supply and consumption of liquor in a way that is consistent with the expectations, needs and aspirations of the community,
  - b. to facilitate the balanced development, in the public interest, of the liquor industry, through a flexible and practical regulatory system with minimal formality and technicality,
  - c. to contribute to the responsible development of related industries such as the live music, entertainment, tourism and hospitality industries.
2. In order to secure the objects of this Act, each person who exercises functions under this Act (including a licensee) is required to have due regard to the following:
  - a. the need to minimise harm associated with misuse and abuse of liquor (including the harm arising from violence and other anti-social behaviour),
  - b. the need to encourage responsible attitudes and practices towards the promotion, sale, supply, service and consumption of liquor,
  - c. the need to ensure that the sale, supply and consumption of liquor contributes to, and does not detract from, the amenity of community life.

**TABLE 6: Statutory tests**

1. In determining an application for a licence, under section 45(3) of the Liquor Act 2007, the delegate must also be satisfied that:
  - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates,
  - (b) practices will be in place as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises and that those practices will remain in place, and
  - (c) if development consent is required under the *Environmental Planning and Assessment Act 1979* (or approval under Part 4 Division 4.1 or Part 5.1 of that Act is required), to use the

- premises for the purposes of the business or activity to which the proposed licence relates – that development consent or approval is in force.
- (d) the proposed approved manager/licensee has completed the relevant tiered industry training as per legislative requirements.

**TABLE 7: Community impact test**

1. Under section 48(5) of the Liquor Act 2007, the delegate must not grant a licence, authorisation or approval of a kind prescribed by section 48(2) of the Act unless the Authority is satisfied, having regards to the Community Impact Statement, where required, and any other matter the delegate is made aware of during the Application process, that the overall impact of the licence, authorisation or approval in question being granted will not be detrimental to the local or broader community.
2. The test applying under section 48(5) relates to delegated decisions in relation to:
  - a. the grant or removal of a small bar licence (where required),
  - b. a packaged liquor licence (limited to telephone/internet sales),
  - c. an application for extended trading hours to permit the sale of liquor after midnight in relation to a small bar (where required), an on premises relating to a restaurant that includes an application for a primary service authorisation, an on premises licence relating to a karaoke bar, a catering service or a vessel, and an application for a producer/wholesaler licence that includes an application for a drink on premises authorisation.

The Community Impact Statement provides the Authority with information about the views of relevant stakeholders and other aspects of the local community in which the proposed licensed premises are to be located. This includes, for example, the proximity of the licensed premises to hospitals or health facilities, nursing homes, schools and places of worship.

**TABLE 9: - Reasons for not imposing requested conditions.**

A	Do not impose. Already covered by the Liquor Act.
B	Do not impose. Already covered/already a condition in the DA.
C	Do not impose. Not a relevant condition for this licence type. Condition sought is generally only imposed on high risk licence type or in exceptional circumstances. Exceptional circumstances have not been sufficiently made out by the person putting forward the condition.
D	Do not impose. This condition would be more restrictive than similar venues in Kings Cross which remains subject to the lockout laws in 2020.
E	Do not impose. Small Bars are considered low risk. 2016 Review of Small Bars found Venues with a small bar licence have a lower incidence of alcohol-related violence than venues operating as a small bar under another type of liquor licence. Smaller bars have a lower incidence of alcohol-related violence than other types of licensed venue.
F	Do not impose. Already covered in the Plan of Management. Plan of management condition has been imposed.
G	Do not impose. Not in alignment with the business type, risk associated and would impose disproportionate unnecessary financial and operational burden (small business).
H	Do Not Impose. Being part of a liquor accord is not compulsory / on a voluntary basis only. Exceptional circumstances for imposing condition have been sufficiently made out by the person putting forward to the condition.
I	Do not impose – wording not consistent with ILGA/L&GNSW standard conditions – ILGA/L&GNSW standard condition wording has been imposed instead.
