Statement of reasons

Decision

1. On 27 March 2019, Williams Wines Pty Ltd (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at 412 Peats Ferry Road, Hornsby (“Premises”).
2. The Authority considered the Application at its meeting on 17 April 2019 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. Pursuant to section 29 of the Act, the Licence authorises liquor to be sold by retail at the Premises, in sealed containers, for consumption away from the Premises.
5. A preliminary notification of this decision was sent to the Applicant on 23 April 2019, together with the licence document for the Premises.

Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

Legislative framework

10. The Authority has considered the Application in the context of the following provisions of the Act:
 - a) Section 3: Statutory objects of the Act and relevant considerations.
 - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
 - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
 - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
 - e) Section 45: Criteria for granting a liquor licence.
 - f) Section 48: Requirements in respect of a CIS.

11. An extract of these sections is set out in Schedule 2.

Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading hour requirements

13. The Authority notes that the Applicant had lodged a previous application in relation to the Premises, which, by reason of the Applicant's non-compliance with clause 29 of the Liquor Regulation 2018 when preparing the previous CIS, the Authority found to be invalid.

14. On the basis of the consultation that had already been undertaken, the Authority accepted the remedied CIS for the Application that is the subject of this decision.
15. The Authority is satisfied on the material before it that:
 - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,
 - b) if the Licence were to be granted, liquor would be sold in accordance with the authorisation conferred by the Licence as required by section 29 of the Act, and
 - c) sections 30 and 31 of the Act do not apply to the Application, as the Premises is not intended to operate as is contemplated by the sections.

Fit and proper person, responsible service of alcohol, and development consent

16. Pursuant to section 45 of the Act, the Authority is also satisfied that:
 - a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
 - b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
 - c) the requisite development consent is in force, based on the Notice of Determination of Development Application number DA/903/2018 in respect of the Premises, issued by Hornsby Shire Council on 23 January 2019.

Community impact statement

17. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.
18. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Hornsby, and the relevant "broader community" comprises the Local Government Area ("LGA") of Hornsby.

Positive social impacts

19. The Authority notes that Williams Wines is a family run business that was founded by former Penfolds director, James Williams, who is the proposed manager of the Licence. The Authority further notes that the proposed liquor store will predominately sell wines produced under the Williams Wines label, with a supplementary offering of beer and spirits. Accordingly, the Authority considers that granting the Application will offer local residents increased choice.
20. The Authority has considered the Applicant's contention that there has been significant high-density residential development locally, which has resulted in local population growth and an increase in demand for packaged liquor. The Authority considers that the granting of the Licence will satisfy this additional demand and offer a measure of convenience to local residents who presently have to travel up to a kilometre to access packaged liquor (notwithstanding the golf club situated opposite the Premises, which can only sell packaged liquor to club members).
21. The Authority considers the proposed benefits above to be limited by the absence of any evidence of community support for the Application.
22. Having regard to the information available, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

Negative social impact

23. The Authority has had regard to the objections from NSW Police, Northern Sydney Local Health District, two members of the public, and the principal of a local high school who submit that there is sufficient availability of packaged liquor in the local community and raised concerns regarding:
- a) the proximity of the Premises to educational facilities, leading to concerns about minors' exposure to alcohol, underage drinking and secondary supply,
 - b) the high number of stealing, robbery and assault incidents at packaged liquor outlets, particularly at packaged liquor outlets with only one staff member (which is the proposed manner of operation at the Premises),
 - c) the upward trend over the last ten years of alcohol-attributable hospitalisations in Hornsby LGA and the fact that Northern Sydney Local Health District has the highest overall rates and numbers of alcohol-attributable hospitalisations in the state of NSW,
 - d) the proximity of the Premises to two hotspots for incidents of domestic assault,
 - e) the fact that the nearby Hornsby town centre has a number of sensitive facilities which are utilised by vulnerable people, and
 - f) the fact that increased outlet density is associated with alcohol-related harm including domestic violence, malicious damage, accidental injury and poor health outcomes.
24. The Authority considers that these concerns do not appear to be supported by the density, crime and health data before the Authority, and accordingly do not justify refusal of the Application.
25. The Authority notes that both Hornsby LGA and Hornsby have a lower density of packaged liquor licences than the state average; however, that the adjoining suburb of Asquith (which the Premises borders) has a higher density of packaged liquor licences, although Asquith's low population count may skew density figures. The Authority notes the ongoing high-density residential development in Hornsby and considers that the Premises will cater to the demands of the growing Hornsby population.
26. The Authority notes that, according to BOCSAR Crime Maps for the year to December 2018, the Premises was not located within any hotspots for incidents of alcohol-related assault, domestic and non-domestic assault; or malicious damage to property offences; however, that the Premises was situated in close proximity to a relatively large low-medium density hotspot for incidents of domestic assault.
27. In addition, BOCSAR crime data for the two years to December 2018 indicates that the rates of alcohol-related domestic and non-domestic assault were significantly lower in Hornsby, Asquith and the LGA than the corresponding NSW rates; and the rate of incidents of malicious damage to property was significantly lower in the LGA than the NSW rate, and moderately lower in Hornsby and Asquith.
28. The Authority has had regard to the ABS data indicating that as at 2016, Hornsby, Asquith and the LGA ranked amongst the most advantaged suburbs and Local Government Areas in NSW, on the Index of Relative Socio-economic Advantage and Disadvantage, ranking in the 9th, 10th and 10th deciles respectively.
29. In addition, the Authority has had regard to the Applicant's contention that good management practices and the staff's adherence to the responsible service of alcohol measures stipulated in the Plan of Management document will address and mitigate these concerns.
30. The Authority accepts that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.

31. The Authority is nevertheless satisfied that the risk is sufficiently mitigated by the following:

- a) the proposed business model which focuses predominately on the sale of wine produced under the Williams Wines label,
- b) the low density of packaged liquor licences in Hornsby and the LGA,
- c) the fact that the Premises is not located in any crime hotspots, and the incident rates of crime in both the LGA and suburb are generally lower than the NSW average,
- d) the fact that the suburb and LGA are considered to be relatively socio-economically advantaged,
- e) the reduced trading hours consented to by the Applicant,
- f) the Applicant's experience in managing packaged liquor licences, and
- g) the imposition of a range of licence conditions and adherence to a Plan of Management to facilitate the responsible sale of liquor at the Premises.

Overall social impact

32. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.

33. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.

34. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

Chairperson

- (4) **Tastings**
A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

31 Restrictions on granting packaged liquor licences

 - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
 - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

general store means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

service station means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
 - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
 - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
 - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

Note. Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
 - (a) that the person:
 - (i) is a member of, or
 - (ii) is a close associate of, or
 - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
 - (a) is of good repute, having regard to character, honesty and integrity, and
 - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:

 - (b) the application is made in respect of club premises that have unrestricted trading hours in accordance with clause 94 of Schedule 2 to the Registered Clubs Act 1976.
- (4) The community impact statement must:
