STATEMENT OF REASONS

Our decision

We have considered the objects of the *Liquor Act 2007* (the Act) and the relevant legislative provisions and have approved the application under section 45 of the Act.

Overall, we are satisfied that the social impact of approving the application will not be harmful to the well-being of the local or broader community.

The decision achieves the aim of the Act to regulate the liquor industry to meet the community's expectations, needs, and aspirations, while also promoting a balanced and responsible development of the industry.

Our main findings

The local community for the purposes of this decision is Northbridge. The broader community is the Local Government Area of (LGA) Willoughby.

Positive social impacts

We are satisfied that the proposal would benefit the local and broader communities by providing increased convenience and choice.

The bottle shop will be relocated to “Northbridge Plaza” which services the local community with one major supermarket and a variety of specialty stores. The store will stock a range of fine wine, champagne, premium spirits and craft beer sourced from Australia and overseas not often available at other competing packaged liquor stores.

Negative social impacts

We accept that the proposal could contribute to an increase in alcohol-related harm in the local and broader communities (such as violence, health problems or social and public amenity issues) because of the:

- higher saturation rates of packaged liquor licences in Northbridge and Willoughby compared to NSW rates, and
- higher rates of alcohol-attributable hospitalisations and deaths in the Willoughby compared to NSW rates.

However, we are satisfied that these risks are reduced by the:

- lack of government agency or public objections received during the application process
- lower crime statistics across all four categories normally considered by the Authority
- premises is not located in any crime hotspots
- SEIFA health data indicates an above average level of relative socio-economic advantage and disadvantage in Northbridge and Willoughby compared to NSW
- of the seven packaged liquor licences that operate in the Northbridge, four are limited to online sales only, and
- harm-minimisation measures outlined in the plan of management and licence conditions, as set out in Schedule 1.

The material we considered

We considered the following material when making our decision:

- the application material — including evidence that stakeholders and the community were notified about the application

- a community impact statement (CIS)
- the plan of the licensed premises and any authorisations
- a plan of management for the licensed business
- a development consent for the premises
- statistics from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics on the socio-economic status, liquor licence density, alcohol-related crimes rates and health issues in the local and broader communities, and
- stakeholder submissions and the applicant's response them.

We also considered [Guideline 6](#) to assess the likely social impact to the local and broader community if we approved the application.

Yours sincerely
