## Statement of reasons

### Decision

1. On 17 April 2019, Enhance Global Trading Pty Ltd (“Applicant”) lodged with Liquor & Gaming NSW (“L&GNSW”), for determination by the Independent Liquor and Gaming Authority (“Authority”), an application (“Application”) for a packaged liquor licence (“Licence”) for the premises at Shop 4.6, 11a Bay Drive, Meadowbank (“Premises”).
2. The Authority considered the Application at its meeting on 19 June 2019 and decided to grant the Licence under section 45 of the *Liquor Act 2007* (“Act”).
3. In reaching this decision, the Authority has had regard to the relevant material before it and the legislative requirements under the Act and the Liquor Regulation 2018.
4. Pursuant to section 29 of the Act, the Licence authorises liquor to be sold by retail at the Premises, in sealed containers, for consumption away from the Premises.
5. A preliminary notification of this decision was sent to the Applicant on 9 July 2019, together with the licence document for the Premises.

### Material considered by the Authority

6. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
7. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
8. In accordance with its Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records and data published by Bureau of Crime Statistics and Research (“BOCSAR”), NSW Department of Health, and Australian Bureau of Statistics (“ABS”).
9. A list of the material considered by the Authority is set out in Schedule 1.

### Legislative framework

10. The Authority has considered the Application in the context of the following provisions of the Act:
  - a) Section 3: Statutory objects of the Act and relevant considerations.
  - b) Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6 hour period during which liquor cannot be sold.
  - c) Sections 29-31: Specific provisions in respect of a packaged liquor licence.
  - d) Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
  - e) Section 45: Criteria for granting a liquor licence.
  - f) Section 48: Requirements in respect of a CIS.

11. An extract of these sections is set out in Schedule 2.

### Key findings

12. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

### Validity, procedural and trading hour requirements

13. The Authority is satisfied on the material before it that:
  - a) the Application has been validly made and meets the procedural and trading period requirements under sections 11A, 12 and 40 of the Act,

- b) if the Licence were to be granted, liquor would be sold and supplied in a separate liquor sales area at the Premises, and in accordance with the authorisation conferred by a packaged liquor licence, as required by sections 29 and 30 of the Act, and
- c) section 31 of the Act does not apply to the Application as the Premises is not intended to operate as is contemplated by the section.

#### Fit and proper person, responsible service of alcohol, and development consent

14. Pursuant to section 45 of the Act, the Authority is also satisfied that:
- a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies,
  - b) practices would be in place from the commencement of licensed trading at the Premises to facilitate the responsible serving of alcohol, having regard to the plan of management documentation for the Premises and the conditions to be imposed on the licence, and
  - c) the requisite development consent is in force, based on Complying Development Certificate No. NW18/4046 in respect of the Premises, issued by Newland Wood Building Certification on 11 February 2019.

#### Community impact statement

15. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.
16. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Meadowbank, and the relevant "broader community" comprises the Local Government Area ("LGA") of Ryde.

#### Positive social impacts

17. The Authority notes that the business model proposed by the Applicant is that of a small 20m<sup>2</sup> liquor department situated within the 400m<sup>2</sup> Asian grocery store. The Applicant proposes that only liquor products of an Asian origin will be sold at the Premises to complement the grocery and other products on offer. This will be enforced by way of a licence condition.
18. The Authority considers that the introduction of this specialised packaged liquor facility amongst the more traditional "mainstream" liquor stores in Meadowbank will diversify the local liquor industry and offer greater choice to consumers.
19. Furthermore, the Authority notes that Meadowbank has a sizeable Asian population, and considers that the Licence will relevantly cater to the needs of the local community.
20. The Authority notes that the Applicant's contention that the addition of a small packaged liquor department will provide a measure of convenience for customers of the Asian supermarket, who will be able to purchase speciality Asian liquor products along with specialty Asian grocery items.
21. The Authority notes that Meadowbank is undergoing significant urban renewal and residential development, and considers that the Premises will provide the growing local community with additional access to packaged liquor and increased product choice.
22. The Authority has had regard to the Applicant's contention that granting the Licence will benefit the local community economically, as it will provide increased employment opportunities, however the Authority has given this contention little weight, as the small size of the liquor facility is unlikely to have any appreciable economic or employment benefits.

23. The Authority considers the proposed benefits above to be limited by the absence of any substantive evidence of community support for the Application, noting that there was also no objection from any members of the community.
24. Having regard to the information available, the Authority is satisfied that granting the Licence would be in line with the expectations, needs and aspirations of the community, and contribute to the balanced and responsible development of the liquor industry.

#### Negative social impact

25. The Authority notes that Meadowbank and Ryde LGA have a higher density of packaged liquor licences than the state average. However, the Authority notes the significant high-density residential development in the local and broader communities and considers that the Premises will cater to the demand of the growing population.
26. According to BOCSAR Crime Maps for the year to December 2018, the Premises was located within a large high density hotspot for incidents of domestic assault and in a medium-high density hotspot for incidents of malicious damage to property. The concerns that such mapping raises, however, are somewhat alleviated by the rates of crime recorded for Meadowbank for that period, which were significantly lower than the NSW average.
27. BOCSAR crime data for the two years to December 2018 indicates that the rates of alcohol-related domestic and non-domestic assault, malicious damage to property and alcohol-related disorderly conduct (offensive conduct) in Meadowbank and Ryde LGA were substantially lower than the corresponding NSW rates, with the exception of the domestic assault rate in the year to December 2017, which was slightly higher than the NSW average (although the incident count was relatively low, with six incidents recording during this period).
28. NSW Police statistics show that only 13.4% of domestic violence offences in Ryde LGA are alcohol-related, compared to the corresponding NSW figure of 30.5%. This suggests that alcohol and domestic violence are less strongly linked in Ryde LGA than across the state generally.
29. The Authority has had regard to the ABS data indicating that as at 2016, Meadowbank and Ryde LGA ranked amongst the most advantaged suburbs and Local Government Areas in NSW, on the Index of Relative Socio-economic Advantage and Disadvantage, ranking in the 10<sup>th</sup> and 9<sup>th</sup> deciles respectively.
30. The Authority notes from the most recent HealthStats NSW data available at the time of its consideration that the LGA recorded a rate of alcohol attributable deaths for the period 2015-16 that was significantly lower than the state average, and a rate of alcohol attributable hospitalisations for the period 2015-17 that was higher than the state average.
31. The Authority notes that NSW Police did not raise any objections to the grant of the licence, however did seek the imposition of three licence conditions requiring membership of the local liquor accord, and prohibiting the sale of discounted and refrigerated liquor products.
32. The Authority has also had regard to the submission from Northern Sydney Local Health District (“NSLHD”), which raised concerns regarding:
  - a) oversaturation of packaged liquor in Meadowbank;
  - b) alcohol attributable health impacts, noting that the rate of alcohol-related visits per 1,000 unplanned Emergency Department visits at Ryde Hospital was 11% higher than the state average;
  - c) the consistently higher rate of alcohol attributable hospitalisations compared to the NSW average; and
  - d) the location of the Premises in a high density hotspot for domestic assault.

33. The Authority notes that NSLHD recommended the imposition of two licence conditions, prohibiting the sale of discounted and refrigerated liquor.
34. The Authority has had regard to the submission from NSW Roads & Maritime Services, which raised no objection to the application, however did recommend that the Applicant participates in the local liquor accord in order to maintain awareness of any specific local alcohol-related issues impacting the community.
35. The Applicant has consented to, and the Authority has resolved to impose, conditions requiring membership of the local liquor accord, and prohibiting the sale of discounted liquor.
36. The Authority resolved not to impose the condition prohibiting the sale of refrigerated liquor products from the Premises. The Authority notes that the Applicant put the community on notice of its intention to sell some refrigerated liquor products, as some of the Asian liquor products require refrigeration. The Authority notes that the Applicant has expressed an intention to work with stakeholders to address their concerns and work out what alternative harm-minimisation measures can be put in place to mitigate risk.
37. The Authority has had regard to the submissions from the City of Ryde Council and L&GNSW Compliance, which raised no objections to the Application.
38. The Authority accepts that there may be a risk that if the Licence were to be granted, liquor sold at the Premises will, over time, contribute to an increase in alcohol-related crime, health and other social and amenity issues in the local and broader communities.
39. The Authority is nevertheless satisfied that the risk associated with the granting of the Licence will be adequately mitigated by the following:
  - a) the relatively small size of the liquor sales area; and the specialised nature of the liquor products sold;
  - b) the fact that the Premises will not offer discounted liquor products;
  - c) measures set out in the Applicant's Plan of Management document in respect of the responsible service of alcohol; and
  - d) the Applicant's willingness to adhere to special licence conditions.

#### Trading hours

40. The Authority notes from the Application and community consultation material that the trading hours sought for the Premises between Monday and Saturday end at 10 PM.
41. The Authority also notes that if the Premises is authorised to trade until 10 PM, Monday to Saturday, it would in practice be authorised to also trade between 10 PM and 11 PM on those days pursuant to an exemption afforded by clause 70AB of the Regulation.
42. In the current circumstances, the Authority considers it appropriate to impose a closing time of 9:59 PM, Monday to Saturday, to prevent the unintended consequences of permitting the Premises to trade beyond the hours sought by the Applicant and represented to stakeholders, including Council and NSW Police, during the community consultation process.

#### Overall social impact

43. Having considered the positive and negative social impacts that are likely to flow from granting the Licence, the Authority is satisfied that the overall social impact of granting the Licence would not be detrimental to the well-being of the local and broader communities.
44. The Authority is also satisfied that the other legislative criteria for the granting of the Licence have been met.
45. Accordingly, the Authority has decided to grant the Licence under section 45 of the Act.

  - (c) if a hotel licence, club licence, on-premises licence or producer/wholesaler licence authorises the licensee to sell liquor for consumption away from the licensed premises—any part of the licensed premises to the extent that it is used for that purpose.
- (2) Any regulation that prescribes a shorter period for the purposes of subsection (1) may:
- (a) apply to a specified class of licensed premises, and
  - (b) apply in relation to a specified day or days, and
  - (c) in the case of licensed premises on which liquor may be sold or supplied for consumption on the premises as well as for consumption away from the premises—specify different periods for the sale or supply of liquor for consumption on the premises and for the sale or supply of liquor for consumption away from the premises.

### (2) No retail trading on restricted trading days

Despite subsection (1), a packaged liquor licence does not authorise the licensee to sell liquor by retail on a restricted trading day.

- (a) to sell liquor by wholesale, at any time on the licensed premises, to persons authorised to sell liquor (whether by wholesale or by retail), and
- (b) to sell or supply liquor, at any time on the licensed premises, to the employees of the licensee or of a related corporation of the licensee.

(3A) An extended trading authorisation must not authorise the sale after 10 pm on any day of liquor for consumption away from the licensed premises.

### (4) Tastings

A packaged liquor licence also authorises the licensee to sell or supply liquor, on the licensed premises and during the trading hours permitted by subsection (1), otherwise than in sealed containers to customers and intending customers for consumption while on the licensed premises, but only for the purposes of tasting.

## 30 Liquor sales area required if bottle shop is part of another business activity

- (1) If the primary purpose of the business carried out on the premises to which a packaged liquor licence relates is not the sale of liquor for consumption away from the licensed premises, liquor may only be sold under the licence in an area of the licensed premises (**the liquor sales area**) that is adequately separated from those parts of the premises in which other activities are carried out.
- (2) The principal activity carried out in any such liquor sales area must be the sale or supply of liquor for consumption away from the licensed premises.

## 31 Restrictions on granting packaged liquor licences

- (1) A packaged liquor licence must not be granted for premises that comprise a general store unless the Authority is satisfied that:
  - (a) in the neighbourhood of the premises concerned, no other take-away liquor service is reasonably available to the public, and
  - (b) the grant of the licence would not encourage drink-driving or other liquor-related harm.
- (2) A packaged liquor licence must not be granted for premises comprising a service station or take-away food shop.
- (3) In this section:

**general store** means a convenience store, mixed business shop, corner shop or milk bar that has a retail floor area of not more than 240 square metres and that is used primarily for the retail sale of groceries or associated small items.

**service station** means premises that are used primarily for the fuelling of motor vehicles involving the sale by retail of petrol, oil or other petroleum products.

**take-away food shop** means premises that are used primarily for the preparation and sale of food for immediate consumption away from the premises (whether or not food is also consumed on the premises).

- (3) An application for a licence may not be made by:
  - (a) an individual who is under the age of 18 years, or
  - (b) a person who is disqualified from holding a licence or who holds a suspended licence, or

**Note.** See also section 48 which requires a community impact statement to be provided with certain licence applications.

- (5) If, before an application for a licence is determined by the Authority, a change occurs in the information provided in, or in connection with, the application (including any information provided in accordance with this subsection), the applicant must immediately notify the Authority of the particulars of the change.

#### 45 Decision of Authority in relation to licence applications

- (1) The Authority may, after considering an application for a licence and any submissions received by the Authority in relation to the application, grant the licence or refuse to grant the licence. The Authority may determine the application whether or not the Secretary has provided a report in relation to the application.
- (2) The Authority may, in such circumstances as the Authority considers appropriate, treat an application for a licence as having been withdrawn.
- (3) The Authority must not grant a licence unless the Authority is satisfied that:
  - (a) the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, and
  - (b) practices will be in place at the licensed premises as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place, and
  - (c) if development consent is required under the Environmental Planning and Assessment Act 1979 (or approval under Part 3A or Part 5.1 of that Act is required) to use the premises for the purposes of the business or activity to which the proposed licence relates—that development consent or approval is in force.

**Note.** Section 48 also requires the Authority to be satisfied of certain other matters before granting a hotel, club or packaged liquor licence.

- (4) The regulations may also provide mandatory or discretionary grounds for refusing the granting of a licence.
- (5) Without limiting subsection (3) (a), a person is not a fit and proper person to carry on the business or activity to which a proposed licence relates if the Authority has reasonable grounds to believe from information provided by the Commissioner of Police in relation to the person:
  - (a) that the person:
    - (i) is a member of, or
    - (ii) is a close associate of, or
    - (iii) regularly associates with one or more members of,a declared organisation within the meaning of the Crimes (Criminal Organisations Control) Act 2012, and

- (b) that the nature and circumstances of the person's relationship with the organisation or its members are such that it could reasonably be inferred that improper conduct that would further the criminal activities of the declared organisation is likely to occur if the person is granted a licence.
- (5A) Without limiting subsection (3) (a), in determining whether an applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates, the Authority is to consider whether the applicant:
  - (a) is of good repute, having regard to character, honesty and integrity, and
  - (b) is competent to carry on that business or activity.
- (6) The Authority is not, under this or any other Act or law, required to give any reasons for not granting a licence because of subsection (5) to the extent that the giving of those reasons would disclose any criminal intelligence.

#### 48 Community impact

- (1) The object of this section is to facilitate the consideration by the Authority of the impact that the granting of certain licences, authorisations or approvals will have on the local community, in particular by providing a process in which the Authority is made aware of:
