- 4.2. For the purpose of this application the local community has been identified as the Doonside State Suburb. The people from this area gravitate towards the premises as it is the only hotel or club in the SA 2.
- 4.3. Sporting and social clubs use the premises and consider the facilities an important asset to the community. If the application is approved, the Hotel will be able to continue to support the many organisations currently supported and to offer similar support to other local organisations.
- 4.4. The Hotel supports other local community groups such as Doonside Roos Junior Rugby League Club (sponsorship of \$4,500), Doonside Cricket Club (\$4,000), Pirates Social Golf Club (4,000), The Greenshirts Social Golf Club (\$4,000) and Doonside Masters Rugby League Team (\$500).

The Hotel is known for its willingness to donate free meal vouchers to local schools.

- d) ensure that hotel staff pick up bottles, cans, glasses and rubbish from outside the hotel
- e) monitor and control the behaviour of patrons leaving the hotel
- f) limit the noise emitted from the premises

## **5. Demography**

---

- 5.1 The population of the state suburb of Doonside was 13,451 (2016 census) and of Doonside – Woodcroft SA2 Area 22,530. Annexure 1 is a table of key demographics information in relation to the Doonside State Suburb, Doonside – Woodcroft SA2 Area and Blacktown LGA.

The population characteristics of Doonside state suburb Attachment “E” are generally unfavourable to state averages while those of Blacktown local government area and the SA2 are less so being superior in the financial categories.

However the Doonside Hotel is Doonside’s de facto community centre and the social centre for Doonside providing the community with a safe, comfortable place where residents can meet and mingle, form friendships, share troubles and enjoy free entertainment and good food at reasonable prices as well as having a flutter on the pokies and TAB. This is one of the few facilities which can bring the people of the area together as a community.

The hotel is well managed and well regarded by local community groups and subsidises its bistro as well as a range of social clubs.

The increase in threshold is being sought to enable the applicant to maintain and improve the hotel and the service it provides to the community.

The density of hotel gaming machines in the SA2 is well below NSW as a whole and will continue to be so if the application is granted.

- 5.2 There is one hotel and no club located in the Doonside – Woodcroft SA2 Band 2 area (see attached LIA Banding map and banding map of surrounding areas). There is currently a total of 26 poker machine entitlements in this Band 2 area, with a population of 22,530 as of the last census, one entitlement per 866 persons.

The SA2 is bound on the south by the Prospect Reservoir SA2 Band 1, on the south and west by the Rooty Hill – Minchinbury SA2 Band 2, on the east by the Blacktown West SA2 Band 1, on the east and north by the Blacktown North – Marayong SA2 Band 2 and on the west by the Glendenning – Dean Park SA2 Band 2.

- 5.3 The population of Doonside state suburb as at 2016 census was 13,451 with 26 gaming machines in one hotel, an average of 517 person per machine.
- 5.4 For the period 1/7/2019 to 31/12/2019 these premises were ranked 171 in NSW for gaming machine net profit and 201 for net profit per machine and respectively 15<sup>th</sup> and 12<sup>th</sup> of 26 within the LGA.
- 5.5 Using the Authority gaming machine data report for the period from 1 July 2019 to 31 December 2019 the net profit per machine for hotels in the Blacktown LGA was \$100,296.38 and that for these premises was \$98,804.50.

## **6. Positive Contribution to the Local Community**

---

- 6.1 The applicant proposes to make a donation per threshold increase to the Responsible Gaming Fund of \$26,186.71 per annum over a 5-year period (\$130,933.57) which equates to 15% of the average gaming profit per entitlement (in total \$52,373.42 per annum and \$261,867.14 over 5 years).
- 6.2 In addition the hotel will continue to support the local community as mentioned in paragraph 4.

- 6.3 The operators of the hotel continually undertake staff training to provide staff with the ability to maintain enhanced skills in dealing with clientele and gaming clients in addition to the harm minimisation protocols referred to in clause 3.
- 6.4 The positive contribution will benefit the local community and the operators will continue to review and implement new responsible gaming and harm minimisation strategies in order to negate any negative impacts on the local community.

## **7. Conclusion**

---

- 7.1. It is submitted that the foregoing information complies with the guidelines for a Class 1 Local Impact Assessment attaching to an application for an increase in the gaming machine threshold of the Hotel by addressing the responsible gaming and harm minimisation measures taken by the Hotel; identifies the local community of the Hotel; and provides information to show that a positive contribution will be made to the local community if the LIA and increase application are approved.
- 7.2. Approval of the gaming machines threshold to 28 will result in a direct positive impact by way of financial support and contributions to local and/or charitable organisations and a total of \$261,867.14 to the RGT over a 5-year period.
- 7.3. Based on the foregoing information and as the Hotel is located in a Band 2 SA 2 and the application is for a low-range increase in the gaming machine threshold, we submit that there are more positive impacts for the community if the threshold application is approved than any negative impact by the installation of an additional 2 gaming machines.
