

Centralised monitoring system (CMS) connectivity certificates order form

Before you complete this form

What this form is for

This form allows you to order CMS connectivity certificates by post or by email. To place your order conveniently online, go to shop.nsw.gov.au. You can also purchase and collect CMS connectivity certificates in person at our offices. All prices include GST.

Why your hotel or club needs connectivity certificates

- ▲ When a licensed technician completes work on any gaming machine, they must ensure the gaming machine is connected to the CMS – section 133A(1) *Gaming Machines Act 2001* (the Act). If they can't connect the gaming machine, they must complete a CMS connectivity certificate – section 133A(2).
 - Your venue's representative and the technician should agree on the status of the CMS connectivity via the screen on the CMS site controller.
 - The status of CMS connectivity must be recorded on the certificate.
 - The person or party responsible for restoring CMS connectivity must also be noted on the certificate.
- ▲ If the technician fails to complete a CMS connectivity certificate and connectivity is not restored, the technician commits an offence.
- ▲ Your venue must retain a copy of the CMS connectivity certificate and be able to produce it on request by an officer from the Liquor & Gaming NSW (L&GNSW) – section 133A(3).
- ▲ If your venue cannot produce a certificate, it commits an offence with a maximum penalty of \$1,100. Alternatively, an infringement notice for an amount of \$110 may be issued.
