## STATEMENT OF REASONS

### 1. Material before the ILGA delegate

The decision made by the delegate had the application, the accompanying community impact statement (CIS-Category A) and other relevant material:

- (1) Application form dated – lodged 12 April 2016 (DOC16/053111)
- (2) Community Impact Statement (CIS) document and supporting material accompanying the application, dated 12 April 2016. The CIS includes contentions on the social impact of granting the application (DOC16/053115)
- (3) House Policy for the Premises dated 9 November 2016 (DOC16/147914)
- (4) Revised plan of the proposed licensed area (for the purposes of taking orders) received 11 November 2016 (DOC16/147912)
- (5) Current business name extract (ASIC) for Cocktail Collective Pty Ltd dated 14 May 2016 (DOC16/147913)
- (6) Submissions from Inner West Council received 28 July 2016 which raised no objection and advised that “development consent is not required to permit the proposed activity”. (DOC16/080868)
- (7) Submission from Marrickville Local Area Command received 4 September 2016 which raised no objection to the application yet proposed a number of standard conditions. (DOC16/100737)
- (8) A response letter from Mr Kim Stapleton on behalf of the applicant consenting to the imposition of the proposed conditions, dated 10 November 2016. (DOC16/147901)

### 2. Legislative framework, statutory objects and considerations

In determining the application, the delegate has considered relevant provisions of the Act, including the objects and considerations that are prescribed by section 3, which state:

#### 3 Objects of Act

- (1) The objects of this Act are as follows:
  - (a) to regulate and control the sale, supply and consumption of liquor in a way that is consistent with the expectations, needs and aspirations of the community,
  - (b) to facilitate the balanced development, in the public interest, of the liquor industry, through a flexible and practical regulatory system with minimal formality and technicality,
  - (c) to contribute to the responsible development of related industries such as the live music, entertainment, tourism and hospitality industries.

- (2) In order to secure the objects of this Act, each person who exercises functions under this Act (including a licensee) is required to have due regard to the following:
- (a) the need to minimise harm associated with misuse and abuse of liquor (including the harm arising from violence and other anti-social behaviour),
  - (b) the need to encourage responsible attitudes and practices towards the promotion, sale, supply, service and consumption of liquor,
  - (c) the need to ensure that the sale, supply and consumption of liquor contributes to, and does not detract from, the amenity of community life.

### 3. Statutory tests

- (1) In determining an application for a licence, under section 45(3) of the *Liquor Act 2007*, the delegate must also be satisfied that:
- a. the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates,
  - b. practices will be in place as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises and that those practices will remain in place, and
  - c. if development consent is required under the *Environmental Planning and Assessment Act 1979* (or approval under part 3A or part 5.1 of that Act is required), to use the premises for the purposes of the business or activity to which the proposed licence relates – that development consent or approval is in force.

### 4. Community impact test

- (1) Under section 48(5) of the *Liquor Act 2007*, the delegate must not grant a licence, authorisation or approval of a kind prescribed by section 48(2) of the Act unless the Authority is satisfied, having regards to the Community Impact Statement, where required, and any other matter the delegate is made aware of during the Application process, that the overall impact of the licence, authorisation or approval in question being granted will not be detrimental to the local or broader community.
- (2) The test applying under section 48(5) relates to delegated decisions in relation to:
- a. the grant or removal of a small bar licence (where required),
  - b. a packaged liquor licence (limited to telephone/internet sales),
  - c. an application for extended trading hours to permit the sale of liquor after midnight in relation to a small bar (where required), an on premises relating to a restaurant that includes an application for a primary service authorisation, an on

premises licence relating to a karaoke bar, a catering service or a vessel, and an application for a producer/wholesaler licence that includes an application for a drink on premises authorisation.

- (3) The Community Impact Statement provides the Authority with information about the views of relevant stakeholders and other aspects of the local community in which the proposed licensed premises is to be located. This includes, for example, the proximity of the licensed premises to hospitals or health facilities, nursing homes, schools and places of worship.
- (4) Local and Broader Community - for the purposes of this decision, the delegate is satisfied that the relevant “local community” is the community within Inner West Council and the “broader community”, the entire state of NSW. This is because the nature of the licence allows for convenient access to liquor by persons located anywhere in NSW.

## **5. Analysis of Submissions and other Materials**

- (1) Having reviewed all of the material, I am satisfied that this application for an online packaged liquor licence is low risk. The sale of liquor will be limited to by means of taking orders over the telephone or by facsimile or mail order, or through an internet site.
- (2) The proposed licensed premises comprises an office, at which online orders will be received and processed. Alcohol will not be stored at the proposed licenced premises and customers will not be able to attend the licensed premises. A submission was received from Inner West Council Council confirming that no further development consent is required for the proposed use of the premises.
- (3) A submission was received from Marrickville Local Area Command. Whilst the submission does not constitute an objection, it recommends the imposition of various conditions. The applicant has consented to the imposition of the requested conditions.
- (4) The licence will be exercised in accordance with a “House Policy” that details the, responsible service of alcohol and delivery of alcohol.
- (5) I am satisfied that the statutory advertising requirements have been met.

## **6. Overall social impact**

### **(1) Positive benefits**

The licence will be operated by Internet and telephone between 10:00 AM and 10:00 PM. Customers will not be attending the premises as sales are limited to telephone, facsimile, mail order and Internet.

**(2) Negative impacts**

Police have not objected to the granting of the application. No objections were received and no other concerns were raised. The nature of the licence sought means that there are unlikely to be any amenity impacts on the Local Community.

**7. Conclusion**

- (1) I am satisfied that procedural fairness was afforded to the applicant and interested parties regarding the decision whether or not to grant the application, as all of those required to be notified of the application were provided with the opportunity to make written submissions and all submissions received were considered and helped inform this decision.
- (2) In accordance with section 45(3)(a) of the Act I am satisfied that the proposed licensee is a fit and proper person to carry on the business or activity to which the proposed licence relates.
- (3) Having considered the venue management plan and related material, under section 45(3)(b) of the Act, I am satisfied that practices will be in place at the premises as soon as the licence is granted that ensure, as far as reasonably practicable, that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place.
- (4) Consistent with section 45(3)(c) of the Act requiring development consent from the local council, I am satisfied that the required development consent or approval is in force.
- (5) I am satisfied that the applicant has provided consent to imposing the conditions contained in the licence document.
- (6) In making this decision under delegation from of the Authority, all statutory objects and considerations prescribed by section 3 of the Act were considered and accordingly, I have determined to grant the packaged liquor licence application with conditions.
