## **STATEMENT OF REASONS**

### **DECISION**

1. On 17 May 2017, ALDI Foods Pty Limited (“the Applicant”) lodged an application for a packaged liquor licence for premises located at Shop L07 Glenmore Park Town Centre 1 Town Terrace GLENMORE PARK NSW 2745 (“the Application”) with Liquor & Gaming NSW (“L&GNSW”) for determination by the Independent Liquor & Gaming Authority (“the Authority”).
2. Pursuant to section 45 of the Liquor Act 2007 (“the Act”), the Authority decided to grant the Application.
3. In making this decision, the Authority has had regard to the material before it, the legislative requirements under sections 3, 11A, 29, 30, 31, 40, 45 and 48 of the Act, and the relevant provisions of the Liquor Regulation 2008 (“the Regulation”).

### **MATERIAL CONSIDERED BY THE AUTHORITY**

4. The Authority has considered the Application, the accompanying community impact statement (“CIS”), and all submissions received in relation to the Application.
5. The Authority is satisfied that procedural fairness was afforded to the Applicant and interested parties regarding this decision, as all parties required to be notified of the Application were provided with the opportunity to make submissions.
6. In accordance with the Authority’s Guideline 6, the Authority has also had regard to relevant L&GNSW liquor licensing records, Bureau of Crime Statistics and Research (“BOCSAR”) crime data, HealthStats NSW data, and Australian Bureau of Statistics (“ABS”) socio-demographic data pertaining to the local and broader communities, sourced by L&GNSW staff from publicly available sources.
7. The material considered by the Authority is listed in the Schedule, with a summary where appropriate.

### **LEGISLATIVE FRAMEWORK**

8. The Authority has considered the Application in the context of the following legislative provisions.

#### Objects of the Act

9. The objects of the Act, as set out in section 3, are to regulate the supply of liquor in line with the expectations and needs of the community, and facilitate the balanced and responsible development of the liquor industry and related industries.
10. In the pursuit of these objectives, section 3 requires the Authority to, in determining a liquor licence application, have due regard to the need to minimise alcohol-related harm, encourage responsible liquor supply practices, and ensure that the supply of liquor does not detract from the amenity of community life.

#### Trading hours

11. Section 12 of the Act sets out the standard trading period for different types of liquor licences. Additionally, section 11A imposes a condition on all licences prohibiting the sale of liquor by retail on the licensed premises for a continuous period of 6 hours during each consecutive period of 24 hours.

#### Minimum procedural requirements

12. Section 40 of the Act prescribes the minimum procedural requirements for a liquor licence application to be validly made to the Authority.

Fit and proper person, responsible service of alcohol, and development consent

13. Section 45 of the Act provides that the Authority may only grant a licence if it is satisfied that:

- (a) the applicant is a fit and proper person to carry on the business to which the proposed licence relates,
- (b) practices will be in place to ensure the responsible service of alcohol and to prevent intoxication on the premises, and
- (c) the applicable development consent required for use of the premises for the business to.

Community impact statement

14. Section 48 of the Act requires certain applications, including an application for a packaged liquor licence, to be accompanied by a CIS prepared in accordance with the relevant requirements.

15. Section 48(5) provides that the Authority may only grant the licence if it is satisfied that the overall social impact of doing so will not be detrimental to the well-being of the local or broader community, having regard to the CIS and any other matter brought to its attention.

Provisions specific to packaged liquor licence

16. Further legislative provisions specific to a packaged liquor licence are set out in sections 29, 30 and 31 of the Act.

17. Section 29 prescribes the period and manner in which a licensee can sell or supply liquor.

18. Section 30 requires a separate liquor sales area to be set up on the licensed premises if its primary business is not to sell liquor for consumption away from the premises.

19. Section 31 sets out certain restrictions on the granting of the licence to general stores, service stations and take-away food shops.

**KEY FINDINGS**

20. Having regard to the information before it and relevant legislative requirements, the Authority makes the following findings in relation to the Application.

Validity, procedural and trading requirements

21. The Authority finds that:

- (a) the Application has been validly made and meets the procedural requirements under section 40 of the Act,
- (b) the proposed trading hours for the Premises meet the requirements under sections 11A and 12 of the Act in respect of trading and 6-hour closure periods,
- (c) liquor will be sold and supplied in a separate liquor sales area at the Premises, and in accordance with the authorisation conferred by a packaged liquor licence, as required by sections 29 and 30 of the Act, and
- (d) section 31 of the Act does not apply to the Application, as the Premises is not intended to be used for any of the purposes specified in the section.

Fit and proper person, responsible service of alcohol, and development consent

22. Pursuant to section 45 of the Act, the Authority is also satisfied that:

- (a) the Applicant is a fit and proper person to carry on the business to which the proposed licence relates, given that no concerns regarding the Applicant's probity were raised upon consultation with relevant law enforcement agencies, ,
- (b) practices will be in place from the commencement of licensed trading at the Premises to ensure the responsible service of alcohol, having regard to the Applicant's Plan of Management ("POM") and the conditions to be imposed on the licence, and
- (c) the requisite development consent is in force, based on Complying Development Certificate No. 17/0390/03 issued by Steve Watson & Partners on 31 August 2017.

#### Community impact statement

- 23. Pursuant to section 48 of the Act, the Authority finds that the CIS submitted with the Application was prepared in accordance with the relevant requirements. The Authority has taken into consideration the CIS and other available information in making the findings below about the social impact of the Premises on the local and broader communities.
- 24. For the purpose of this decision and consistent with its position in *Guideline 6*, the Authority is satisfied that the relevant "local community" is the community within the suburb of Hillsdale, and the relevant "broader community" comprises Penrith Local Government Area ("the LGA").

#### Positive social impacts

- 25. The Authority accepts, based on the information available, the Applicant's contention that some population growth is likely to occur in Glenmore Park in the coming years. The Authority also accepts that the anticipated population growth will create further demand for packaged liquor.
- 26. The Authority notes that at the time the Application was submitted there was only one existing packaged liquor facility in Glenmore Park. Although the Authority has since granted another packaged liquor licence which will be located in the same shopping centre as the Premises, it is satisfied that the current density of packaged liquor licences per 100,000 of population in the suburb is still very low in comparison to the NSW rate.
- 27. The Authority notes that, once redeveloped, the Glenmore Park Town Centre, within which the Premises will be housed, will comprise Coles, ALDI and Woolworths Supermarkets along with 60 speciality stores. The Authority accepts the Applicant's contention that the granting of the licence will provide an additional measure of convenience to customers of the ALDI Supermarket who wish to purchase liquor items along with their grocery items.
- 28. The Authority does, however, consider that the benefit of convenience is somewhat reduced by the fact that visitors to Glenmore Park Town Centre can already access grocery and liquor products together at the existing Woolworths Supermarket and adjoining BWS outlet, as well as the Coles Supermarket and the recently granted adjoining Liquorland outlet.
- 29. The benefit of increased convenience is further reduced on the basis of the small size of the Premises. A smaller packaged liquor facility is less likely to carry a comprehensive range of liquor products, meaning that customers of the ALDI Supermarket might still prefer to shop at an alternative packaged liquor facility.
- 30. The Authority accepts the Applicant's submission that the Premises will sell a range of principally ALDI-branded liquor products which are not currently available elsewhere in Glenmore Park, however notes that the range of additional products to be made available is limited.
- 31. The Authority also accepts that ALDI is an experienced operator of many packaged liquor licences, each of which conforms to the business model outlined in the Application.

32. The Authority is satisfied that there were no objections to the Application received from any stakeholders, special interest groups, occupiers of neighbouring residents or any other members of the public. Furthermore, NSW Police made a submission in response to the Application which advised that it does not object to the proposal, notwithstanding the concerns raised in that submission.

#### Negative social impacts

33. Whilst the Authority accepts the results of the 2015 ALDI customer survey that suggests that the majority of the ALDI customers surveyed expect ALDI to sell liquor, and that just over half indicated that they would be inconvenienced if ALDI were not to sell liquor, the customers surveyed shopped at 20 ALDI store locations currently selling liquor across NSW and there is no local evidence to suggest that the prospective customers of ALDI Glenmore Park share the same expectations and outlook on convenience.

34. The Authority notes the concerns raised by NSW Police in respect of existing issues with juvenile drinking at a reserve located adjacent to the Premises, and agrees that there is a need for the Applicant to employ appropriate measures to prevent secondary supply and purchases by minors.

35. The Authority accepts that the Applicant is a particularly experienced operator of packaged liquor facilities, and that the various responsible service of alcohol measures prescribed in the document titled "Management Policies and Strategies – ALDI Liquor NSW", along with the special licence conditions imposed on the licence, will adequately mitigate the risk of access to alcohol by minors. The Authority is also satisfied that NSW Police is not troubled by this issue to the extent that such would warrant an objection to the Application.

36. The Authority also notes from the HealthStats NSW data that, for the period 2012-2013, alcohol attributable hospitalisations, reflected by a Smoothed Standardised Separation Ratio, were 5 percent higher than the corresponding NSW figure and alcohol attributable deaths in the LGA were slightly lower than the NSW state average.

37. The Authority notes from the BOCSAR data that, for the year ending March 2017, there is a high density hotspot for domestic assault and various medium density hotspots for malicious damage to property in Glenmore Park suburb. There are, however, no hotspots for alcohol-related assault or non-domestic assault in the suburb.

38. The Authority is satisfied that alcohol-related offences are occurring at significantly lower than average rates in Glenmore Park suburb. The Authority notes, in particular, that alcohol-related domestic assault occurred at a rate of only 53.6 per 100,000 of population in Glenmore Park in the year ending March 2017, compared to the corresponding NSW rate of 114.7. The rate was relatively steady over the two years to March 2017.

39. The Authority is concerned by the elevated rates of alcohol-related domestic assault and malicious damage to property recorded for Penrith LGA in the year ending March 2017, however considers that the more favourable localised data alleviates this concern somewhat.

40. The Authority has had regard to the ABS data indicating that, as at 2011, Glenmore Park was advantaged in comparison with other suburbs in NSW on the Index of Relative Socioeconomic Advantage and Disadvantage, ranking in the 9th decile. Penrith LGA was also comparatively advantaged, ranking in the 8th decile when compared to other LGAs in NSW.

41. Whilst, as noted above, there is evidence that the broader community is susceptible to alcohol-related illness and injury, and that there are elevated rates of alcohol-related crime at the LGA level, the Authority's concerns regarding these indicia of vulnerability to alcohol-related harm are significantly alleviated by the low density of packaged liquor licences and very low rates of alcohol-related crime in Glenmore Park itself. The Authority

is satisfied that these factors adequately mitigate the risks that are associated with this additional packaged liquor facility given the prevailing scope of the alcohol-related problems being experienced by the local and broader communities.

42. The Authority is also satisfied that any risk associated with the granting of the Application will be further mitigated by the imposition of special licence conditions and by the Applicant's adherence to the measures stipulated in its "Management Policies and Strategies" document.

#### Overall social impact

43. Having considered the positive and negative impacts that are likely to flow from granting the licence, the Authority is satisfied that the overall social impact of granting the licence would not be detrimental to the well-being of the local and broader communities.
44. Furthermore, the Authority is satisfied that a decision to grant the licence would be consistent with the objects of the Act to regulate the supply of liquor and facilitate the responsible development of the liquor industry in line with community expectations and needs.
45. Accordingly, the Authority has decided to grant the Application.

Philip Crawford  
Chairperson
