#### 3 Objects of Act

## Liquor & Gaming

under this Act (including a licensee) is required to have due regard to the following:

- a. the need to minimise harm associated with misuse and abuse of liquor (including the harm arising from violence and other anti-social behaviour ),
- b. the need to encourage responsible attitudes and practices towards the promotion, sale, supply, service and consumption of liquor,
- c. the need to ensure that the sale, supply and consumption of liquor contributes to, and does not detract from, the amenity of community life.

### 3. Statutory tests

- (1) In determining an application for a licence, under section 45(3) of the *Liquor Act 2007*, the delegate must also be satisfied that:
  - a. the applicant is a fit and proper person to carry on the business or activity to which the proposed licence relates,
  - b. practices will be in place as soon as the licence is granted that ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises and that all reasonable steps are taken to prevent intoxication on the premises and that those practices will remain in place, and
  - c. if development consent is required under the *Environmental Planning and Assessment Act 1979* (or approval under part 3A or part 5.1 of that Act is required), to use the premises for the purposes of the business or activity to which the proposed licence relates – that development consent or approval is in force.

### 4. Community impact test

- (1) Under section 48(5) of the *Liquor Act 2007*, the delegate must not grant a licence, authorisation or approval of a kind prescribed by section 48(2) of the Act unless the Authority is satisfied, having regards to the Community Impact Statement, where required, and any other matter the delegate is made aware of during the application process, that the overall impact of the licence, authorisation or approval in question being granted, will not be detrimental to the local or broader community.
- (2) The test applying under section 48(5) relates to delegated decisions in relation to the granting or removal of:
  - a. a small bar licence,
  - b. a packaged liquor licence (limited to telephone/internet sales),
  - c. an on-premises licence relating to a restaurant that, in the case of a new licence, includes an application for a primary service authorisation,
  - d. an on-premises licence relating to a karaoke bar, a catering service or a vessel,

## Liquor & Gaming

- e. an application for a producer/wholesaler licence that, in the case of a new licence, includes an application for a drink on-premises authorisation
  - f. an application for ongoing extended trading hours to permit the sale of liquor after midnight in relation to any of the above licence types.
- (3) The Community Impact Statement provides the Authority with information about the views of relevant stakeholders and other aspects of the local community in which the proposed licensed premises is to be located. This includes, for example, the proximity of the licensed premises to hospitals or health facilities, nursing homes, schools and places of worship.
- (4) Local and Broader Community - for the purposes of this decision, the delegate is satisfied that the relevant “local community” is the community within Kempsey, and the “broader community” of Kempsey Shire Council.

### 5. Analysis of Submissions and other Materials

- (1) Having reviewed all the material, I am satisfied that this application for an on-premises liquor licence for a restaurant and a catering service is unlikely to result in any significant increase in alcohol-related harm in the local community.
- (2) The proposed licensed premise is an existing restaurant with a catering service. The premise has an approximate patron capacity of 60 and is located in Macksville.
- (3) Having reviewed all the material, I am satisfied that all required documentation for an on-premises liquor licence with catering class in place and Nambucca Shire Council stated that development consent is not required to permit the proposed activity.
- (4) No adverse submissions were received relative to this application.
- (5) The licence will be exercised in accordance with standard RSA practices that will be in place at the licensed premises to ensure, as far as reasonably practicable, that liquor is sold, supplied or served responsibly on the premises, and that the operation of the premise does not impact detrimentally upon or detract from, the amenity of the neighborhood. For that purpose all staff serving alcohol will have an RSA.
- (6) I am satisfied that the statutory advertising requirements have been met.

### 6. Overall social impact

#### (1) Positive benefits

The proposed licensed venue is a restaurant with reduced liquor trading hours and with the emphasis placed on food. The venue intends to provide on occasions night/afternoon time functions with high quality service.

#### Negative impacts

There have been no objections to the granting of this licence. The business model overview provided by the applicant and conditions imposed on the licence provide a

level of certainty that there are unlikely to be any major impacts on the Local Community.

## 7. Conclusion

- (1) I am satisfied that procedural fairness was afforded to the applicant and interested parties regarding the decision whether or not to grant the application, as all of those required to be notified of the application were provided with the opportunity to make written submissions and all submissions received were considered and helped inform this decision.
- (2) In accordance with section 45(3)(a) of the Act I am satisfied that the proposed licensee is a fit and proper person to carry on the business or activity to which the proposed licence relates.
- (3) Having considered the venue management plan and related material, under section 45(3)(b) of the Act, I am satisfied that practices will be in place at the premises as soon as the licence is granted that ensure, as far as reasonably practicable, that all reasonable steps are taken to prevent intoxication on the premises, and that those practices will remain in place.
- (4) Consistent with section 45(3)(c) of the Act requiring development consent from the local council, I am satisfied that Nambucca Shire Council submission indicated that Development consent is not required to permit the proposed activity.
- (5) In making this decision under delegation of the Authority, all statutory objects and considerations prescribed by section 3 of the Act were considered and accordingly, I have determined to grant with conditions the licence application.
