# IMPORTANT NOTICE

## Machine Playing Conditions

**These Conditions regulate and limit the rights and obligations of anyone who plays a gaming machine in the Club. You should read them before playing any machine. Do not play any machine if you do not understand and accept all of these Conditions.**

1. No patron is required to participate. Any playing of machines is at your sole option, discretion and risk.
2. Player information brochures are available. Please ask if you would like to know how to get one. Player brochures are for general information only and if there is any inconsistency with these Conditions, then to the extent of the inconsistency these conditions prevail.
3. You should not play any machine unless you completely understand -
  - (a) how you have to play it, and
  - (b) the combinations that you would have to get to win a prize.
4. If you disagree with anything done by the Club in connection with a prize or the playing of a machine, please ask about the Club's complaint handling procedures.
5. Machines must not be played by anyone under the age of 18 years.
6. These Conditions cannot be varied for you personally except by a document that sets out the change(s), expressly refers to these Conditions and is signed by an authorised Club officer.
7. These Conditions apply even where there are separate conditions stipulated for a particular machine or promotion or prize, except only where (and to the extent that) the Club expressly states in writing that it is amending these Conditions.
8. Payment may be withheld and the Police called if in the Club's opinion a machine or the circumstances show any sign of use of or interference with the machine which is unlawful or in breach of these Conditions or the Club has any reasonable suspicion of play in breach of these Conditions or which is otherwise improper.
9. A prize or purported prize will not be paid or awarded where in the Club's reasonable opinion it arises as a result of a machine malfunction; or as a result of any aspect of the operation, working, use or performance of the machine that was not intended or not reasonably anticipated by the Club (even if that aspect of the operation, working, use or performance of the machine was otherwise predictable); or (without limiting the previous general words), where the winning combination showing has not been registered in the machine. The Club's decision is final.
10. Various legal requirements binding on the Club in some circumstances are mandatory and cannot be varied. If any such requirement is inconsistent with these Conditions then the legal requirement prevails but only to the extent of the inconsistency.
11. You must not play any machine which the Club has marked as malfunctioning or otherwise in some way marked or indicated as withdrawn from play. The Club will not pay any prize won on any such machine.
12. At any time when requested by the Club a player must provide their full name and address plus details of the basis on which they are on the Club's premises, with such documentary proof as the Club reasonably requires. The Club may prevent you from playing or continuing to play any machine if you do not satisfactorily comply with this requirement.
13. Club employees and former employees, and contractors and suppliers to the Club (and their officers and staff) must observe all relevant restrictions imposed by the Club from time to time regarding such persons. Without limiting those general words, an employee must not play machines whilst on duty nor during meal or rest periods or other breaks from duty. Prizes won by an employee or former employee, or by a contractor or supplier (or one of their officers or staff) when playing a machine in breach of this Condition, will not be awarded or paid.
14. Only coins and notes of Australian legal tender are to be used to play gaming machines and that must be in accordance with the particular requirements of any particular machine as noted on that machine.
15. You may reserve not more than one machine at a time and then for a maximum of 15 minutes. However, the Club may in any particular case decide in its discretion not to allow a machine reservation to continue. The Club has no liability to you if you reserve a machine but for any reason that machine is played by some other person. The Club may in its discretion but without limiting the other provisions of this condition, allow particular types of players to reserve more than one machine or to reserve a machine for a longer period.
16. The Club may reserve any number of machines for the exclusive use of full members or for a particular promotion or activity. If you are not entitled to play a machine under any such particular arrangement then you are not entitled to claim any prize won on the machine whilst it is so reserved.
17. A prize will not be paid unless the winning combination is seen by an authorised staff member of the Club and verified for payment according to the Club's standard procedure for paying prizes.
18. A prize will not be paid if it is won before the opening time of the Club, or after the announced closing time of the Club.
19. The Club has the right to ensure that every prize, short pay and machine refill is played off.
20. The Club may refuse any person the right to play or to continue to play a gaming machine in its discretion at any time without giving any reason.
21. You must immediately report to an authorised Club staff member, any machine that is able to be operated without using the correct legal tender or without reducing the credit meter by an appropriate amount or that is malfunctioning in any other way, and you must stop playing that machine.
22. You must also immediately report to an authorised Club staff member, any machine that overpays or pays other than the correct amount for a winning combination, and you must stop playing that machine.
23. Any property, including money, left by players in or on an unattended machine must be reported and returned to the Club for appropriate action.
24. If you do not report a malfunction as required then you may be liable to the Club for damages suffered by the Club as a result.
25. You must not tilt, rock, move damage or interfere with a machine or do anything calculated or likely to interfere with the normal operation of a machine, or do anything prohibited by law.
26. Cheating in relation to a machine is a very serious criminal offence carrying a maximum penalty of \$11,000.00 or imprisonment for 12 months, or both, for each offence.
27. Prizes are not payable to any player, and may not be claimed by any person, who is under the age of 18 years or who is not either a financial member, provisional member, temporary member or honorary member, or a bona fide guest of a member and on the premises in compliance with all requirements of the law and the Club's Constitution and playing the machine in the reasonable company of the member concerned.
28. Prizes or accumulated credits over \$2,000.00 will, and prizes of less than that amount may be paid by crossed cheque payable to the prizewinner, or by EFT where that is requested by the prizewinner and those means are available to the Club.
29. Monetary prizes and stored or accumulated credits will be paid within 48 hours of a request for payment from the prizewinner. The Club in its discretion may pay part of a prize or of a stored or accumulated credits, in advance of paying the balance.
30. A prize may be awarded in a non-monetary form. Where a prize is awarded in a non-monetary form there is no option to take the prize in any other non-monetary form except as the Club may have separately specified in writing for any particular machine or promotion. The prizewinner does have the choice of being paid instead. The prize will be awarded as stated in the Club's published information, or if no time has been specified then within 48 hours of a request from the prizewinner.
31. Where a prize is not awarded or paid immediately after the prizewinner has requested it, the Club will give the prizewinner a written acknowledgment of the prizewinner's entitlement to the prize.
32. For a monetary prize, the Club will pay the prizewinner an amount equal to but not exceeding the value of the credits accumulated by the prizewinner from playing the relevant machine.
33. Except as specified by the Club in writing or by legislation for any particular machine or promotion, all prizes are paid in cash. The club keeps certain records in relation to machines and prizes. Players must cooperate with the Club regarding the keeping of those records.
34. If the Club offers any machine which is operated as part of an inter-club linked gaming system (no matter what that system is named) then -
  - (a) to the maximum extent permitted by law, progressive jackpots (and other similar prizes) are payable by TAB limited or other operator of the linked gaming system alone and the Club has no liability to pay, and gives no representation or warranty concerning, any such jackpot, prize or other benefit offered by that operator.
  - (b) any other specific Conditions applicable to the relevant linked gaming system, including those notified by the operator of the linked gaming system, apply. If there is any inconsistency, then as between you and the Club (except as any other Conditions promulgated by the Club may expressly provide) these Conditions prevail to the extent of the inconsistency to maximum extent permissible at law;
  - (c) the Club may if it chooses act as the representative or agent of the linked gaming system operator eg. to facilitate payment of a progressive jackpot or prize. However, that does not waive or affect these conditions all of which continue to apply.
35. The Club may immediately withdraw a machine or any progressive system from play if the Club in its absolute discretion suspects a malfunction. If the machine is of a progressive type then the Club will have the machine repaired as soon as practicable.
36. Only the actual prizewinner may claim or receive payment of a prize. They must do so in person at the club's premises. The Club may in its absolute discretion waive this condition.
37. If the Club in good faith pays or awards a prize to someone appearing to the club to be or to duly represent the prizewinner, then the maximum extent permitted by law that payment or award fully discharges the club from all liability to the prizewinner in relation to that prize.
38. If the Club provides any gaming machine ticket (as defined in the Gaming Machine Regulation 2002 as may be amended from time to time) then -
  - (a) The ticket may only be redeemed at the place or places at the Club's premises which are designated by the Club.
  - (b) The ticket may be redeemed at the Club's election in cash or by cheque or both.
  - (c) The Club may refuse to redeem the ticket if the Club is not satisfied that the person claiming in respect of the ticket or if that person does not provide documentary proof of identity and their signature and provide and let the Club take from that documentary proof of identity the following information - their full name and address; the identifying numbers or letters of the document proving their identity; and the full name, address and signature of the person claiming in respect of the ticket (if different to the person presenting the ticket).
  - (d) Claims may be made for unclaimed tickets at any time when the Club is open for trading.
39. The Club may still publish information relating to the type or value of any prize won and the venue or geographic location where it was won, even if the prizewinner requests in writing that nothing disclosing the prizewinner's identity be published.
40. By accepting or redeeming a prize, a prizewinner consents to use of their name and likeness for marketing purposes (until they request the Club in writing given to the Club or an employee of the Club that anything disclosing their identity not be published), based on the winning of the prize and without additional compensation.
41. Nothing in these Conditions affects anything contained in any self-exclusion deed which you may sign. The Club is entitled to rely on every provision in any self-exclusion deed signed by you (whether or not the deed is titled as a self-exclusion deed), despite anything in these Conditions.
42. Any other specific Conditions applicable to any particular machine, promotion or prize apply. If there is any inconsistency, then (except as those other conditions may expressly provide) these Conditions prevail to the extent of the inconsistency.
43. A member who breaches any of these Conditions is liable to disciplinary action by the Club in addition to any disqualification from claiming a prize and any other lawful penalty.
44. The Club may withdraw or amend these Conditions at any time in its absolute discretion. Any change becomes operative immediately it is displayed anywhere at the Club.

## PARTNERSHIP PROPOSAL

### BACKGROUND

Youth Solutions and Campbelltown Catholic Club formally developed a partnership in December 2008.

Binge drinking and alcohol issues are of increasing community concern and Governments are introducing a host of new policies and measures to tackle the issue.

Since this time both organisations have been strategically working together to address the perceived and actual issues of alcohol related problems at a local level.

All young people aged 18 – 25 years of age are particularly vulnerable to the negative effects of alcohol abuse.

Youth Solutions and Campbelltown Catholic Club share a belief that a 'Whole of Community' and 'Whole of Club' approach is required to ensure the issue of alcohol abuse in this age group is addressed in a comprehensive and sustained manner.

Youth Solutions (YS) has worked in partnership with the Campbelltown Catholic Club (CCC) to gain a better understanding of young adults' knowledge of responsible service of alcohol initiatives, alcohol related harm issues and binge drinking to allow both Campbelltown Catholic Club and Youth Solutions to consider future strategies targeting young people.

To do this, the partnership has established a Steering Committee and engaged an External Research Consultant to assist with the delivery of initial phases of community engagement and action.

Membership of the Steering Committee includes:

- Campbelltown Catholic Club Chief Executive Officer
- Campbelltown Catholic Club Public Relations
- Youth Solutions Chief Executive Officer
- Youth Solutions Program & Service Delivery Coordinator

The Steering Committee liaised with an External Consultant to conduct a needs assessment with Board, staff and young adult patrons aged 18 – 25 years, regarding alcohol related issues of concern eg awareness of Club policies, new rules implemented in December 2008, alcohol consumption, alcohol related issues of concern, and responsible service of alcohol issues.

### *Preliminary Work to May 2009*

This Needs Assessment and its resulting promotion will herein be referred to as the '*Don't be (a) Random – Plan Safe, Drink Safe, Stay Safe*' campaign. See below for Project Summary and Outcomes

## 'DON'T BE (A) RANDOM – PLAN SAFE, DRINK SAFE, STAY SAFE' CAMPAIGN

### *Project Summary and Outcomes*

#### Primary Target Group

- 18 – 25 year old patrons of the Campbelltown Catholic Club

#### Secondary Target Groups

- Campbelltown Catholic Club staff & Board
- General community

#### Project Aims

- Direct the target group to appropriate service providers in the area if needed, eg: drug and alcohol services.
- Raise awareness in the target group as to the effects of binge drinking, alcohol related harm and both patron and CCC responsibilities in relation to alcohol use
- Allow data on alcohol related harm issues in the target group to be collected through the surveys. CCC Staff and Board representatives will also complete similar surveys over this period.
- Develop an informed and sustainable plan for action for both CCC and YS
- Implement appropriate strategies to reduce or prevent harm

#### Project Outline

Youth Solutions and the Campbelltown Catholic Club believe that by speaking directly with young adults about the alcohol issues that affect them, they are able to make more informed decisions about alcohol abuse prevention strategies.

Consultation with the key stakeholders began at the very inception of this project. The slogan '*Don't be (a) Random – Plan Safe, Drink Safe, Stay Safe*' was produced following consultation with young adults from the target group, and then feedback was received from over 60 young adults regarding slogan and design.

The Project was launched, introducing the concept to the media, key stakeholder and the general community.

Youth Solutions worked in partnership with the Campbelltown Catholic Club, to actively involve young adults in our community to participate in surveys asking them about a range of issues, from demographics, transport, communications methods and media influences to their views and

knowledge about binge drinking, the State Government's special conditions on 48 pubs and clubs, including the Catholic Club and the impact of those conditions.

Consultations took place over the four Friday nights in March 2009, which involved Youth Solutions conducting written surveys of 200 Catholic Club patrons aged between 18 and 25 years.

*Key officials at the 'Don't be (a) Random' Project Launch*

*Youth Solutions staff conducting surveys at the Catholic Club*

## CONTINUED ACTION ON ALCOHOL ISSUES

Youth Solutions intends to use funds raised from Campbelltown Catholic Clubs successful application to the *Local Impact Assessment Class 1 for an additional 20 Gaming Machines*, to implement action on alcohol issues derived from the *'Don't be (a) Random – Plan Safe, Drink Safe, Stay Safe'* campaign.

### Primary Target Group

- 18 – 25 year old patrons of the Campbelltown Catholic Club

### Secondary Target Groups

- Campbelltown Catholic Club staff & Board
- General community

### Steering Committee

The Steering Committee (which was established at the commencement of the partnership) will:

- Review the results of the Needs Assessment
- Drive the process of planning action
- Ensure ongoing input and support from representatives of the whole Club community
- Provide an opportunity for all members of the Club community to work in partnership
- Increase communication within the Club community
- Contribute to a media and promotions plan
- Contribute to the evaluation of the process

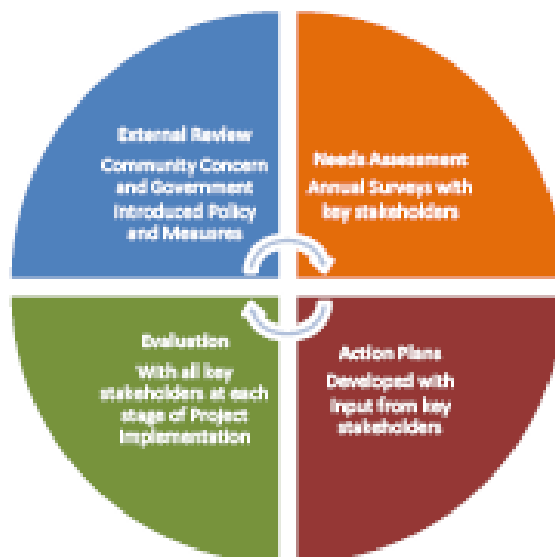

### Key Areas for Action

Findings from the *'Don't be (a) Random – Plan Safe, Drink Safe, Stay Safe'* campaign will be published during Drug Action Week – 18 June 2009. Key findings include:

- Campbelltown Catholic Club is a popular venue for young people starting their night out
- Young patrons overwhelmingly move on to another licensed venue or to friends home or party
- 32 percent of young people usually drink more than 8 standard drinks at a licensed venue
- 42 percent of young people usually drink more than 8 standard drinks either at a friend's home or party
- Young men reported higher drinking levels than females
- Young women significantly increase their drinking when not in licensed venues
- While young people reported they were knowledgeable about binge drinking 63 percent of respondents classified binge drinking as more than 9 standard drinks in a sitting
- Three quarters of respondents believed binge drinking was a problem in Campbelltown, but which was no worse than any other area
- NSW Governments new 'special conditions' on 'problem venues' have changed patterns of attendance at the club among 20 percent of young people.
- Almost 90 percent of young people classify Campbelltown Catholic Club as a safe venue
- Most young people classify Campbelltown Catholic Club as safer than any other venue

Additional long term funding will allow action to address these issues and more. Specific Project outcomes will be tailored to meet the key findings in the Annual Needs Assessment. Action and timeframe for delivery will be governed by funds received.

#### Cycle for Project Planning, Implementation and Evaluation

It is anticipated that Youth Solutions will work with the Campbelltown Catholic Club to undertake Needs Assessment annually. This would take into account any external regulations and requirements of the Club, while liaising with the ever changing 'young adult' population.

Action Plans will be developed to address key findings from the Needs Assessment, and may include: Newsletter inclusions, SMS/MMS Campaigns, multi media campaigns, product development, brochures, website inclusions, presence in online networking groups and more. Stakeholders will be consulted with during this process.

Evaluation will take place with all key stakeholders at each stage of Project Implementation.
