Introduction

The following submission outlines an application for a threshold increase of 8 poker machines for Hurstville R.S.L. Club Ltd pursuant to the recently amended Gaming Machines Act 2001.

In accordance with the Gaming Machines Amendment Act, a submission follows for a Class 1 Local Impact Assessment, detailing the benefits the club will provide to the local community, as well as the range of harm minimisation and responsible gaming measures employed by the Club. A copy of this Local Impact Assessment is available for public inspection at the Club during operating hours.

The projected increase in revenue from the extra 8 poker machines would be utilised to improve services for the members, as well as to assist in reducing Hurstville R.S.L. Club's Financial Liabilities.

The club also operates a Courtesy Bus on Wednesdays to Sundays, 6pm till close and provides 41 parking spaces for our members and their guests.

The additional income generated by the increase in entitlements, will benefit both the club and the community, by engaging additional employees and greater community funding. This increase of 8 poker machines will provide positive community benefits if approved.

2.0...Benefits to the Local Community

Hurstville R.S.L. Club will continue to build ties with community groups and sporting groups. The club's participation in the CDSE has netted Local Community Groups an additional \$40,000 in funding. (as of May 2016)

Along with the sponsorship and support for community groups, we provide rooms in the Club to use for schools and club meetings free of charge

Several of these expected benefits are of increased employment, upholding of the club's pricing & services, enhanced spend in the local area and most importantly, an increase in CDSE spend should offset any negative outcomes.

2.1...Local Community Related Issue

Due to the legislative requirements expressing compulsory membership for those patrons who reside within 5km of the venue, studies have shown that the majority of members & visitors are found to have been sourced within the scope of that range. The conclusion being that any improvements bought about by the approval of this application would be for the greatest benefit to the local community.

2.2...Increased Employment Opportunities

With further refurbishment planned for the club, there is a real prospect for additional local employment opportunities. The growth of the club depends on this additional income, which will benefit the community by providing increased funding. To further define this, the additional poker machines would necessitate additional staff to cover the expected increase in demand for food, beverages, payouts and general customer service on the gaming floor. The additional 8 Gaming Machines applied for, have the potential to generate additional net revenue with the reasonable expectation that staff and wages would increase as a result of the approval of this application.

This increase in gaming machines would also provide increased opportunities for external businesses. With an extra 8 poker machines, additional furniture, stools and signage are just a small portion of the changes required to the Floor area in the implementation phase. Furthermore, the projected increase in revenue through the extra poker machines foresee accelerated plans for additional facilities within the Club, which would result in further increases in employment, both directly and indirectly.

Any increase in employment would be extremely beneficial within the Kogarah LGA, particularly in the current economic climate where the anticipated unemployment rate has been shown to rise steadily. Given the great majority of our staff are drawn from our local community; a further benefit will be to keep additional funds local to the region.

2.3...Increase Economic Activity in the Local Region

The projected increased revenue from the extra gaming machines are expected to allow greater proliferation of the Club's services and entertainment mix and thus attract visitors from outside the region, which will create further revenue injections into the community. A more attractive entertainment and gaming venue may potentially limit Hurstville residents from visiting venues outside the area, keeping their funds within the Hurstville community.

2.4...Increased Taxes to Benefit NSW

Poker machine taxes would exponentially increase if gaming revenue were to increase. It is anticipated, that the projected increase in revenue from 8 poker machines, would lead to a further estimated \$85,434 paid to the NSW Government by Hurstville R.S.L. Club in poker machine tax, which would in turn, be utilised to provide necessary services to the people of NSW. (*GAMING MACHINE TAX ACT 2001-Par 5*).

2.5...Overall Poker Machine Reduction

To gain an increase of 8 poker machines, Hurstville R.S.L. Club would be required to purchase 12 and relinquish 4 to the NSW State Government to dispose of. This would lead to overall decrease state-wide of 4 poker machines.

2.6...Compliance Committee

Hurstville R.S.L. Club operates a comprehensive Incident Log. The management through the guidance of the General Manager and the Operations Manager are responsible for ensuring the Club's complies with Responsible Conduct of Gambling by undertaking audits of procedures throughout the year by way of weekly to quarter checklist audits.

The Club also maintains an OLGR Incident Register and forms part of the Club's Responsible Service of Alcohol (RSA) policy.

2.7...Increased Spend on Community Grants

The projected increase in revenue from an extra 8 poker machines would provide the Club with the means to further increase community expenditure. It is the club's commitment to provide additional funding by Club Grants in excess of our regulatory requirements.

Any further increases expected by the additional gaming machines, will have a positive effect on the community of Kogarah, who obviously benefit greatly from the Club's support.
