### **EXECUTIVE SUMMARY**

<b>Venue</b>	Livingstone Hotel
<b>Address</b>	New Canterbury & Livingstone Roads, Lewisham NSW 2049
<b>Licence name</b>	Livingstone Hotel
<b>Licence number</b>	LIQH400103484
<b>Local Government Area (LGA)</b>	Inner West Council
<b>Licensee</b>	Antony Coombs
<b>Licensee representative</b>	LAS Lawyers and Consultants
<b>Current Gaming Machine Threshold (GMT)</b>	18
<b>Proposed GMT increase sought</b>	6

## INTRODUCTION

The applicant is the licensee of the Livingstone Hotel (“Venue”), Antony Coombs (“Applicant”). The Venue is located at the corner of New Canterbury and Livingstone Roads, Lewisham NSW 2049, in the local government area (“LGA”) of the Inner West Council, and is not a new premises. The LGA is categorised as a Metropolitan Band 2 LGA according to the Liquor & Gaming NSW fact sheet FS3031.

Inner West Boundary Map – wards colour-coded

Source: <https://www.innerwest.nsw.gov.au/council/mayor-and-councillors/ward-map>

The applicant seeks to increase the current gaming machine threshold (“GMT”) of the Venue by six (6) (“Proposed Increase”). The Hotel currently has a GMT of eighteen (18) and if the application is approved this will result in a GMT of twenty-four (24).

We have determined that a Class 1 LIA is appropriate for this application as the premises is situated in a Band 2 LGA and the application is seeking a low-range GMT increase, thereby satisfying section 35(3)(b) of the Gaming Machines Act 2001 (NSW) (“Act”). The Proposed Increase constitutes a “low-range increase” in accordance with regulation 35 of the Gaming Machines Regulation 2010 (NSW) (“Regulation”).

## **The Venue**

The Venue's licence commenced on about 28 April 1947.

The Venue provides a wide range of facilities including food, beverages, sports wagering and gaming.

The Venue's current trading hours in the Lounge Bar are:

Monday to Saturday	5:00am to 5:00am; and
Sunday	10:00am to 12:00 midnight,

while in other areas within the Venue the following trading hours are current:

Monday to Saturday	5:00am to 12:00 midnight
Sunday	5:00am to 12:00 midnight

The internal floor space of the venue is approximately 930sqm.

The Venue's current gaming machine threshold is eighteen (18) which is constituted by eighteen (18) gaming machine entitlements; there are presently no poker machine permits held pursuant to the licence.

## **Services and description**

The Venue has bistro and full service bar amenities available. It also hosts various events, such as:

- raffles,
- poker tournaments,
- pool,
- jukebox and
- sports betting ("Services").

The availability of gaming machines is therefore secondary and the business focuses on sports and events that inspire community interaction and entertainment.

## **HARM MINIMISATION AND RESPONSIBLE GAMBLING MEASURES**

The primary purpose of the business carried out at the Venue is the sale of liquor by retail and sports wagering.

The keeping and operation of gaming machines at the Venue does not detract unduly from the character of the Venue or from the enjoyment of patrons, particularly in light of the Services provided at the Venue.

Gaming machines are provided within a designated gaming room within the Venue. The gaming room is compliant with the Act and the Regulation as it is:

- located in a bar area of the Venue;
- physically separated from the general bar area by permanent walls with at least the bottom half of such wall being constructed of opaque material;
- situated such that patrons are not compelled to pass through the gaming room in order to enter or leave the Venue or to gain access to another part of the Venue and situated such that gaming machines cannot be seen from any place outside the Venue;
- available to enter free of charge;
- set up so that machines are suitably spaced;
- there is a doorway or space that provides access to an operating bar and bathroom for each gender without the need for patrons to leave the Venue;
- cannot be viewed from a public street; and
- monitored by CCTV, the Applicant and gaming attendant employees.

Furthermore, the Venue is compliant with the Act and the Regulation in that:

- The Applicant and gaming attendant employees supervise the gaming room enabling them to detect any possible signs of problem gambling in patrons;
- the Applicant and staff involved with gaming hold a current Responsible Conduct of Gambling qualification;
- the Venue provides a self-exclusion scheme to patrons on request. The self-exclusion scheme is offered through GameCare – operated by AHA (NSW);
- the name and contact details of a gambling help counselling service is available in the gaming room at all times to patrons and each self-exclusion scheme participant;
- a statement advising patrons that a self-exclusion scheme is available and the name and contact details of GameCare who is able to assist patrons with becoming a participant in the scheme conducted by the Venue is displayed in the gaming room;
- all prescribed signage is displayed including display of information concerning chances of winning, the dangers of gambling and counselling services;
- brochures are displayed, including in community languages, informing patrons of the potential dangers of gambling, the availability of counselling and self-exclusion scheme;
- no ATM is located in the gaming room and patrons are not permitted to make withdrawals on credit;
- the Venue does not advise or promote the availability of gaming machines at the Venue or at all;
- clocks are visible to all patrons in the gaming room and set to and accurately reflect the correct time;

- the Venue does not accept third party cheques nor permits the cashing of cheques;
- the Venue limits cash payment of winnings to \$5,000.00;
- minors are not permitted to access the gaming room and for the avoidance of any doubt, prohibited from operating gaming machines;
- prize winning cheques are clearly identified as prize winning cheques;
- complies with the gaming machine shutdown hours endorsed on its licence.
- all gaming machines kept at the Venue are approved gaming machines and are connected to an authorized CMS;
- gaming related signs are not visible from the outside of the Venue and are situated within the Venue;
- no inducements are offered for the use of gaming machines at the Venue.

### **Forfeiture**

In relation to the proposed transfer of GME's, we note that in accordance with section 20(3)(b) of the Act, of the six (6) GME's to be purchased two (2) of them will be forfeited to Liquor & Gaming NSW ("Authority"). Furthermore, pursuant to section 20(7) if the Proposed Increase and transfer of GME's are approved the Authority will decrease the GMT of the transferor-hotel by the number of entitlements purchased, which would include those forfeited. This will result in a reduction in the number of approved gaming machines in New South Wales.

### **LOCAL COMMUNITY**

The local community is the Inner West Council LGA.

The Australian Bureau of Statistics (ABS) draws its data from the 2016 Censuses and most notably discloses the following in relation to the LGA:

- the total population is 182,043;
- of the total population 48.7% is male, which is less than the State average of 49.3% and the national average of 49.3%;
- of the total population 51.3% is female, which is more than the State average of 50.7% and the national average of 50.7%;
- of the total population 1.1% is of Aboriginal and/or Torres Strait Islander descent, which is less than the State average of 2.9% and the national average of 2.8%;
- the median weekly household income was \$2,048.00, compared with the State average of 1,486.00 and the national average of \$1,438.00;
- 41.7% of the population has attained a tertiary qualification of a Bachelor degree level and above, compared to the State average of 23.4% and the national average of 22%;

- Full-time employees made up 64.8% of the total population, compared with the State average of 59.2% and the national average of 47.7%;
- At 4.8% the unemployment rate was significantly lower than the State average of 6.3% and the national average of 6.9%.

A copy of the ABS Quick Stats data is attached as Attachment “1”.

Further advantage of the former LGA’s populations is indicated from the SEIFA scores and deciles from the 2033.0.55.001 - Census of Population and Housing: Socio-Economic Indexes for Areas (SEIFA), Australia, 2011. This data was released 18 July 2013, as such, the data does not take into consideration the council amalgamations, therefore the relevant LGA captured by SEIFA is the Marrickville LGA as that was the LGA that Lewisham was previously located in. A copy of the SEIFA data is attached as Attachment “2”.

	<u>Score</u>	<u>Rank</u>	<u>Decile</u>
Index of Relative Socio-economic Advantage and Disadvantage	1043	492	9
Index of Relative Socio-economic Disadvantage	1022	444	8
Index of Economic Resources	969	211	4
Index of Education and Occupation	969	526	4

The fairly high scores and ranks and corresponding lower deciles show that socio-economic disadvantage is relatively low in the Marrickville LGA, while in terms of the factors of economic resources, education and occupation are relatively high in the LGA. The SEIFA data and lower-than-average Aboriginal and Torres Strait Islander population shows that the population of the Inner West LGA is not highly vulnerable to financial difficulties, and by extension, not highly vulnerable to developing gambling addictions.

#### **OGILVY REPORT ON PREVALENCE OF GAMBLING AND PROBLEM GAMBLING IN NEW SOUTH WALES (2012) (“REPORT”)**

The Report made numerous findings but of those the most relevant were that:

- the demographic pattern of problem gamblers was more likely to involve men than women (1.4% of men compared with 0.1% of women) and young men (aged 12 – 24) were the most susceptible (2.4%);

- problem gambling was highest amongst single people (1.2% compared to 0.5% of those who were married or living as married);
- problem gambling was also associated with education level - problem gambling being lowest among those with university degrees (0.1%) and highest amongst those who left school before year 10 (2.6%);
- there was also a strong association with employment status, with problem gambling being more than three times higher amongst unemployed people (3.2%) than amongst those in full time work (1.0%). The figure was even lower for part-time workers, students, retirees/pensioners and others.

The ABS data showed that the Inner West LGA had a higher proportion of females than males in the total population. 38.2% of residents in the Inner West LGA are married and 15.7% indicated that they were in a de facto marriage. The proportion of those in de facto marriages was higher than the State average of 9.4% and the national average of 10.4%. The ABS data did not focus on persons who were “single”, as such, it is difficult to directly compare the report data with the ABS data and to draw reasonable conclusions as to the likelihood of problem gambling in the Inner West LGA in terms of the factor of being single.

The report indicated that education was another factor in the presence of problem gambling but the ABS data showed that 41.7% of Inner West LGA residents possessed a tertiary qualification of at least a Bachelor degree level and higher. That proportion of 41.7% was practically double than both the State and national averages of people who have attained a minimum of a Bachelor degree level of tertiary education. Additionally, 8.9% of LGA residents have attained an Advanced Diploma and Diploma level of tertiary education, which is on par with both the State and national averages. The ABS data does not focus on school leavers, accordingly, the number of people who left school before year 10 cannot be determined but the high proportion of people with a minimum of Bachelor degree qualifications should be relied on as an indicator of an overall above-average level of secondary school graduates. These statistics are also based on the entire Inner West LGA population, as such, those demographics which should not be taken into consideration, such as current school, university and college students are taken into account, thereby resulting in an artificially reduced representation of persons who have attained tertiary education.

The Productivity Commission findings at Chapter 5 provide an estimate as to the prevalence of problem gambling which demonstrates that problem gamblers account for an extreme minority of the Australian adult population (between 0.5% to 1% of adults). As the Lewisham suburb constitutes only one of five different wards in the Inner West LGA, the statistics from the Ogilvy Report were applied to Lewisham’s population to ensure that the scale of any potential for direct, negative impact as a

result of the approval of the Proposed Increase is properly assessed by limiting the scope of such a potential impact to the Lewisham suburb, and thereby excluding any distortion that would be introduced by inclusion of the other wards in the LGA. According to the census data obtained from ABS for Lewisham (included in Attachment 1), the suburb's population is 3,164. If the Ogilvy report's statistics are applied to the sum of 3,164 then approximately 31.64 people out of the total population 3,164 have the potential to develop problem gambling. Despite the fact that 31.64 is not significantly large, any presence or potential for problem gambling is taken seriously by the applicant who therefore seeks to negate, or at least minimise, any potential detrimental impact that the Proposed Increase may have on the local community by way of making a positive contribution.

### **POSITIVE CONTRIBUTION – S 36(3)(c)(i)**

This report additionally and further details the positive contribution that will be provided to the local community if the application is approved. The positive contribution will be made by way of a monetary donation to CatholicCare Sydney ("CatholicCare"), which is located not only within the LGA but within the same suburb as the Venue. CatholicCare is also a Gambling Help Counselling Services NSW provider.

CatholicCare also provides an array of other services targeting aged care, employment, family and individuals, children and youth, and community. More specifically some services include mental health services, chaplaincy in hospitals and correctional facilities, and counselling services for the community.

Advice was sought from Jonathan Melrose-Rae in CatholicCare's fundraising team, who advised us of the CCareline program. Upon querying the respective funding needs of CatholicCare's gambling counselling service program and the CCareline programs, Mr Melrose-Rae advised that the CCareline was in the greatest need of funding, thereby indicating that the full funds of the positive contribution would be allocated all to expanding the CCareline program.

An email dated 13 February 2018 from Mr Melrose-Rae is attached hereto as "Attachment 3" and describes the CCareline program. In summary, however, CCareline is a telephone counselling service that is relied upon mostly by the elderly, disadvantaged, people with disabilities and their carers and helps to provide a greater level of care and sense of connection in the community. The service is in high demand (1,417 telephone calls received in July 2017 alone) and services not only the local community but also broader communities in Sydney, however, the program is conducted in-house at CatholicCare's head office in Lewisham.

#### Calculation of amount of positive contribution

The amount of the positive contribution was calculated in accordance with the Bermingham Analysis as published by Suzanne Bermingham in July 2012, with specific regard to the Class 1 LIA criteria, and which has since then been the method by which applicants have been able to calculate an appropriate sum proportionate to the number of additional machines sought.

Relying on twelve months of gaming data from Maxgaming, the average gross profits per machine was used to calculate the proportion of 10.1% then multiplied by the number of proposed additional machines (in this case that number being 6), to arrive at a total donation sum of \$42,989.18. Despite this, the applicant proposes to donate the sum of \$48,000.00 ("Proposed Contribution").

## **NEGATIVE IMPACT ON THE LOCAL COMMUNITY**

There is a general potential negative impact that where additional gaming machines are available to play, there may be an increased risk for problem gambling to occur. The current operation of the machines at the Hotel reveals that it is very rarely, if at all, the case that all of the machines currently on the floor in the Hotel are ever used by patrons at any one point in time. The presence of increased machines, is therefore not necessarily expected to result in increased numbers of patrons using the gaming machines.

It is expected that the foreseeable impact of the Proposed Contribution on the local community will be of such a scale that proportionately it will be sufficient to offset any potential detrimental impact that the additional gaming machines may have on the local community. Furthermore, there is an indication from CatholicCare that the demand for other services, such as CCareline, is of a need that overshadows the need for funding of the gambling counselling service, thereby indicating that in the local community other social concerns are greater than problem gambling.

## **SUBMISSIONS FROM STAKEHOLDERS**

The Applicant is unaware of any specific community concerns but in the event any arise following advertising and notification requirements associated with the Application they will be addressed at that time.

## **CONCLUSION**

The Applicant submits that this Class 1 LIA accompanying the 'low range' Application satisfies the requirements of section 36(3) of the GMA, applicable regulations and guidelines for the Authority to approve the application.

## **Section 36(3)(a) and (b)**

The applicant submits that this LIA complies with the requirements of the Division and the regulations in relation to a class 1 LIA, and further submits that this LIA demonstrates that gambling activities in the Venue will be conducted responsibly.

### **Section 36(3)(c)(i)**

The Proposed Increase will result in a positive contribution towards the Inner West LGA by way of the Proposed Contribution to CatholicCare, which among other community services, is an approved gambling counselling services provider and also has its head office located in the same suburb as the Venue. The Proposed Contribution to CatholicCare, specifically towards their CCareline which has been identified as the program in greatest need of funding over their gambling counselling service, is such that the resulting positive impact on the local community will be sufficient to offset any potential detrimental impact caused by the Proposed Increase.

### **Section 36(3)(c)(ii)**

The Venue is not a new hotel or new club premises, accordingly, the question of whether the Venue is located in the immediate vicinity of a school, hospital or place of public worship is not a factor that should be considered in this circumstance. However, the applicant acknowledges that there is no such school, hospital or place of public worship that is in the immediate vicinity of the Venue.

### **Section 36(3)(c)(iii)**

Regulation 37 of the GMR sets out pre-application consultation requirements but also provides that the provision is applicable only to a class 2 LIA. As explained in the Introduction (page 3 of this LIA) on the basis that the Venue is situated in a Band 2 LGA and is seeking a low increase of its GMT, it was determined that a class 1 LIA was appropriate rather than a class 2 LIA. Therefore, we submit that reg. 37 is not applicable to this application.

Regulation 41 of the GMR provides for post-application consultation requirements. Each of these will be complied with.

Accordingly, the Applicant respectfully submits that as the elements for a LIA Class 1 are met the Application should be approved.

Chinese	14,711	5.9	514,594	5.2	1,213,903	3.9

The most common ancestries in Inner West (A) (Local Government Areas) were English 21.0%, Australian 16.7%, Irish 9.8%, Scottish 6.5% and Chinese 5.9%.

Respondents had the option of reporting up to two ancestries on their Census form, and this is captured by the Ancestry Multi Response (ANCP) variable used in this table. Therefore, the total responses count will not equal the persons count for this area. Calculated percentages represent a proportion of all responses from people in Inner West (A) (Local Government Areas) (including those who did not state an ancestry).

Country of birth	Inner West (A)	%	New South Wales	%	Australia	%
Australia	105,715	58.1	4,899,090	65.5	15,614,835	66.7
<i>Other top responses</i>						
England	8,007	4.4	226,564	3.0	907,570	3.9
China (excludes SARs and Taiwan)	6,373	3.5	234,508	3.1	509,555	2.2
New Zealand	4,160	2.3	117,136	1.6	518,466	2.2
Italy	3,222	1.8	49,476	0.7	174,042	0.7
Vietnam	3,204	1.8	84,130	1.1	219,355	0.9

In Inner West (A) (Local Government Areas), 58.1% of people were born in Australia. The most common countries of birth were England 4.4%, China (excludes SARs and Taiwan) 3.5%, New Zealand 2.3%, Italy 1.8% and Vietnam 1.8%.

Country of birth of father and/or mother, stated responses	Inner West (A)	%	New South Wales	%	Australia	%
Both parents born overseas	80,649	44.3	2,764,170	37.0	8,051,196	34.4
Father only born overseas	14,807	8.1	458,394	6.1	1,488,092	6.4
Mother only born overseas	10,561	5.8	325,182	4.3	1,094,591	4.7
Both parents born in Australia	61,496	33.8	3,399,725	45.4	11,070,538	47.3

In Inner West (A) (Local Government Areas), 33.8% of people had both parents born in Australia and 44.3% of people had both parents born overseas.

Country of birth of father, stated responses	Inner West (A)	%	New South Wales	%	Australia	%
Australia	72,314	39.7	3,745,787	50.1	12,231,150	52.3
England	11,064	6.1	359,370	4.8	1,403,096	6.0
China (excludes SARs and Taiwan)	9,109	5.0	332,465	4.4	704,658	3.0
Italy	6,736	3.7	128,148	1.7	470,138	2.0
New Zealand	5,146	2.8	143,450	1.9	617,331	2.6

In Inner West (A) (Local Government Areas), the most common countries of birth for male parents were Australia 39.7%, England 6.1%, China (excludes SARs and Taiwan) 5.0%, Italy 3.7% and New Zealand 2.8%.

Country of birth of mother, stated responses	Inner West (A)	%	New South Wales	%	Australia	%
Australia	76,759	42.2	3,884,762	51.9	12,643,365	54.0
England	9,536	5.2	322,472	4.3	1,302,147	5.6
China (excludes SARs and Taiwan)	8,993	4.9	329,967	4.4	699,074	3.0
Italy	5,848	3.2	107,243	1.4	395,775	1.7
New Zealand	5,221	2.9	139,899	1.9	608,329	2.6

In Inner West (A) (Local Government Areas), the most common countries of birth for female parents were Australia 42.2%, England 5.2%, China (excludes SARs and Taiwan) 4.9%, Italy 3.2% and New Zealand 2.9%.

Religious affiliation, top responses	Inner West (A)	%	New South Wales	%	Australia	%
No Religion, so described	73,564	40.4	1,879,562	25.1	6,933,708	29.6
Catholic	40,730	22.4	1,846,443	24.7	5,291,834	22.6
Not stated	19,549	10.7	684,969	9.2	2,238,735	9.6
Anglican	12,988	7.1	1,161,810	15.5	3,101,185	13.3
Eastern Orthodox	7,696	4.2	188,442	2.5	502,801	2.1

The most common responses for religion in Inner West (A) (Local Government Areas) were No Religion, so described 40.4%, Catholic 22.4%, Not stated 10.7%, Anglican 7.1% and Eastern Orthodox 4.2%. In

Inner West (A) (Local Government Areas), No Religion, so described was the largest religious group reported overall (45.3%) (this figure excludes not stated responses).

Language, top responses (other than English)	Inner West (A)	%	New South Wales	%	Australia	%
Mandarin	6,525	3.6	239,945	3.2	596,711	2.5
Greek	5,370	2.9	81,683	1.1	237,588	1.0
Italian	5,075	2.8	75,694	1.0	271,597	1.2
Vietnamese	3,723	2.0	102,896	1.4	277,400	1.2
Cantonese	3,473	1.9	143,333	1.9	280,943	1.2
English only spoken at home	117,284	64.4	5,126,633	68.5	17,020,417	72.7
Households where a non English language is spoken	23,379	31.4	735,563	26.5	1,971,011	22.2

In Inner West (A) (Local Government Areas), 64.4% of people only spoke English at home. Other languages spoken at home included Mandarin 3.6%, Greek 2.9%, Italian 2.8%, Vietnamese 2.0% and Cantonese 1.9%.

## People — employment

Employment <i>People who reported being in the labour force, aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
Worked full-time	67,813	64.8	2,134,521	59.2	6,623,065	57.7
Worked part-time	27,388	26.2	1,071,151	29.7	3,491,503	30.4
Away from work	4,372	4.2	174,654	4.8	569,276	5.0
Unemployed	5,021	4.8	225,546	6.3	787,452	6.9

There were 104,594 people who reported being in the labour force in the week before Census night in Inner West (A) (Local Government Areas). Of these 64.8% were employed full time, 26.2% were employed part-time and 4.8% were unemployed.

The ABS Labour Force Survey provides the official estimates of Australia's unemployment rate. More information about Census and labour force status is provided in Understanding the Census and Census Data.

Employment - hours worked <i>Employed people aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
1-15 hours per week	8,232	8.3	364,637	10.8	1,218,823	11.4
16-24 hours per week	9,775	9.8	352,817	10.4	1,079,236	10.1
25-34 hours per week	9,378	9.4	353,702	10.5	1,193,445	11.2
35-39 hours per week	17,429	17.5	645,428	19.1	2,031,263	19.0
40 hours or more per week	50,384	50.6	1,489,099	44.1	4,591,801	43.0

Of employed people in Inner West (A) (Local Government Areas), 8.3% worked 1 to 15 hours, 9.8% worked 16 to 24 hours and 50.6% worked 40 hours or more.

Occupation <i>Employed people aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
Professionals	37,401	37.6	798,126	23.6	2,370,966	22.2
Managers	16,318	16.4	456,084	13.5	1,390,047	13.0
Clerical and Administrative Workers	12,773	12.8	467,977	13.8	1,449,681	13.6
Technicians and Trades Workers	8,446	8.5	429,239	12.7	1,447,414	13.5
Community and Personal Service Workers	8,446	8.5	350,261	10.4	1,157,003	10.8
Sales Workers	7,250	7.3	311,414	9.2	1,000,955	9.4
Labourers	4,862	4.9	297,887	8.8	1,011,520	9.5
Machinery Operators and Drivers	2,467	2.5	206,839	6.1	670,106	6.3

The most common occupations in Inner West (A) (Local Government Areas) included Professionals 37.6%, Managers 16.4%, Clerical and Administrative Workers 12.8%, Technicians and Trades Workers 8.5%, and Community and Personal Service Workers 8.5%.

Industry of employment, top responses <i>Employed people aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
Hospitals (except Psychiatric Hospitals)	3,654	3.7	119,350	3.5	411,808	3.9
Higher Education	3,575	3.6	46,246	1.4	155,985	1.5
Cafes and Restaurants	3,013	3.0	80,552	2.4	253,385	2.4
Banking	2,933	2.9	63,678	1.9	144,232	1.3
Computer System Design and Related Services	2,816	2.8	63,717	1.9	162,884	1.5

Of the employed people in Inner West (A) (Local Government Areas), 3.7% worked in Hospitals (except Psychiatric Hospitals). Other major industries of employment included Higher Education 3.6%, Cafes and Restaurants 3.0%, Banking 2.9% and Computer System Design and Related Services 2.8%.

Median weekly incomes <i>People aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
Personal	957	--	664	--	662	--
Family	2,498	--	1,780	--	1,734	--
Household	2,048	--	1,486	--	1,438	--

The median weekly personal income for people aged 15 years and over in Inner West (A) (Local Government Areas) was \$957.

Travel to work, top responses <i>Employed people aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
Car, as driver	35,225	35.4	1,953,399	57.8	6,574,571	61.5
Train	19,012	19.1	252,786	7.5	488,012	4.6
Bus	9,986	10.0	133,903	4.0	323,201	3.0
Walked only	5,181	5.2	130,957	3.9	370,427	3.5
Worked at home	4,618	4.6	163,026	4.8	503,582	4.7
People who travelled to work by public transport	38,019	38.2	540,215	16.0	1,225,668	11.5
People who travelled to work by car as driver or passenger	39,875	40.0	2,182,854	64.6	7,305,271	68.4

In Inner West (A) (Local Government Areas), on the day of the Census, the most common methods of travel to work for employed people were: Car, as driver 35.4%, Train 19.1% and Bus 10.0%. Other common responses were Walked only 5.2% and Worked at home 4.6%. On the day, 38.2% of employed people used public transport (train, bus, ferry, tram/light rail) as at least one of their methods of travel to work and 40.0% used car (either as driver or as passenger).

Unpaid work <i>People aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
Did unpaid domestic work (last week)	110,876	71.9	4,127,723	67.7	13,143,914	69.0
Cared for child/children (last two weeks)	36,874	23.9	1,659,250	27.2	5,259,400	27.6
Provided unpaid assistance to a person with a disability (last two weeks)	15,582	10.1	709,415	11.6	2,145,203	11.3
Did voluntary work through an organisation or group (last 12 months)	29,105	18.9	1,103,790	18.1	3,620,726	19.0

In Inner West (A) (Local Government Areas), of people aged 15 years and over, 71.9% did unpaid domestic work in the week before the Census. During the two weeks before the Census, 23.9% provided care for children and 10.1% assisted family members or others due to a disability, long term illness or problems related to old age. In the year before the Census, 18.9% of people did voluntary work through an organisation or a group.

Unpaid domestic work, number of hours <i>People aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
Less than 5 hours per week	44,478	28.9	1,359,656	22.3	4,298,593	22.6
5 to 14 hours per week	43,673	28.3	1,531,206	25.1	4,944,578	26.0
15 to 29 hours per week	14,330	9.3	690,934	11.3	2,189,776	11.5
30 hours or more per week	8,397	5.4	545,925	9.0	1,710,970	9.0

Of people who did unpaid domestic work in the week before the Census in Inner West (A) (Local Government Areas), 28.3% worked 5 to 14 hours, 9.3% worked 15 to 29 hours and 5.4% worked 30 hours or more.

## Families — family composition

Family composition	Inner West (A)	%	New South Wales	%	Australia	%
Couple family without children	18,322	41.2	709,524	36.6	2,291,987	37.8
Couple family with children	18,951	42.6	887,358	45.7	2,716,224	44.7
One parent family	6,109	13.7	310,906	16.0	959,543	15.8
Other family	1,077	2.4	32,438	1.7	102,559	1.7

Of the families in Inner West (A) (Local Government Areas), 42.6% were couple families with children, 41.2% were couple families without children and 13.7% were one parent families.

Single (or lone) parents <i>Proportion of the total single (or lone) parent population</i>	Inner West (A)	%	New South Wales	%	Australia	%
Male	--	17.5	--	17.8	--	18.2
Female	--	82.5	--	82.2	--	81.8

In Inner West (A) (Local Government Areas), 17.5% of single parents were male and 82.5% were female.

## Families — employment status of couple families

Employment status of parents in couple families <i>Labour force, parents or partners aged 15 years and over</i>	Inner West (A)	%	New South Wales	%	Australia	%
Both employed, worked full-time	12,164	32.6	360,916	22.6	1,084,006	21.6
Both employed, worked part-time	1,550	4.2	63,106	4.0	203,596	4.1
One employed full-time, one part-time	8,031	21.5	329,567	20.6	1,086,460	21.7
One employed full-time, other not working	5,021	13.5	240,084	15.0	749,886	15.0
One employed part-time, other not working	1,681	4.5	96,933	6.1	302,037	6.0
Both not working	4,541	12.2	334,742	21.0	1,006,697	20.1
Other (includes away from work)	2,004	5.4	80,905	5.1	264,145	5.3
Labour force status not stated (by one or both parents in a couple family)	2,279	6.1	90,630	5.7	311,381	6.2

In Inner West (A) (Local Government Areas), of couple families with children, 32.6% had both partners employed full-time, 4.2% had both employed part-time and 21.5% had one employed full-time and the other part-time.

The ABS Labour Force Survey provides the official estimates of Australia's unemployment rate. More information about Census and labour force status is provided in Understanding the Census and Census Data.

## Dwellings — dwelling structure

*Dwelling tables exclude visitor only and other non-classifiable households*

Dwelling count	Inner West (A)	%	New South Wales	%	Australia	%
Occupied private dwellings	68,810	91.9	2,604,320	90.1	8,286,073	88.8
Unoccupied private dwellings	6,080	8.1	284,741	9.9	1,039,874	11.2

In Inner West (A) (Local Government Areas), 91.9% of private dwellings were occupied and 8.1% were unoccupied.

Dwelling structure <i>Occupied private dwellings</i>	Inner West (A)	%	New South Wales	%	Australia	%
Separate house	17,252	25.1	1,729,820	66.4	6,041,788	72.9
Semi-detached, row or terrace house, townhouse etc	22,583	32.8	317,453	12.2	1,055,016	12.7
Flat or apartment	27,348	39.7	519,390	19.9	1,087,434	13.1
Other dwelling	1,037	1.5	23,580	0.9	64,425	0.8

Of occupied private dwellings in Inner West (A) (Local Government Areas), 25.1% were separate houses, 32.8% were semi-detached, row or terrace houses, townhouses etc, 39.7% were flat or apartments and 1.5% were other dwellings.

Number of bedrooms <i>Occupied private dwellings</i>	Inner West (A)	%	New South Wales	%	Australia	%
None (includes bedsitters)	1,101	1.6	17,157	0.7	39,769	0.5
1 bedroom	9,149	13.3	157,194	6.0	411,252	5.0
2 bedrooms	26,999	39.2	577,675	22.2	1,562,759	18.9
3 bedrooms	20,521	29.8	970,001	37.2	3,403,190	41.1
4 or more bedrooms	9,237	13.4	816,405	31.3	2,670,758	32.2
Number of bedrooms not stated	1,791	2.6	65,888	2.5	198,351	2.4
Average number of bedrooms per dwelling	2.5	--	3	--	3.1	--
Average number of people per household	2.4	--	2.6	--	2.6	--

In Inner West (A) (Local Government Areas), of occupied private dwellings 13.3% had 1 bedroom, 39.2% had 2 bedrooms and 29.8% had 3 bedrooms. The average number of bedrooms per occupied private dwelling was 2.5. The average household size was 2.4 people.

Tenure <i>Occupied private dwellings</i>	Inner West (A)	%	New South Wales	%	Australia	%
Owned outright	16,990	24.7	839,665	32.2	2,565,695	31.0
Owned with a mortgage	19,565	28.4	840,004	32.3	2,855,222	34.5
Rented	30,003	43.6	826,922	31.8	2,561,302	30.9
Other tenure type	319	0.5	23,968	0.9	78,994	1.0
Tenure type not stated	1,919	2.8	73,763	2.8	224,869	2.7

Of occupied private dwellings in Inner West (A) (Local Government Areas), 24.7% were owned outright, 28.4% were owned with a mortgage and 43.6% were rented.

## Dwellings — household composition

Household composition	Inner West (A)	%	New South Wales	%	Australia	%
Family households	43,456	63.2	1,874,524	72.0	5,907,625	71.3
Single (or lone) person households	18,946	27.5	620,778	23.8	2,023,542	24.4
Group households	6,401	9.3	109,004	4.2	354,917	4.3

In Inner West (A) (Local Government Areas), of all households, 63.2% were family households, 27.5% were single person households and 9.3% were group households.

Household income	Inner West (A)	%	New South Wales	%	Australia	%
Less than \$650 gross weekly income	--	14.3	--	19.7	--	20.0
More than \$3000 gross weekly income	--	31.2	--	18.7	--	16.4

In Inner West (A) (Local Government Areas), 14.3% of households had a weekly household income of less than \$650 and 31.2% of households had a weekly income of more than \$3000.

## Dwellings — mortgage &amp; rent

Proportions are calculated using all tenure types for occupied private dwellings. This excludes visitor only and other non-classifiable households.

Rent weekly payments	Inner West (A)	%	New South Wales	%	Australia	%
Median rent	480	--	380	--	335	--
Households where rent payments are less than 30% of household income	--	84.1	--	87.1	--	88.5
Households with rent payments greater than or equal to 30% of household income	--	15.9	--	12.9	--	11.5

The number of households where rent payments were 30% or more of an imputed income measure are expressed in this table as a proportion of the total number of households in an area (including those households which were not renting, and excluding the small proportion of visitor-only and other non-classifiable households). The nature of the income imputation means that the reported proportion may significantly overstate the true proportion.

Mortgage monthly repayments	Inner West (A)	%	New South Wales	%	Australia	%
Median mortgage repayments	2,600	--	1,986	--	1,755	--
Households where mortgage repayments are less than 30% of household income	--	94.2	--	92.6	--	92.8
Households with mortgage repayments greater than or equal to 30% of household income	--	5.8	--	7.4	--	7.2

The number of households where mortgage repayments were 30% or more of an imputed income measure are expressed in this table as a proportion of the total number of households in an area (including those households which were renting, and excluding the small proportion of visitor only and other non-classifiable households). The nature of the income imputation means that the reported proportion may significantly overstate the true proportion.

## Dwellings — number of motor vehicles

Number of registered motor vehicles	Inner West (A)	%	New South Wales	%	Australia	%
None	11,931	17.3	239,625	9.2	623,829	7.5
1 motor vehicle	33,604	48.8	946,159	36.3	2,881,485	34.8
2 motor vehicles	16,655	24.2	887,849	34.1	2,999,184	36.2
3 or more vehicles	4,282	6.2	435,053	16.7	1,496,382	18.1
Number of motor vehicles not stated	2,332	3.4	95,623	3.7	285,197	3.4

In Inner West (A) (Local Government Areas), 48.8% of occupied private dwellings had one registered motor vehicle garaged or parked at their address, 24.2% had two registered motor vehicles and 6.2% had three or more registered motor vehicles.

## Dwellings — internet connection

Dwelling internet connection	Inner West (A)	%	New South Wales	%	Australia	%
Internet not accessed from dwelling	7,164	10.4	381,709	14.7	1,172,415	14.1
Internet accessed from dwelling	59,727	86.8	2,149,040	82.5	6,892,165	83.2
Not stated	1,911	2.8	73,565	2.8	221,494	2.7

In Inner West (A) (Local Government Areas), 86.8% of households had at least one person access the internet from the dwelling. This could have been through a desktop/laptop computer, mobile or smart phone, tablet, music or video player, gaming console, smart TV or any other device.

## People characteristics - Aboriginal and/or Torres Strait Islander peoples

<b>People characteristics</b> <i>Count based on place of usual residence on Census night.</i>	<b>Inner West (A)</b>		<b>New South Wales</b>		<b>Australia</b>	
		%		%		%
Male	935	46.1	107,368	49.7	322,171	49.6
Female	1,094	53.9	108,809	50.3	326,996	50.4
Median age	29	--	22	--	23	--

In Inner West (A) (Local Government Areas), 46.1% of Aboriginal and/or Torres Strait Islander people were male and 53.9% were female. The median age was 29 years.

## Dwelling characteristics - Aboriginal and/or Torres Strait Islander households

*Dwelling tables exclude visitor only and other non-classifiable households*

<b>Dwelling characteristics</b> <i>Occupied private dwellings where at least one person was Aboriginal and/or Torres Strait Islander</i>	<b>Inner West (A)</b>		<b>New South Wales</b>		<b>Australia</b>	
		%		%		%
Average number of people per household	2.6	--	3.1	--	3.2	--
Average number of persons per bedroom	1.1	--	1	--	1	--
Median weekly household income	1,625	--	1,214	--	1,203	--

There has been change in methodology used to calculate the average number of persons per bedroom. To compare the time series for average number of persons per bedroom please refer to Understanding the Census and Census Data

In Inner West (A) (Local Government Areas), for dwellings occupied by Aboriginal and/or Torres Strait Islander people, the average household size was 2.6 persons, with 1.1 persons per bedroom. The median household income was \$1,625.

<b>Mortgage and rent</b> <i>Occupied private dwellings where at least one person was Aboriginal and/or Torres Strait Islander</i>	<b>Inner West (A)</b>		<b>New South Wales</b>		<b>Australia</b>	
		%		%		%
Median weekly rent	400	--	270	--	250	--
Median monthly mortgage repayments	2,700	--	1,733	--	1,660	--

In Inner West (A) (Local Government Areas), for dwellings occupied by Aboriginal and/or Torres Strait Islander people, the median weekly rent was \$400 and the median monthly mortgage repayment was \$2,700.

LATEST ISSUE Released at 11:30 AM (AEST) 23/10/2017

Small random adjustments have been made to all cell values to protect the confidentiality of data. These adjustments may cause the sum of rows or columns to differ by small amounts from the table totals. For further information, go to the User Guide for QuickStats.

Data reported for Australia and Other Territories now includes Norfolk Island, following an amendment to the *Acts Interpretation Act, 1901*. Because Norfolk Island has not previously been included in the Census, any 2011 benchmarks will not include Norfolk Island.

The information contained in this QuickStat has been produced by the Australian Bureau of Statistics | It contains data from the 2016 Census of Population & Housing held on 9 August 2016 | Release date of this QuickStat was 23 October 2017 | Some values may have been adjusted to avoid release of confidential data | These adjustments may have a significant impact on the calculated percentages in QuickStats | For more information refer to Introduced Random Error in the 2016 Census Dictionary. In Lewisham (NSW) (State Suburbs), on the day of the Census, the most common methods of travel to work for employed people were: Train 32.9%, Car, as driver 31.2% and Worked at home 5.2%. Other common responses were Bus 3.5% and Walked only 3.4%. On the day, 43.4% of employed people used public transport (train, bus, ferry, tram/light rail) as at least one of their methods of travel to work and 35.1% used car (either as driver or as passenger).

Unpaid work <i>People aged 15 years and over</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Did unpaid domestic work (last week)	2,040	74.1	4,127,723	67.7	13,143,914	69.0
Cared for child/children (last two weeks)	572	20.8	1,659,250	27.2	5,259,400	27.6
Provided unpaid assistance to a person with a disability (last two weeks)	284	10.3	709,415	11.6	2,145,203	11.3
Did voluntary work through an organisation or group (last 12 months)	501	18.2	1,103,790	18.1	3,620,726	19.0

In Lewisham (NSW) (State Suburbs), of people aged 15 years and over, 74.1% did unpaid domestic work in the week before the Census. During the two weeks before the Census, 20.8% provided care for children and 10.3% assisted family members or others due to a disability, long term illness or problems related to old age. In the year before the Census, 18.2% of people did voluntary work through an organisation or a group.

Unpaid domestic work, number of hours <i>People aged 15 years and over</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Less than 5 hours per week	895	32.5	1,359,656	22.3	4,298,593	22.6
5 to 14 hours per week	794	28.9	1,531,206	25.1	4,944,578	26.0
15 to 29 hours per week	221	8.0	690,934	11.3	2,189,776	11.5
30 hours or more per week	128	4.7	545,925	9.0	1,710,970	9.0

Of people who did unpaid domestic work in the week before the Census in Lewisham (NSW) (State Suburbs), 28.9% worked 5 to 14 hours, 8.0% worked 15 to 29 hours and 4.7% worked 30 hours or more.

## Families — family composition

Family composition	Lewisham (NSW)	%	New South Wales	%	Australia	%
Couple family without children	335	44.8	709,524	36.6	2,291,987	37.8
Couple family with children	293	39.2	887,358	45.7	2,716,224	44.7
One parent family	103	13.8	310,906	16.0	959,543	15.8
Other family	17	2.3	32,438	1.7	102,559	1.7

Of the families in Lewisham (NSW) (State Suburbs), 39.2% were couple families with children, 44.8% were couple families without children and 13.8% were one parent families.

Single (or lone) parents <i>Proportion of the total single (or lone) parent population</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Male	--	18.6	--	17.8	--	18.2
Female	--	81.4	--	82.2	--	81.8

In Lewisham (NSW) (State Suburbs), 18.6% of single parents were male and 81.4% were female.

## Families — employment status of couple families

Employment status of parents in couple families <i>Labour force, parents or partners aged 15 years and over</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Both employed, worked full-time	229	36.6	360,916	22.6	1,084,006	21.6
Both employed, worked part-time	20	3.2	63,106	4.0	203,596	4.1
One employed full-time, one part-time	141	22.5	329,567	20.6	1,086,460	21.7
One employed full-time, other not working	82	13.1	240,084	15.0	749,886	15.0
One employed part-time, other not working	20	3.2	96,933	6.1	302,037	6.0
Both not working	68	10.9	334,742	21.0	1,006,697	20.1
Other (includes away from work)	30	4.8	80,905	5.1	264,145	5.3
Labour force status not stated (by one or both parents in a couple family)	36	5.8	90,630	5.7	311,381	6.2

In Lewisham (NSW) (State Suburbs), of couple families with children, 36.6% had both partners employed full-time, 3.2% had both employed part-time and 22.5% had one employed full-time and the other part-time.

The ABS Labour Force Survey provides the official estimates of Australia's unemployment rate. More information about Census and labour force status is provided in Understanding the Census and Census Data.

## Dwellings — dwelling structure

*Dwelling tables exclude visitor only and other non-classifiable households*

Dwelling count	Lewisham (NSW)	%	New South Wales	%	Australia	%
Occupied private dwellings	1,213	90.3	2,604,320	90.1	8,286,073	88.8
Unoccupied private dwellings	131	9.7	284,741	9.9	1,039,874	11.2

In Lewisham (NSW) (State Suburbs), 90.3% of private dwellings were occupied and 9.7% were unoccupied.

Dwelling structure <i>Occupied private dwellings</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Separate house	455	37.5	1,729,820	66.4	6,041,788	72.9
Semi-detached, row or terrace house, townhouse etc	227	18.7	317,453	12.2	1,055,016	12.7
Flat or apartment	496	40.9	519,390	19.9	1,087,434	13.1
Other dwelling	21	1.7	23,580	0.9	64,425	0.8

Of occupied private dwellings in Lewisham (NSW) (State Suburbs), 37.5% were separate houses, 18.7% were semi-detached, row or terrace houses, townhouses etc, 40.9% were flat or apartments and 1.7% were other dwellings.

Number of bedrooms <i>Occupied private dwellings</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
None (includes bedsitters)	20	1.7	17,157	0.7	39,769	0.5
1 bedroom	220	18.2	157,194	6.0	411,252	5.0
2 bedrooms	420	34.7	577,675	22.2	1,562,759	18.9
3 bedrooms	363	30.0	970,001	37.2	3,403,190	41.1
4 or more bedrooms	161	13.3	816,405	31.3	2,670,758	32.2
Number of bedrooms not stated	27	2.2	65,888	2.5	198,351	2.4
Average number of bedrooms per dwelling	2.4	--	3	--	3.1	--
Average number of people per household	2.3	--	2.6	--	2.6	--

In Lewisham (NSW) (State Suburbs), of occupied private dwellings 18.2% had 1 bedroom, 34.7% had 2 bedrooms and 30.0% had 3 bedrooms. The average number of bedrooms per occupied private dwelling was 2.4. The average household size was 2.3 people.

Tenure <i>Occupied private dwellings</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Owned outright	281	23.0	839,665	32.2	2,565,695	31.0
Owned with a mortgage	356	29.1	840,004	32.3	2,855,222	34.5
Rented	545	44.6	826,922	31.8	2,561,302	30.9
Other tenure type	6	0.5	23,968	0.9	78,994	1.0
Tenure type not stated	34	2.8	73,763	2.8	224,869	2.7

Of occupied private dwellings in Lewisham (NSW) (State Suburbs), 23.0% were owned outright, 29.1% were owned with a mortgage and 44.6% were rented.

### Dwellings — household composition

Household composition	Lewisham (NSW)	%	New South Wales	%	Australia	%
Family households	743	61.2	1,874,524	72.0	5,907,625	71.3
Single (or lone) person households	340	28.0	620,778	23.8	2,023,542	24.4
Group households	131	10.8	109,004	4.2	354,917	4.3

In Lewisham (NSW) (State Suburbs), of all households, 61.2% were family households, 28.0% were single person households and 10.8% were group households.

Household income	Lewisham (NSW)	%	New South Wales	%	Australia	%
Less than \$650 gross weekly income	--	15.9	--	19.7	--	20.0
More than \$3000 gross weekly income	--	28.5	--	18.7	--	16.4

In Lewisham (NSW) (State Suburbs), 15.9% of households had a weekly household income of less than \$650 and 28.5% of households had a weekly income of more than \$3000.

### Dwellings — mortgage & rent

Proportions are calculated using all tenure types for occupied private dwellings. This excludes visitor only and other non-classifiable households.

Rent weekly payments	Lewisham (NSW)	%	New South Wales	%	Australia	%
Median rent	470	--	380	--	335	--
Households where rent payments are less than 30% of household income	--	82.2	--	87.1	--	88.5
Households with rent payments greater than or equal to 30% of household income	--	17.8	--	12.9	--	11.5

The number of households where rent payments were 30% or more of an imputed income measure are expressed in this table as a proportion of the total number of households in an area (including those households which were not renting, and excluding the small proportion of visitor-only and other non-classifiable households). The nature of the income imputation means that the reported proportion may significantly overstate the true proportion.

Mortgage monthly repayments	Lewisham (NSW)	%	New South Wales	%	Australia	%
Median mortgage repayments	2,510	--	1,986	--	1,755	--
Households where mortgage repayments are less than 30% of household income	--	93.9	--	92.6	--	92.8
Households with mortgage repayments greater than or equal to 30% of household income	--	6.1	--	7.4	--	7.2

The number of households where mortgage repayments were 30% or more of an imputed income measure are expressed in this table as a proportion of the total number of households in an area (including those households which were renting, and excluding the small proportion of visitor only and other non-classifiable households). The nature of the income imputation means that the reported proportion may significantly overstate the true proportion.

### Dwellings — number of motor vehicles

Number of registered motor vehicles	Lewisham (NSW)	%	New South Wales	%	Australia	%
None	236	19.3	239,625	9.2	623,829	7.5
1 motor vehicle	620	50.7	946,159	36.3	2,881,485	34.8
2 motor vehicles	281	23.0	887,849	34.1	2,999,184	36.2
3 or more vehicles	53	4.3	435,053	16.7	1,496,382	18.1
Number of motor vehicles not stated	34	2.8	95,623	3.7	285,197	3.4

In Lewisham (NSW) (State Suburbs), 50.7% of occupied private dwellings had one registered motor vehicle garaged or parked at their address, 23.0% had two registered motor vehicles and 4.3% had three or more registered motor vehicles.

### Dwellings — internet connection

Dwelling internet connection	Lewisham (NSW)	%	New South Wales	%	Australia	%
Internet not accessed from dwelling	116	9.6	381,709	14.7	1,172,415	14.1
Internet accessed from dwelling	1,068	88.0	2,149,040	82.5	6,892,165	83.2

Not stated 30 2.5 73,565 2.8 221,494 2.7

In Lewisham (NSW) (State Suburbs), 88.0% of households had at least one person access the internet from the dwelling. This could have been through a desktop/laptop computer, mobile or smart phone, tablet, music or video player, gaming console, smart TV or any other device.

## People characteristics - Aboriginal and/or Torres Strait Islander peoples

People characteristics <i>Count based on place of usual residence on Census night</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Male	24	47.1	107,368	49.7	322,171	49.6
Female	27	52.9	108,809	50.3	326,996	50.4
Median age	29	--	22	--	23	--

In Lewisham (NSW) (State Suburbs), 47.1% of Aboriginal and/or Torres Strait Islander people were male and 52.9% were female. The median age was 29 years.

## Dwelling characteristics - Aboriginal and/or Torres Strait Islander households

*Dwelling tables exclude visitor only and other non-classifiable households*

Dwelling characteristics <i>Occupied private dwellings where at least one person was Aboriginal and/or Torres Strait Islander</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Average number of people per household	2	--	3.1	--	3.2	--
Average number of persons per bedroom	1.1	--	1	--	1	--
Median weekly household income	1,312	--	1,214	--	1,203	--

There has been change in methodology used to calculate the average number of persons per bedroom. To compare the time series for average number of persons per bedroom please refer to Understanding the Census and Census Data

In Lewisham (NSW) (State Suburbs), for dwellings occupied by Aboriginal and/or Torres Strait Islander people, the average household size was 2 persons, with 1.1 persons per bedroom. The median household income was \$1,312.

Mortgage and rent <i>Occupied private dwellings where at least one person was Aboriginal and/or Torres Strait Islander</i>	Lewisham (NSW)	%	New South Wales	%	Australia	%
Median weekly rent	420	--	270	--	250	--
Median monthly mortgage repayments	0	--	1,733	--	1,660	--

In Lewisham (NSW) (State Suburbs), for dwellings occupied by Aboriginal and/or Torres Strait Islander people, the median weekly rent was \$420 and the median monthly mortgage repayment was \$0.

LATEST ISSUE Released at 11:30 AM (AEST) 23/10/2017

Small random adjustments have been made to all cell values to protect the confidentiality of data. These adjustments may cause the sum of rows or columns to differ by small amounts from the table totals. For further information, go to the User Guide for QuickStats.

Data reported for Australia and Other Territories now includes Norfolk Island, following an amendment to the *Acts Interpretation Act, 1901*. Because Norfolk Island has not previously been included in the Census, any 2011 benchmarks will not include Norfolk Island.

The Information contained in this QuickStat has been produced by the Australian Bureau of Statistics | It contains data from the 2016 Census of Population & Housing held on 9 August 2016 | Release date of this QuickStat was 23 October 2017 | Some values may have been adjusted to avoid release of confidential data | These adjustments may have a significant impact on the calculated percentages in QuickStats | For more information refer to Introduced Random Error in the 2016 Census Dictionary. Hello Ellie

In reviewing the request we felt that the ClubCare program wasn't appropriate in this instance.

The donation would be directed to the area of greatest need – CCareline. And as such, of course, as a DGS1 charity we are able to provide the tax deductible receipt.

Regards

Jonathan

Thank you for your email, Jonathan. Does this mean that if the donation is made it will be split 50/50 between the CCareline and Club Care programs? Please advise on the proposed proportions.

Yours sincerely

Hello Ellie

Thank you for your patience in regards to this enquiry. I now have a response.

As an organisation, CatholicCare reviewed our programs and considered the most suitable and applicable program for the application.

The area of greatest need is CCareline. CCareline is both a triage and case management based support program that is conducted in house in our offices in Lewisham for the benefit of both the local and broader communities of Sydney.

#### **CCareline**

The stresses of modern life are something most of us experience, but for the elderly, the disadvantaged, people with disabilities and their carers, it can be especially hard to understand how to access the support that's available to them. It's why our telephone service, CCareline, plays such an important role in caring for, and connecting, our community.

*"It's lovely to talk to someone who is happy and we are not treated like a number." - Anonymous Caller*

CCareline is a service in high demand. In July 2017 alone it received 1,417 calls 277 email contacts.

#### **A New Line of Care**

When you're in crisis, or simply need help, it can be difficult to know who to turn to. CCareline offers immediate advice, counselling and guidance to help the most vulnerable in our community connect with support. With our interpreters on hand, even language isn't a barrier to getting the help you need. CCareline was established in January 2017, specifically to help people navigate the new government systems for aged care (My Aged Care) and disability (NDIS). It has since extended to include family services, helping vulnerable families to find immediate help and support in times of crisis. Between 8am and 8pm Monday to Friday, people who need us can reach us, and by doing so, can be heard.

Not only do we listen, we are also there to offer practical advice and make recommendations as to where they can find further help specific to their situation. Offering advice, advocacy and a link to many support services, CCareline is in many ways a lifeline for people and families who urgently need help.

#### **Navigating difficult pathways**

Whether it's understanding the NDIS or My Aged Care, locating family support services, or being connected with the service best able to assist, CCareline can help guide people through the increasingly complex social and health services.

To know we are only a phone call away, is in itself a comfort in times of distress. To know that we will listen, and help you have your voice heard, can make all the difference. CCareline staff not only know how to navigate the Government's services, they are also there to advocate for the wellbeing of our most vulnerable families, people with disabilities and the aged. Trained counsellors who work within the team can offer calm and reassurance in distressing times.

### Help for Parents and Carers

The challenges of parenting, managing budgets and providing safe and happy homes are difficult for everyone. They are especially challenging for those who are financially vulnerable or at risk of homelessness and violence. CCareline is helping these families to access the support that's available to them, and to understand who can help them when financial or emotional

pressures become overwhelming. By being available, we are able to help families when they need us most. To be able to quickly and confidentially access CCareline, means we can help families before the situation gets worse.

To be able to keep CCareline active, and ready to offer immediate guidance, counselling and support, we need partners like the Livingstone Hotel.

When the most vulnerable in our community are supported, we all enjoy a stronger, more compassionate community.

Thank you for your opportunity and I look forward to hearing from you.

Regards

Jonathan
