Dear Sir/Madam

I am writing as a GP and as a resident of Hamilton to strongly oppose any change to the current conditions in place on inner city pubs and bars.

There is strong evidence to show the reduction in opening hours and the tightening of liquor serving has markedly reduced the incidence of violence and crime.

Why would this be changed? Only to serve the monetary needs of the institutions which are lobbying for these changes.

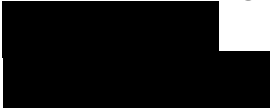

Money versus people's health/well being.

Frighteningly more and more a modern day conundrum in our current political climate .

Please say NO to any alterations in current conditions.

Regards

Dr Jane Morgan
