My name is sean.

Lockout came to be when i just turned 18. I have never known newcastle to be a violent, antisocial nightlife, in saying that, i never experienced the newcastle before this time.

As an industry professional, i would love to see more activity at night in this town. It is time to leave the past behind, and move forward, to the art driven, hospitality hub this town has become to be. Not reviewing the lockout law will only leave us in the dark, behind every other state who has similar laws and practices.
